**The Son of Man in Mark's Gospel** David Forrest Mitchell, 2020-01-09 Many scholars disagree about what was meant by Jesus's intriguing self designation the Son of Man This book attempts to find some clarity by working through every example of the phrase in the Gospel of Mark to determine how the phrase functions and what it means in that narrative While every use of the phrase is self referential and describes Jesus and his ministry the analysis yields three main distinctions in use of the phrase as well as three significant unifying features The book then moves to explore whether despite of the skepticism of some scholars there is some background for the phrase in the book of Ezekiel's use of son of man in relation to basic form and function and to thematic import

Thessalonians without presuppositions about authorship in order to give full attention to the shape of each letter's eschatological teaching. In doing so the author is able to provide the first extensive and detailed comparison of their eschatologies and to determine to what extent they are compatible with each other. She also traces the tradition history of the eschatological material in 1 and 2 Thessalonians, exploring shared imagery, themes and language between the Thessalonian correspondence and the Synoptic Gospels. This all contributes to a full reassessment of the historical setting and literary and theological relationship of these two letters.

**Jesus of Nazareth: Lord and Christ** Joel B. Green, Max Turner, 1999-01-20

The problem of the historical Jesus remains one of the most important themes in New Testament scholarship. Closely related to this problem is the question: How far can the impact made by the earthly Jesus and his own self-understanding sustain the weight of the Christological construction put upon them by the early church? In the past two decades some scholars have taken an increasingly gloomy attitude toward the possibility of knowing anything of substance about Jesus from the Gospels, or at the opposite extreme have sometimes made outlandish claims about him. Others like the contributors to this volume have begun moving the discussion into fresh areas of creative responsible inquiry.

The Trinity and the Bible J. Alexander Rutherford, 2022-10-14

To write on the Trinity is to enter a minefield of presuppositions: presuppositions of theology, exegesis, grammar, logic, philosophy, etc. However, at the heart of God's self-revelation in the Bible is God's tri-unity: that God is three—Father, Son, and Holy Spirit. Confessional Christians would identify this claim that God is Triune as a necessary condition of true Christian faith. To be Christian is to follow Christ, who is the 2nd person of the Trinity. Yet does following this Christ mean following the 2nd hypostasis, who is eternally begotten of the Father, sharing with him his *ousia*? That is a more difficult question isn't it? Indeed, many faithful men and women in my life could not make heads or tails of the latter claim while worshipping and following the Christ of the former. So what does it mean to be Trinitarian? This book is about that question: what does it mean to be a Christian who worships a triune God, to be Trinitarian? Is the Trinity a doctrine arrived at through second-order reflection on the Biblical data, several hundred years after the canon closed, or is it something else? Is it perhaps a presupposition about the reality of God that has shaped the Christian imagination that has shaped the framework Christians bring to the world throughout created history?

**O Woman, Great is Your Faith!** Douglas Sean

O'Donnell, 2021-08-26

The concept of faith holds a central position in New Testament and early Christian thought, yet this concept has not received the careful attention it deserves in the Synoptic Gospels. The present study offers a comprehensive analysis of faith as a key motif in the Gospel of Matthew, where it plays a major role in communicating this Gospel's vision for how readers should respond to the person and message of Jesus. The argument propounded is that Matthew's unique narrative portrayal of the Canaanite woman's faith (15:21-28) is used for pedagogical purposes, namely that by comparing and contrasting her great faith with those characters expressing no faith and little faith, Matthew uses Jesus's quantitative terms to teach on the nature of true faith. She embodies Matthew's theological vision of faith. Even though she is a gentile outsider,

enemy she comprehends the universal scope and abundant blessings of Jesus's mission. Moreover, she acknowledges Jesus's messianic identity correctly, perceiving him to be both David's royal heir and David's Lord. Finally, based on who she perceives Jesus to be and the purpose of his mission, she demonstrates faith as trust manifested in action. **Fire of Mercy, Heart of the Word**

Erasmus Leiva-Merikakis, 2013-02-28 To the unstudied eye, St. Matthew's gospel can seem a terse narrative, almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is. In his third volume of meditations on Matthew, chapters 19-25, Erasmus Leiva continues to show Matthew's prose to be not terse so much as economical, astoundingly so given its depth. The lay reader can derive great profit from reading this. Each short meditation comments on a verse or two, pointing to some facet of the text not immediately apparent but rich with meaning. Leiva's work is scholarly but eminently approachable by the lay reader. The tone is very much of taste and see how good the Lord is and an invitation of friend come up higher. The goal of the book is to help the reader experience the heat of the divine heart and the light of the divine Word. Leiva comments on the Greek text, demonstrating nuances in the text that defy translation. He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God. His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus. **Defying Deception**

Jonathan K. Corrado, 2024-02-29 Comprehensive training and well-established tactics are the trademark qualities of a solid and robust military training program designed to win wars. As a result, well-trained soldiers can think and act soundly while engaged in warfare. Like soldiers, Christians must similarly train to become prepared to make biblically sound choices while engaged in spiritual warfare, specifically deception. Deception, as clearly conveyed in the Bible, is Satan's weapon of choice; therefore, if understood properly, it can be thwarted effectively. **Defying Deception: A Field Guide to Understanding and Countering Satan's Strategy of Deception** is a book for those who want to raise their awareness of the enemy's strategies and to mature their spiritual walk by offsetting the enemy's deceptive methods with practical means. That said, this field guide establishes a parallel between Satan's deceptive tactics and military Psychological Operations (PSYOP) operations to convey false information to influence emotions, motives, and reasoning because both seek to lead people into falsehood to influence decision making in a destructive way. This field guide discusses Satan's deceptive strategy within the context of PSYOP. Armed with this information, practical defensive strategies are developed using well-established, effective military tactics to assist readers in overcoming spiritual deception. **Paul, Apostle of God's Glory in Christ**
