

Ordnung in Gemeinschaft

A Critical Appraisal of the Erlangen Contribution
to the Orders of Creation

NATHAN HOWARD YODER

Ordnung Gemeinschaft Appraisal Contribution University

Armin von Bogdandy, Jürgen Bast

Ordnung Gemeinschaft Appraisal Contribution University:

The Moral Vision of Proverbs Timothy J. Sandoval, 2024-04-16 Wisdom literature is an unfamiliar genre to modern readers and presents many interpretive challenges In this major new work respected wisdom scholar Timothy Sandoval argues that the book of Proverbs though difficult to access for some provides a coherent moral vision for human flourishing The approach Sandoval argues for in *The Moral Vision of Proverbs* is that of virtue ethics or character ethics particularly that which emerges from the classical tradition of Aristotle as opposed to reading the book intentionally or unintentionally through the lenses of modern ethical systems Sandoval engages with specialists in this ethical tradition as well as biblical scholars to make his case that Proverbs is an ancient virtue oriented moral discourse This comprehensive critical study of Proverbs analyzes the book's major topics and strives to discern the moral and philosophical presuppositions and logic of its rhetoric all the while engaging past and present interpretive approaches Although authored by a Christian scholar this text will be of great interest to a broadly ecumenical audience whether students of the Old Testament Tanakh Hebrew Bible biblical scholars or Christian ethicists and moral theologians

Beloved Community Paul R. Hinlicky, 2015-05-01 In this scholarly work Paul Hinlicky transcends the impasse between dogmatic and systematic theology as he presents an original comprehensive system of theology especially apropos to the post Christendom North American context Deploying an unusual Spirit Son Father trinitarian scheme Hinlicky carefully develops his system of theology through expansive wide ranging argumentation He engages with other theologians throughout the book and concludes each major section by discussing an alternate perspective on the subject

Before Auschwitz Paul R. Hinlicky, 2013-06-27 What can Christian theology in North America learn from the rise of Nazism in Germany in the 1920s and 1930s This book explores an explosion of scholarship in recent decades that has reopened questions once thought to be settled about the relationships between Nazism Liberalism and Christianity In the process of criticizing the retrospective fallacy and urging a properly hermeneutical historiography its method in historical theology causes us to reflect back upon our tacit commitments suggesting that we are closer to fascism than we are aware and that although the devil never shows its face twice in exactly the same way the particular hubris of grasping after final solutions along biopolitical lines that is the racially scientific version of fascism that was Nazism is and remains near at hand today within our horizon of possibilities unrecognized in just the ways that it was unrecognized by Germans before Auschwitz The book takes a fresh look at the theology of Adolf Hitler and finds themes that are disturbingly familiar It summons to the renewal of Christian theology after Christendom in the form of critical dogmatics where the motif of the Beloved Community replaces the fallen idol descended from Charlemagne

'Dark, Depressing Riddle' Ryan Tafilowski, 2019-10-07 At the twilight of the Weimar Republic politicians scientists and theologians were engaged in debates surrounding the so called Jewish Question When the Nazi Party came to power in 1933 these discussions took on a new sense of urgency and poignancy As state measures against Jews unfolded theological conceptions of the

meaning of Israel and Judaism began to impact living breathing Jewish persons In this study Ryan Tafilowski traces the thought of the Lutheran theologian Paul Althaus 1888 1966 who once greeted the rise of Hitler as a gift and miracle of God as he negotiated the Jewish Question and its meaning for his understanding of Germanness across the Weimar Republic the Nazi years and the post war period In particular the study uncovers the paradoxical categories Althaus used to interpret the ongoing theological significance of the Jewish people whom he considered both an imminent threat to German ethnic identity and yet a mysterious cipher by which Germans might decode their own spiritual destiny in world history Sketching the peculiar contours of Althaus theology of Israel this study offers a fresh interpretation of the Erlangen Opinion on the Aryan Paragraph which is an important artifact not only of the *Kirchenkampf* but also of the complex and ambivalent history of Christian antisemitism By bringing Althaus into conversation with some of the most influential theologians of the twentieth century from Karl Barth and Emil Brunner to Rudolf Bultmann and Dietrich Bonhoeffer Tafilowski broadens the scope of his inquiry to vital questions of political theology ethnic identity social ethics and ecclesiology As Christian theologians must once again reckon with questions of national self understanding under the pressures of mass migration and resurgent nationalisms this investigation into the logic of ethno nationalist theologies is a timely contribution

