The Big Fat Truth J.D. Roth, 2016-04-12

When Meredith hit the finish line at the Niagara Falls Marathon last year people in their living rooms all across America choked up Who could help it Here was a young woman who just a few months earlier had weighed in at 340 pounds on the hit ABC show *Extreme Weight Loss* Now for all the world to see and merely part way into her one year effort to pare down she'd literally gone further than she'd ever expected From barely being able to walk up the stairs to running 26.2 miles in practically no time The body is an amazing thing And yet it's no match for the brain It wasn't the strength of Meredith's body propelling her across the Niagara Falls finish line it was the power of her mind No one knows that better than JD Roth who as the number one producer of TV weight loss shows has helped countless overweight people change their bodies and lives for the better Viewers of *Extreme Weight Loss* *The Biggest Loser* *The Revolution* and other transformational shows have seen the technicians the trainers the nutritionists the doctors and other health pros who appear on screen but they've never seen the heart and soul behind these amazing makeovers That would be JD whose production company not only created weight loss television but who has produced more episodes in the genre than all other producers combined He's the behind the scenes wizard who gets inside the heads of the shows participants encouraging persuading prodding and inspiring them to succeed Intimately involved in casting the shows contestants then seeing them through the weight loss process he's the guy whose picture they tape onto their elliptical trainers and angrily scream at each night then hug out of gratitude the next morning He's the guy who holds them when they cry and the one who tells them they need to get back on the treadmill even though they're crying JD is the shows tough love dad love being the operative word Because it's not just TV to JD he's on a mission to change people's lives Every fat person yes fat person there'll be no sugarcoating here knows that you need to move more and eat less to shed pounds Not exactly rocket science Yet that simple formula doesn't get to the root of what makes someone top out at 500 pounds or sometimes just carry an extra fifty The missing link in transformative weight loss is mental and emotional fortitude Mining the same problem solving and motivational skills JD has used so successfully with reality show contestants *The Big Fat Truth* gets readers to address the real reasons they're overweight and nobody gets away with saying it's because they love food With his combination of enthusiasm empathy no holds barred style and master story telling abilities JD helps them unearth and tackle the unresolved issues they've buried under the French fries and chocolate chip cookie Presented in three parts *The Big Fat Truth* includes short straight to the point chapters that help readers identify their

real issues create their own reality show and then shake up their lives to do the impossible Included throughout are inspiring stories advice and before and after photos from people JD has helped to lose weight both on camera and off along with quick tips for how to stay accountable and a 30 day plan for putting this advice into action **Deliciously Ella : 100+ easy, healthy, and delicious plant-based, gluten-free recipes** Ella Mills,2015 *Natural Feasts* Ella Mills,2017-10-17 Internationally bestselling author of Deliciously Ella Ella Mills offers more than 100 exciting accessible recipes to show how clean gluten free plant based eating is the perfect way to entertain friends and satisfy your guests In *Natural Feasts* Ella Mills makes it easy to prepare delicious food for you your friends and family for any event No more wondering whether certain dishes go together or how you can provide delicious plant based meals that won t leave your guests craving what isn t good for them Ella makes life simple with her menus whether you are planning a laid back brunch a last minute lunch or a fancy dinner she has it covered with hearty recipes that celebrate her natural eating philosophy This gorgeous book also showcases more than one hundred full color photographs beautifully illustrating that clean eating and entertaining are a perfect match When conventional medicine failed her Ella overcame a rare devastating illness by switching to a plant based diet With no formal culinary training she began developing her own recipes and blogging about her journey She s a self taught cook She s approachable She inspires people Now Ella shares her personal ideas and recipes for every foodie occasion from cozy nights alone to easy kitchen suppers flavorsome feasts birthday parties picnics and mocktails and cocktails *Deliciously Ella with Friends* is the go to book for anyone who wants to make simpler healthier food choices for themselves and their friends and family ‘Everyday health’, embodiment, and selfhood since 1950 Tracey Loughran,Hannah Fromm,Kate Mahoney,Daisy Payling,2024-10-22 What is the history of everyday health in the postwar world and where might we find it This volume moves away from top down histories of health and medicine that focus on states medical professionals and other experts Instead it centres the day to day lives of people in diverse contexts from 1950 to the present Chapters explore how gender class race sexuality disability and age mediated experiences of health and wellbeing in historical context The volume foregrounds methodologies for writing bottom up histories of health subjectivity and embodiment offering insights applicable to scholars of times and places beyond those represented in the case studies presented here Drawing together cutting edge scholarship the volume establishes and critically interrogates everyday health as a crucial concept that will shape future histories of health and medicine **The Healthy Life** Jessica Sepel,2015-08-01 This is a specially formatted fixed layout ebook that retains the look and feel of the print book Jessica Sepel a young Sydney based nutritionist is following in the footsteps of health bloggers such as Lee Holmes Lola Berry and Sarah Wilson Jessica is a trained nutritionist with a burgeoning private practice and a hugely popular health blog Her philosophy is simple good health starts in the kitchen Her focus is on fresh produce prepared simply and with love Her work with girls and young women has taught her that the common practice of counting calories and restricting food groups is counterproductive to a healthy relationship
