Edited by David Campbell and Clare Huffington

Organisations Connected A Handbook Of Systemic Consultation

Hawkins, Peter

Organisations Connected A Handbook Of Systemic Consultation:

Organizations Connected David Campbell, Clare Huffington, 2020-06-16 This book shows the underlying thinking of experienced consultants deciding how to position themselves in organizations seeking to enable organizational change to occur and redefining their relationships with their clients over time and according to organizational need using a systemic lens

Positions and Polarities in Contemporary Systemic Practice Sara Barratt, Charlotte Burck, Ellie Kavner, 2018-03-08 This book provides a rich collection of the work that has been informed by the ideas of the eminent family therapist and clinical psychologist Dr David Campbell who died in August 2009 Contributors are drawn from different fields and describe models they have developed for organizational consultation training therapy and research The book includes a range of important topics key ideas which thread through contemporary theoretical frameworks a research study into young people's experience of parental mental illness and the application of Dr Campbell's use of semantic polarity theory in supervision research and clinical practice The innovative consultancy model developed by David Campbell with Marianne Groenbaek is elaborated here Personal accounts of work in different contexts include a priest consulting within his community the use of self in training systemic psychotherapists the experience of consultation in academic settings and a narrative of a training course for psychiatrists Interspersed with these chapters are David Campbell's own reflections concerning the development of his ideas and practice over time

Being a Systems Psychodynamic Scholar Frans Cilliers, 2019-12-17 This Festschrift has been compiled by Sanchen Henning in honour of the work of Professor Frans Cilliers On behalf of colleagues and friends in South Africa and abroad she illustrates their appreciation and respect for his role as scholar in Systems Psychodynamics He produced various pioneering research projects in Organisational Psychology as his field of study through the Systems Psychodynamic lens A specific feature and contribution of the book is the application of Systems Psychodynamics to organisational matters and leadership consulting as well as to the lived experiences of postgraduate students and academics The chapters include themes relevant on individual group and organisational levels and are intended to contribute to the body of knowledge in the field

Leadership Team Coaching Peter

Hawkins, 2011-04-03 Organisations are most effective when the teams accountable for the organisation's success are performing to the best of their abilities When the relationships within the team work well and all members of the team have a clear focus the team has a significant impact on achieving goals and building business Leadership Team Coaching is aimed at anyone whose role it is to encourage and develop a team Providing a thorough understanding of the role and importance the team has in contributing to an organization's objectives it provides the practical tools and techniques to facilitate effective team performance It includes guidance on all the key areas of team coaching including coaching the board and supervising team coaching and how a team can engage effectively with key stakeholders in a collective manner Offering a practical road map with numerous examples Leadership Team Coaching brings together the latest research to teach you how you can

develop people from disparate groups into a high performing team to transform your business Clinical Practice at the Edge of Care Laura Smith,2016-12-07 This book brings together psychological and psychotherapeutic contributions in clinical practice with at risk children and their families Chapters by experts working in a range of edge of care settings give an essential account of real world clinical challenges and dilemmas whilst drawing on relevant theory and the growing evidence base for edge of care work with children and families This title will be of interest to both clinical and social work practitioners those commissioning and developing best practice in edge of care services scholars and students of Clinical Psychology Systemic Psychotherapy and related disciplines **The Body of the Organisation and its Health** Richard Morgan-Jones,2018-05-08 Using the frameworks of psychoanalysis group relations systemic organisational observation consulting and research this book explores the relationship between the health of the work force and the health of organisations It seeks to do this through an exploration of experience that has three dimensions linked in a single matrix The bodily the emotional and the social This exploration is inspired by Bion s original idea of the protomental matrix from which the group dynamics of basic assumption mentality are derived leading to his initial ideas about group diseases and their cures **Ebook: An Introduction to Family Therapy: Systemic Theory and Practice** Rudi Dallos,Ros Draper,2024-06-06 Systemic family therapy owes a debt of gratitude to Rudi Dallos and Ros Draper who have delivered a fifth edition of the book that has provided essential scaffolding for systemic family therapists for over two decades This latest edition holds onto its original clear and coherent telling of the development of systemic family therapy Rachel Watson Institute of Family Therapy London UK Like a well constructed remix Rudi Dallos and Ros Draper have provided a tour through the landscape of family therapy and systemic practice from its historical beginnings through to the here and now I recommend this book without hesitation and reservation This remix should be listened to and returned to many times as it keeps on giving Dr Ram n Karamat Ali MSc Research Lead Manchester UK Director of Training and Development at KA Conversations Ltd With genuine enthusiasm I wholeheartedly recommend An Introduction to Family Therapy 5th edition by Dallos Draper Dr Sonam Pelden Academic Lead for Counselling School of Arts and Humanities Edith Cowan University Australia The fifth edition of the bestselling An Introduction to Family Therapy provides a comprehensive overview of the core concepts informing family therapy and systemic practice covering the development of this innovative field from the 1950s to the present day The book considers both British and International perspectives and includes the latest developments in current practice regulation and innovation examining these developments within a wider political cultural and geographical context The fully revised fifth edition also contains new material on Developments in Neuropsychology and Trauma Theory and its relevance for family therapy practice Illustrations of the techniques of the core schools of Family Therapy Updates on the research basis of Family Therapy This book is key reading for students and practitioners of family therapy and systemic practice as well as those from the fields of counselling psychology social work and the helping

