Getting Our Wings is a non fiction aviation book filled with pictures facts humor nostalgia sadness and honor Specifically it THE NAVAL AVIATION TRAINING story a non fiction book about brave men and women spanning our first one hundred years as they learned to fly the Navy way I would wager my last nickel that many former flight instructors and students who read this book will remember that some of these memories also happened to them during their flight school days I believe that man they might say That really happened to me too I should be in the book Wings picks up Naval Flight training at the very beginning back when it was self taught Self taught Who could teach it The reader learns that early pioneers knew absolutely nothing about aeronautics the word hardly existed They trudged stumbled tumbled and died their ways forward
