

# Oral History Guidelines

**Lauren Gardner**

## **Oral History Guidelines:**

**Recording Oral History** Valerie Raleigh Yow, 1994-02-14 With extensive examples from both historical and social science literature this book is a practical guide to methods of recording oral history The author provides suggestions on a range of techniques from developing a written interview guide and using tape recorders to asking probing questions during in depth interviews and editing transcriptions She also covers the ethical and legal issues involved in conducting life history interviews and elaborates on three different types of oral history projects community studies biographies and family histories

**Guidelines and Principles of the Oral History Association** Oral History Association, 1992 [Doing Oral History](#) Donald A. Ritchie, 1995 In this thorough guide to oral history theory methods and practice Donald A Ritchie a prominent U S scholar in the field synthesizes and builds on the extensive literature in manuals and fieldwork guides to provide the first oral history handbook to address individual researchers as well as organized project teams whether novices or veterans in the field to cover videotaping as well as audio recording and to support both teachers and archivists in their use of oral history records Illustrating his guidelines with colorful examples from a wide range of fascinating projects Ritchie offers clear practical and detailed advice on such issues as obtaining funding staffing and equipment conducting interviews publishing videotaping preserving materials teaching oral history and using oral histories in museums on radio in therapy and in interactive video Throughout Ritchie stimulates researchers to consider and focus on the unique aspects of their individual projects as well as the special rewards and results of the recordings they make As he states at the outset Ritchie s emphasis is on doing His definitive guide provides all the practical advice and explanations contemporary oral historians require to turn their ideas and goals into action and to create recordings that illuminate human experience for generations to come

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Catching Stories* Donna M. DeBlasio, Charles F. Ganzert, David H. Mould, Stephen H. Paschen, Howard L. Sacks, 2009-05-04 In neighborhoods schools community centers and workplaces people are using oral history to capture and collect the kinds of stories that the history books and the media tend to overlook stories of personal struggle and hope of war and peace of family and friends of beliefs traditions and values the stories of our lives *Catching Stories A Practical Guide to Oral History* is a clear and comprehensive introduction for those with little or no experience in planning or undertaking oral history projects Opening with the key question Why do oral history the guide outlines the stages of a project from idea to final product planning and research the interviewing process basic technical principles and audio and video recording techniques The guide covers interview transcribing ethical and legal issues archiving funding sources and sharing oral history with audiences Intended for teachers students librarians local historians and volunteers as well as individuals *Catching Stories* is the place to start for anyone who wants to document the memories and collect the stories of community or family *Oral History Evaluation Guidelines* Oral History Association, 1980 **Doing Oral History : A Practical Guide** Donald A. Ritchie, 2003-08-07 Oral history is vital to

our understanding of the cultures and experiences of the past Unlike written history oral history forever captures people's feelings expressions and nuances of language But what exactly is oral history How reliable is the information gathered by oral history And what does it take to become an oral historian Donald A Ritchie a leading expert in the field answers these questions and in particular explains the principles and guidelines created by the Oral History Association to ensure the professional standards of oral historians Doing Oral History has become one of the premier resources in the field of oral history It explores all aspects of oral history from starting an oral history project including funding staffing and equipment to conducting interviews publishing videotaping preserving materials teaching oral history and using oral history in museums and on the radio In this second edition the author has incorporated new trends and scholarship updated and expanded the bibliography and appendices and added a new focus on digital technology and the Internet Appendices include sample legal release forms and information on oral history organizations Doing Oral History is a definitive step by step guide that provides advice and explanations on how to create recordings that illuminate human experience for generations to come Illustrated with examples from a wide range of fascinating projects this authoritative guide offers clear practical and detailed advice for students teachers researchers and amateur genealogists who wish to record the history of their own families and communities