professions who deal with family issues Rudi Dallos is Emeritus professor of Clinical Psychology University of Plymouth External examiner D Clin Psychology University Canterbury Christ Church External examiner University of Roehampton He presents training courses for the Institute of Family Therapy and Bowlby Centre London on a yearly basis He also leads on a variety of training events Relate UK Australian FT association Holland family therapy association Associations for Family Therapy Ireland Jersey and Plymouth He offers clinical supervision in a variety of contexts including Gloucester Eating Disorder Services Formulation Psychotherapy centre Dublin and Art therapies Ireland Rudi is working independently as a family therapist and offer an early intervention service in Devon Ros Draper is an independent family therapist with decades of experience in practice including working as an organisational consultant working therapeutically with individuals couples families and groups as well as working as a supervisor for therapists and coaches

Group Analysis: Working with Staff, Teams and Organizations Aleksandra Novakovic, David Vincent, 2019-02-12 Featuring contributions from a range of organizational contexts Group Analysis Working with Staff Teams and Organizations identifies the key features to group analytic practice as well as how different theoretical orientations such as Systemic and Tavistock Consultancy approaches can be incorporated into the process The book addresses two essential features of group analysis the exploration of unconscious dynamics in groups and the shifts of observational attention between the group as a whole the individual in the group and the group in the individual Including perspectives from both organizational consultancy and reflective practice chapters feature analysis with groups and subgroups in a range of settings including a forensic psychiatric hospital a children's hospice an Anglican religious community and the management team of a global organization Group Analysis Working with Staff Teams and Organizations is a major contribution to the developing literature on group analysis It will be of great interest to psychotherapists organizational consultants facilitators of reflective practice groups coaches trainees in these disciplines and any professionals who work with staff teams and organizations

Handbook of Faith and Spirituality in the Workplace Judi Neal, 2012-12-09 While the field of management has developed as a research discipline over the last century until the early 1990s there was essentially no acknowledgement that the human spirit plays an important role in the workplace Over the past twenty years the tide has begun to turn as evidenced by the growing number of courses in academia and in corporate training and an exponential increase in the publications emerging through creative interaction of scholars and practitioners in organizational behaviour workplace diversity sustainability innovation corporate governance leadership and corporate wellness as well as contributions by psychotherapists theologians anthropologists educators philosophers and artists This Handbook is the most comprehensive collection to date of essays by the preeminent researchers and practitioners in faith and spirituality in the workplace featuring not only the most current research and case examples but visions of what will be or should be emerging over the horizon It includes essays by the people who helped to pioneer the field as well as essays by up and coming young scholars Among the questions and issues addressed What does it mean to be a

spiritual organization How does this perspective challenge traditional approaches to the firm as a purely rational profit maximizing enterprise Is faith and spirituality in the workplace a passing fad or is there a substantial shift occurring in the business paradigm How does this field inform emerging management disciplines such as sustainability diversity and social responsibility In what ways are faith and spirituality in the workplace similar to progressive and innovative human resource practices Does faith and spirituality in the workplace bring something additional to the conversation and if so what The aim of *The Handbook of Faith and Spirituality in the Workplace* is to provide researchers faculty students and practitioners with a broad overview of the field from a research perspective while keeping an eye on building a bridge between scholarship and practice

