Richard Greene,Rachel Robison-Greene,2015-08-17 This collection of eighteen chapters by talented philosophical minds probes some of the many lessons to be learned from Orange Is the New Black mostly the addictive Netflix comedy drama but with some attention to the best selling real life book by Piper Kerman The show and the book that inspired it both dramatically highlight the troubling stressful situation of millions of incarcerated Americans How do the show s shower scenes shed light on the classical mind body problem How can we make our lives meaningful when our options are curtailed by authority What does it mean to manipulate someone and why is it bad What can we learn about the peculiarity of human beliefs from Pennsatucky s notion of the gay agenda Is Litchfield Prison a preparation for life outside or just a scale model of life outside What could the governors of Litchfield learn from Jeremy Bentham and his panopticon How is it that even in prison we find ourselves condemned to be free Why is one of the worst things about prison being forced to see who and what we really are It so happens that life in prison is absolutely full and overfull of philosophical implications Orange Is the New Black and Philosophy stays close to the characters and scenes of the TV show applying insights from ethics existentialism metaphysics epistemology and political philosophy The book is aimed at thoughtful fans of this amazingly fine TV show who want to learn more about its disturbing issues *How to Become a Published Author* Jeff Scot Philips,2019-11-06 This book is packed with practical advice specific examples and tons of free resources to help you become a published author You will learn What makes a marketable book concept why yours probably isn t yet and how to fix it The two step formula that I other traditionally published authors used to adapt a book concept to the market and how to apply this strategy to your book w links to a free video training I walk you through building a book proposal with examples plus a few tricks to REALLY make your pitch stand out How to construct a query letter line by line Specifically where to find the perfect agent for your book and how to see when agents are reading your email so you ll know when to follow up Tons of other little tips secrets to help you land a literary agent and get a publishing deal I remember how frustrating it was when I was trying to figure out how to get an agent to pay attention to me I just wanted someone to give me a chance There were lots of blogs and other books offering advice mostly what not to do but nobody could explain why my book wasn t getting picked up And they definitely weren t explaining what I could do to fix it It was as if everyone who d crossed to the other side and become a published author then burned the bridge behind them and said good luck to the rest of you It was a rough lonely and expensive road to getting my book published And I don t want you to have to go through the same thing That s why this book is free I m not exaggerating when I tell you that the process of getting traditionally published was about the most amazing experience I ve ever had Upon getting published my book was in every major bookstore in the U S as well as Canada the U K and Australia I was booked on national television and appeared in numerous magazines and newspapers everything from Good Morning America The Doctors and Business Insider to The New York Post Fox News and Vice And I was giving countless interviews