Principles of European Constitutional Law Armin von Bogdandy, Jürgen Bast, 2009-12-03 For the time being the political project of basing the European Union on a document entitled Constitution has failed The second revised and enlarged edition of this volume retains its title nonetheless Building on a scholarly rather than black letter law account it shows European constitutional law as it looks following the Treaty of Lisbon with the EU's foundational treaties mandating the exercise of public authority establishing a hierarchy of norms and legitimising legal acts providing for citizenship and granting fundamental rights In this way the treaties shape the relations between legal orders between public interest regulation and market economy and between law and politics The contributions demonstrate in detail how a constitutional approach furthers understanding of the core issues of EU law how it offers theoretical and doctrinal insights and how it adds critical perspective From Reviews of the First Edition should be mandatory reading for anyone who wants to get a holistic perspective of the academic debate on Europe's constitutional foundations It is impossible to present the richness of thought contained in the 833 pages of the book in a short review Common Market Law Review an enduring scholarly work which gives an English speaking audience important and overdue access to the long standing and forever vigorous traditions of European constitutional law unhesitatingly recommended European Law Journal real scholarship in the profound sense of the word K Lenaerts Professor of European Law Leuven

Essays on Being Reformed Dirkie Smit, 2009-12-01 What does it mean to be Reformed Christians in the world today and in Africa and South Africa What does it mean to commemorate the legacy of John Calvin 1509 1564 after 500 years in a modern world characterised by democracy by popular notions of human dignity and human rights by worldwide struggles for individual freedoms and for social justice by a global economy in crisis when social

historians argue about the lasting contribution of Calvin and his followers precisely with respect to all these modern phenomena The 28 essays by Dirkie Smit selected for this volume deal with such questions Informatics, Networking and Intelligent Computing Jiaxing Zhang, 2015-05-06 This proceedings volume contains selected papers presented at the 2014 International Conference on Informatics Networking and Intelligent Computing held in Shenzhen China Contributions cover the latest developments and advances in the field of Informatics Networking and Intelligent Computing National Library of Medicine Catalog National Library of Medicine (U.S.), 1966 National Constitutions and EU Integration Stefan Griller, Lina Papadopoulou, Roman Puff, 2022-08-25 Do individual constitutions and the legal cultures underlying them pose an obstacle to future EU integration This ambitious collection brings together reports from all the European Member States systematically setting out their individual constitutional guarantees In doing so it tracks possible roadblocks to the future evolution of European integration Written by recognised authorities in each Member State it offers an authoritative and rigorous overview of the European Union's constitutional landscape Its single structure approach allows for comparison while maintaining consistency It will become the standard reference work for academics students and practitioners in the field of European Union law and integration *Gesellschaftliche Komplexität und kollektive Handlungsfähigkeit* Raymund Werle, Uwe Schimank, 2000 Economies under Occupation Marcel Boldorf, Tetsuji Okazaki, 2015-03-24 Nazi Germany and Japan occupied huge areas at least for some period during World War II and those territories became integral parts of their war economies The book focuses on the policies of World War II aggressors in occupied countries The unbalanced economic and financial relations were defined by administrative control the implementation of institutions and a variety of military exploitation strategies Plundering looting and requisitions were frequent aggressive acts but beyond these interventions by force specific institutions were created to gain control over the occupied economies as a whole An appropriate institutional setting was also crucial to give incentives to the companies in the occupied countries to produce munitions for the aggressors The book explains the main fields of war exploitation organisation and control war financing and workforce recruitment It substantiates these aspects in case studies of occupied countries and gives examples of the business policy of multinational companies under war conditions The book also provides an account of differences and similarities of the two occupation systems Economies under Occupation will interest researchers specialising in the history of economic thought as well as in economic theory and philosophy It will also engage readers concerned with regional European and Japanese studies and imperial histories Nachhaltige Gesellschaft Harald Heinrichs, Katina Kuhn, Jens Newig, 2011-03-07 Partizipation und Kooperation gelten als unabdingbar für die Erreichung einer nachhaltigen Entwicklung Dieses Buch stellt diese Annahme kritisch auf den Prüfstand Es wird herausgearbeitet worin im einzelnen die Leistungen partizipativer und kooperativer Verfahren für die Erreichung von Nachhaltigkeitszielen liegen können und unter welchen Voraussetzungen dies der Fall ist Dies geschieht anhand der Betrachtung allgemeiner gesellschaftlicher Handlungsbereiche und Fallbeispiele aus ausgew