**Oral History** Thad Sitton, George L. Mehaffy, O.L. Davis, 2011-05-18 More than a mode of gathering information about the past oral history has become an international movement Historians folklorists and other educational and religious groups now recognize the importance of preserving the recollections of people about the past The recorded memories of famous and common folk alike provide a vital complement to textbook history bringing the past to life through the stories of those who lived it Oral History is designed to introduce teachers students and interested individuals to the techniques problems and pleasures of collecting oral history The authors themselves experienced educators examine the uses of oral history in the classroom looking at a wide range of projects that have been attempted and focusing on those that have succeeded best Besides suggesting many possible projects they discuss the necessary hardware and its use recording equipment and procedures interview outlines and preliminary research photography and note taking in the field transcription and storage of information legal forms and more For the teacher the authors offer helpful advice on training students to be sensitive interviewers in both formal and informal situations How can oral histories collected in the classroom be put to use The authors discuss their uses within the curriculum in projects such as oral history archives publications such as the popular Foxfire books and other media productions and in researching current community problems Useful appendixes survey a variety of reference tools for the oral historian and describe in detail how a Foxfire concept magazine may be developed

**A Guide to Oral History and the Law** John A. Neuenschwander, 2014-09-12 According to the Oral History Association the term oral history refers to a method of recording and preserving oral testimony which results in a verbal document that is made available in different forms to other users researchers and the public Ordinarily such an academic

process would seem to be far removed from legal challenges Unfortunately this is not the case While the field has not become a legal minefield given its tremendous growth and increasing focus on contemporary topics more legal troubles could well lie ahead if sound procedures are not put in place and periodically revisited *A Guide to Oral History and the Law* is the definitive resource for all oral history practitioners In clear accessible language it thoroughly explains all of the major legal issues including legal release agreements the protection of restricted interviews the privacy torts including defamation copyright the impact of the Internet and the role of Institutional Review Boards IRBs The author accomplishes this by examining the most relevant court cases and citing examples of policies and procedures that oral history programs have used to avoid legal difficulties Neuenschwander's central focus throughout the book is on prevention rather than litigation He underscores this approach by strongly emphasizing how close adherence to the Oral History Association's Principles and Best Practices provides the best foundation for developing sound legal policies The book also provides more than a dozen sample legal release agreements that are applicable to a wide variety of situations This volume is an essential one for all oral historians regardless of their interviewing focus

*Recording Oral History* Valerie Raleigh Yow, 2005-04-07 In *Recording Oral History* Second Edition Valerie Raleigh Yow builds on the foundation of her classic text with a fully updated and substantially expanded new edition One of the most widely used and highly regarded textbooks ever published in the field Yow's updated edition now includes new material on using the internet an examination of the interactions between oral history and memory processes and analysis of testimony and the interpretation of meanings in different contexts It will interest researchers and students in a wide variety of disciplines including history sociology anthropology education psychology social work and ethnographic methods

**The American Indian Oral History Manual** Charles E. Trimble, Barbara W. Sommer, Mary Kay Quinlan, 2016-07 Oral history is a widespread and well developed research method in many fields but the conduct of oral histories of and by American Indian peoples has unique issues and concerns that are too rarely addressed This essential guide begins by differentiating between the practice of oral history and the ancient oral traditions of Indian cultures detailing ethical and legal parameters and addressing the different motivations for and uses of oral histories in tribal community and academic settings Within that crucial context the authors provide a practical step by step guide to project planning equipment and budgets and the conduct and processing of interviews followed by a set of examples from a variety of successful projects key forms ready for duplication and the Oral History Association Evaluation Guidelines This manual is the go to text for everyone involved with oral history related to American Indians

**Talking History** Sharon Veale, Kathleen Schilling, New South Wales. Department of Environment and Climate Change, 2004 Guidelines were initially developed in September 2002 for the National Park and Wildlife Service NPWS now part of the Dept of Conservation and Climate Change

**Oral History Evaluation Guidelines** Oral History Association, 1992 *A Guide to Oral History and the Law* John A. Neuenschwander, 2014 This text covers legal release agreements protecting sealed interviews and anonymous interviews

from courtroom disclosure defamation copyright the Internet Institutional Review Boards IRBs oral history as evidence the duty to report a crime and teaching considerations      *Practicing Oral History in Historical Organizations* Barbara W

## Oral History Guidelines Introduction

In the digital age, access to information has become easier than ever before. The ability to download Oral History Guidelines has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Oral History Guidelines has opened up a world of possibilities. Downloading Oral History Guidelines provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Oral History Guidelines has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Oral History Guidelines. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Oral History Guidelines. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Oral History Guidelines, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Oral History Guidelines has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About Oral History Guidelines Books**

1. Where can I buy Oral History Guidelines books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
