for Oceanic History Civil War Ironclads supplies the first comprehensive study of one of the most ambitious programs in the history of naval shipbuilding In constructing its new fleet of ironclads William H Roberts explains the U S Navy faced the enormous engineering challenges of a largely experimental technology. In addition it had to manage a ship acquisition program of unprecedented size and complexity To meet these challenges the Navy established a project office that was virtually independent of the existing administrative system The office spearheaded efforts to broaden the naval industrial base and develop a marine fleet of ironclads by granting shipbuilding contracts to inland firms Under the intense pressure of a wartime economy it learned to support its high technology vessels while incorporating the lessons of combat But neither the broadened industrial base nor the advanced management system survived the return of peace Cost overruns delays and technical blunders discredited the embryonic project office while capital starvation and never ending design changes crippled or ruined almost every major builder of ironclads When Navy contracts evaporated so did the shipyards Contrary to widespread belief Roberts concludes the ironclad program set Navy shipbuilding back a generation The Original United States Warship Monitor Cornelius Scranton Bushnell, John Ericsson, Cornelius S. is the big lie that the Monitor and Merrimac battle was a draw when it was a clear cut victory for the Monitor There are two classes of people in The Damn Slavers The people in the 22 Loyal states and in the 11 traitor states the Loyalists the victims and the people in the 11 traitor states and in the 22 Loyal states the traitors the villains One of the biggest vile lies of the civil war is the depraved lie the traitors won most of the battles. The author counted hundreds of the bigger land battles and the sea lake and river battles. This battle count is what Damn Slavers is all about Surprise Surprise. The Loyalists won most of the bigger land battles of the civil war by a ratio of about 2 to 1 from the start of the civil war and won most of the sea lake and river battles too by an overwhelming margin If you want to learn some real truths about the civil war read Damn Slavers A History of the Sea Lake and River Battles of the Civil War Proceedings of the United States Naval Institute United States Naval Institute.1917 **USS Monitor** John D.
