**Finding Happiness** Swami Kriyananda, 2014-11-14 When you change your whole world changes. Here is a secret well worth knowing: Happiness is not a gift you receive from others but a divine birthright you choose for yourself now. Happiness is a choice, a state of mind you can cultivate day by day. Try the simple program of positive thinking and expansive living described in this book and watch your life change for the better. Life can be a humdrum monotony of similar experiences repeated again and again daily, monthly, yearly without any substantial change of circumstances or increase of fulfillment. But many people are discovering that when their thoughts become more positive and expansive, their lives also improve when we change from the inside, our whole world changes. True happiness springs from within. And there are ways and techniques to make that happiness grow. Therefore, this book *Finding Happiness Day by Day*. In it, Swami Kriyananda presents thoughts and actions for you to experiment with. All of these suggestions are based on universal principles, principles that lead to inner happiness. Kriyananda writes: I suggest you take one thought at a time from the following pages. Keep it before you throughout the day as a reminder. Repeat it out loud or mentally, letting it sink into your subconscious. And look for situations in your life to which you can apply it creatively. Practicing these principles in daily life can bring you ever closer to finding happiness, the ever new joy that dwells within you.

*Vegetarian Times*, 1992-09 To do what no other magazine does: Deliver simple, delicious food plus expert health and lifestyle information that's exclusively vegetarian but wrapped in a fresh, stylish mainstream package that's inviting to all. Because while vegetarians are a great vital passionate niche, their healthy way of eating and the earth-friendly values it inspires appeals to an increasingly large group of Americans. VT's goal: To embrace both.
