Origins Craig Schwab:

Origins Craig Schwab, 2015-12-08 *Origins* is the second collection of essays from Craig Schwab. The topics covered in this volume range from discussions on the state of our modern world. Essays discuss music in *The Desert Island Music Soundtrack* and *My Mother's Cuckoo Clock*. The *Effects of Full Moon Nights* on Family Dynamics a commentary about why many people do not get along in our society to the zany discussion about how the board game *Parcheesi* can remedy how we better understand terrorism. At times comical and evocative, these essays share a unique perspective on all things relevant to life in the 21st Century. Craig Schwab is the author of *Something in the Neighborhood of Real*, his coming of age novel about growing up in his hometown of Glendale, NY.

What Teachers Need to Know Matthew Bruce Etherington, 2017-03-31 Every generation has sought to make teaching and learning more inclusive and equitable, but pesky questions always remain, such as how can teaching and learning be conducted in ways that satisfies and respects everyone? What are the parameters of an inclusive pedagogy? Who defines its principles? How should these principles be taught and by whom? And by what authority shall they be grounded? These types of thorny questions occupy the essence of educators and the authors of this book. This book is about teachers, educators, and topics related to inclusion. Teachers and educators have a lot to know, therefore the topics are broad and relevant to the times. What should teachers know about special needs, religion, and spirituality? Aboriginality, the environment, tolerance, and school choice. Although teachers have knowledge of their subject matter, knowledge alone is not sufficient. They must know and understand how people learn. A teacher must also care deeply about who they teach. And this teacher knowledge grows and changes over time as teachers become more experienced, informed, skilled, and wiser. At the same time, no teacher preparation will be sufficient because there will always be discussions that were never had and knowledge that was never shared. Time has its costs, and there is only so much a formal education can prepare someone. This book helps to satisfy a cavity in learning for teachers and educators in general.

The Harder You Work, the Luckier You Get Joe Ricketts, 2019-11-05 Joe Ricketts, founder of TD Ameritrade, shares the epic inside story of how a working class kid from the Nebraska prairie took on Wall Street's clubby brokerage business, busted it open, and walked away a billionaire. Joe Ricketts always had the gift of seeing what others missed. The son of a house builder, he started life as a part-time janitor, but by the age of thirty-three, he saw the chance to challenge the big brokerage firms by offering Americans an inexpensive way to take control of their own stock trading. Nowadays, we take for granted that Main Street is playing right there on Wall Street, but Ricketts made that happen. His company began with 12,500 borrowed from friends and family, took off like a rocket thanks to an early embrace of digital technology and irreverent marketing. But Ameritrade also faced a series of near-disasters: the SEC almost shut him down, his partners tried to force him out because of his relentless risk-taking, penny brokers swindled the company, the crash of 1989 nearly cost him everything, and he was almost shut down again when a customer committed massive fraud. By the time of the dot-com bust, he had proven that his strategy based on

frontier values could survive just about anything The Harder You Work The Luckier You Get offers a view inside Joe Ricketts mind giving readers a visceral understanding of how entrepreneurs think and act differently from the rest of us how they see the horizon where we just see a spreadsheet As unvarnished as the prairie he comes from Ricketts also talks honestly about his shortcomings as a manager the career sacrifices his wife made for his business the complexity of being a father and the pain of splitting with his mentor and of his brother s death from AIDS Overcoming these and other challenges he built a company now worth 30 billion A must read for anyone who s ever dreamed of starting their own business The Harder You Work The Luckier You Get is the ultimate only in America story **Learning, Leading, and the Best-Loved Self in**

Teaching and Teacher Education Cheryl J. Craig, Denise M. McDonald, Gayle A. Curtis, 2022-12-10 This book explores the concept of the best loved self in teaching and teacher education asserting that the best loved self is foundational to the development of teacher identity growth in context and learning in community Drawing on the work of Joseph Schwab who was the first to name the best loved self the editors and their contributors extend this knowledge further through the collaboration of their group of teacher educators known as the Faculty Academy who have been involved in examining teacher education for over two decades **Volcanic and tectonic degassing: Fluid origin, transport and implications**
