*Orangeism in Ireland and Throughout the Empire* R. M. Sibbett, 1914      *Orangeism in Ireland and Throughout the Empire* Robert M. Sibbett, 1915      Ribbon Societies in Nineteenth-century Ireland and Its Diaspora Kyle Hughes (Lecturer in British history), Donald M. MacRaild, 2018 This is the first full length study of Irish Ribbonism tracing the development of the movement from its origins in the Defender movement of the 1790s to the latter part of the century when the remnants of the Ribbon tradition found solace in a new movement the quasi constitutional affinities of the Ancient Order of Hibernians Placing Ribbonism firmly within Ireland's long tradition of collective action and protest this book shows that owing to its diversity and adaptability it shared similarities but also stood apart from the many rural redresser groups of the period and showed remarkable longevity not matched by its contemporaries The book describes the wider context of Catholic struggles for improved standing explores traditions and networks for association and it describes external impressions Drawing on rich archives in the form of state surveillance records show trial proceedings and press reportage the book shows that Ribbonism was a sophisticated and durable underground network drawing together various strands of the rural and urban Catholic populace in Ireland and Britain Ribbon Societies in Nineteenth Century Ireland and its Diaspora is a fascinating study that demonstrates Ribbonism operated more widely than previous studies have revealed      Irish Migration, Networks and Ethnic Identities since 1750 Dr Enda Delaney, Donald M. MacRaild, 2007-08-29 This collection of essays demonstrates in vivid detail how a range of formal and informal networks shaped the Irish experience of emigration settlement and the construction of ethnic identity in a variety of geographical contexts since 1750 It examines topics as diverse as the associational culture of the Orange Order in the nineteenth century to      Ireland and Anglo-Irish Relations since 1800: Critical Essays N.C. Fleming, 2017-11-30 The Act of Union coming into effect on 1 January 1801 portended the integration of Ireland into a unified if not necessarily uniform community This volume treats the complexities perspectives methodologies and debates on the themes of the years between 1801 and 1879 Its focus is the making of the Union the Catholic question the age of Daniel O Connell the famine and its consequences emigration and settlement in new lands post famine politics religious awakenings Fenianism the rise of home rule politics and emergent feminism      *Print and Popular Culture in Ireland, 1750-1850* Niall O Ciosáin, 2016-07-27 This highly acclaimed book is being published for the first time in paperback The author studies the cheap printed literature which was read in eighteenth and nineteenth century Ireland and the cultures of its audience It takes an interdisciplinary approach to a little known topic pursuing comparisons with other regions such as Brittany and Scotland By addressing questions such as the language shift and the unique social configuration of Ireland in this period it adds a new dimension to the growing body of studies of popular culture in Europe      **Orangeism in Ireland and Throughout the Empire** R. M. Sibbett, Grand Orange Lodge of Ireland, Member Of the Order, 1939      **Encyclopedia of the Reformed Faith** Donald K. McKim, David F. Wright, 1992-01-01 Over 200 international scholars from a variety of

demoninations have contributed to this outstanding one volume comprehensive reference book Stressing the importance of events persons and theological concepts that have been significant to the Reformed tradition these articles provide authoritative summaries and stimulating discussion Tuairim, intellectual debate and policy formulation: Rethinking Ireland, 1954-75 Tomas Finn,2018-02-28 The 1950s and 1960s were a transformative phase in modern Irish history In these years a conservative society dominated by the Catholic Church and a state which was inward looking and distrustful of novelty gradually opened up to fresh ideas This book considers this change It explores how the intellectual movement Tuairim opinion in Irish was at the vanguard of the challenge to orthodoxy and conservatism Tuairim contributed to debates on issues as diverse as Northern Ireland the economy politics education childcare and censorship The society established branches throughout Ireland including Belfast and in London It produced frequent critical publications and boasted a membership that included the future Taoiseach Dr Garret FitzGerald Tuairim occupied a unique position within contemporary debates on Ireland s present and future This book is concerned with its role in the modernisation of Ireland In so doing it also addresses topics of continued relevance for the Ireland of today including the Northern Ireland Peace Process and the institutional care of children **Forkhill Protestants and Forkhill Catholics, 1787-1858** Kyla Madden,2005 Is conflict between Catholics and Protestants really the key to understanding Irish history Orangeism in Ireland and Throughout the Empire ,1938 **Two Irelands Beyond the Sea** Lindsey Flewelling,2018 Uncovers the transnational movement by Ireland s unionists as they worked to maintain the Union during the Home Rule era The book explores the political social religious and Scotch Irish ethnic connections between Irish unionists and the United States as unionists appealed to Americans for support and reacted to Irish nationalism *Orange Order* Patrick Coleman,2025-01-31 On a sunny day men and women march through the streets wearing orange collarettes and carrying colourful banners However this is not the Orange Order in Northern Ireland but the same organisation in Africa This book moves beyond the cliché to delve deeply into the inner structure and rituals of the Orange Order and its global reach The Orange Order while Irish Protestant founded managed in a short period to spread to not only other parts of the UK but also to Australia New Zealand and even Africa Previous research has tended to focus on just one to two countries within a narrow timeframe This book by contrast covers almost 230 years of the Orange Order across multiple countries Unlike other studies it integrates the activities of men women and children **Faith, Fraternity and Fighting** Donald M. MacRaild,2005-01-01 This book fills one of the most significant gaps in modern British historiography Despite its public profile the Orange Order has not attracted commensurate scholarly attention Uncritical apologists apart historians have displayed condescending censure stigmatising and dismissing the Order as sectarian a term unduly restricted in their studies to violence and demonstrations Having gained unique access to lodge membership records MacRaild provides a timely corrective MacRaild makes excellent use of archive material to provide a fascinating study of diasporic Orangeism showing how it was imported into mainland

Britain and implanted within working class communities as a way of life able to attract adherents with no obvious Irish provenance or connection the Toxteth lodge in North West England has a not insignificant black presence Impeccably researched and expertly written Faith Fraternity and Fighting is a major achievement and an important step in rescuing Orangeism from the stigma of sectarianism

**Ulster and Ireland** James Winder Good,1919 [Evangelicalism and National Identity in Ulster, 1921-1998](#) Patrick Mitchel,2003-10-30 Evangelical Protestantism in Ulster is the most influential and historically significant sector of Christianity in Northern Ireland This innovative and controversial book explores different Evangelical responses to the declining fate of Ulster Unionism during the period from Partition in 1921 to the 1998 Good Friday Agreement Focusing on how religious belief has interacted with national identity in a context of political conflict it eschews a reductionist or purely historical approach to interpreting religion Rather using a combination of historical and theological material Patrick Mitchel offers a critical assessment of how Evangelical identities in Ulster have embodied the religious beliefs and values to which they subscribe Evangelical Protestantism is often associated only with the Orange Order and with the controversial figure of Ian Paisley This book s fresh analysis of a spectrum of Evangelical opinion including the frequently overlooked moderate Evangelicals provides a more rounded picture that shows why and how Evangelical Christians in Ulster are deeply divided over politics national identity and the current Peace Process Patrick Mitchel concludes with a critical assessment of the political and theological challenges facing different Evangelical identities in the context of identity conflict in Northern Ireland This is an invaluable guide to understanding both the past and contemporary mindset of Ulster Protestantism