An Introduction to Systems Psychodynamics David Lawlor, Mannie Sher, 2021-12-13 This book provides an introduction to systems psychodynamic theory and its application to organisational consultancy research and training outlining systems dynamics methods and their historical and theoretical developments Systems Psychodynamics is an emerging field of social science the boundaries of which are continually being refined and re defined The systems designation refers to open systems concepts that provide the framing perspective for understanding the structural aspects of organisational systems These include its design division of labour levels of authority and reporting relationships the nature of work tasks processes and activities its mission and primary task and the nature and patterning of the organisation s task and sentient boundaries and the transactions across them This book presents a critical appraisal of the systems psychodynamics paradigm and its application to present day social and organisational difficulties showing how a holistic approach to organisational and social problems can offer a fresh perspective on difficult issues Bringing together the theory and practice of systems psychodynamics for the first time this book provides an examination of the systems psychodynamics paradigm in action This book gives an accessible and thorough guide to understanding and using systems psychodynamic ideas for analysts managers policy makers consultants and researchers in a wide range of professional and clinical settings

Family Psychodynamics in Organizational Contexts Steen Visholm, 2021-06-20 This fascinating book shows how an understanding of the psychodynamics of the extended family from parental relations to sibling rivalries can provide insight into many of the key issues faced by organizations today Covering topics such as change management creativity autonomous groups leadership and democracy it shows how deep rooted family dynamics unconsciously frame the way we relate to each other in the workplace and how they can have a profound influence on the broader trajectory of organizations This book features Examples on how to use the extended family as a framework for understanding organizational behaviour A look beyond parental relationships to discuss sibling relationships as well Examples to illustrate key topics of practical relevance to consultants and managers *Family Psychodynamics in Organizational Contexts* is an important read for students and scholars of organizational psychology organizational studies and psychodynamics as well as consultants and coaches working in organizational contexts

An Introduction To Family Therapy Dallos, Rudi, Draper, Ros, 2010-05-01 Lists of key texts and

diagrams suggested reading organized by topic and practical examples and exercises are also used in order to encourage the reader to explore and experiment with the ideas in their own practice Coaching, Mentoring And Organizational Consultancy: Supervision, Skills And Development Hawkins, Peter, Smith, Nick, 2013-06-01 Covering the essential key skills and personal development of the successful coach mentor or supervisor with guidelines for practice *Narrative-Based Practice in Health and Social Care* John Launer, 2018-02-06 Narrative Based Practice in Health and Social Care outlines a vision of how witnessing narratives paying attention to them and developing an ability to question them creatively can make the person's emerging story the central focus of health and social care and of healing This text gives an account of the practical application of ideas and skills from contemporary narrative studies to health and social care Promoting narrative based practice in everyday encounters with patients and clients and in supervision teaching teamwork and management it presents Conversations Inviting Change an established narrative based model of interactional skills Underpinned by an account of theory from narrative studies and related fields including communication theory and systems thinking it is written for students and practitioners across a broad range of professions in primary and secondary health care and social care More information about Conversations Inviting Change is available at www.conversationsinvitingchange.com This website includes podcasts presentations and further teaching material as well as details of forthcoming courses and is continually updated with information about the approach described in this book **Intervening After Violence** Clarissa Sammut Scerri, Arlene Vetere, Angela Abela, Jan Cooper, 2017-05-19 This practical text offers professional guidance on stopping domestic violence in couples and families and promoting healing and safety in its aftermath Rich in theoretical diversity attachment trauma feminist narrative and inclusive of family structures and forms of violence the coverage takes an approach to understanding both complex circumstances and intervening with families The tasks of healing from reestablishing trust to fostering positive coping are clearly linked to effects of abuse such as unresolved loss blunted trauma responses poor emotion regulation and damaged relational esteem And because sustained safety is crucial to well being the authors extend their concepts of safety to include professionals own experience security and self care Among the topics covered Living with violence in the family retrospective recall of women's childhood experiences How to help stop the violence using a safety methodology across the life span Helping couples separate safely working towards safe separations Healing and repair in relationships working therapeutically with couples Working systemically with parents children and adult survivors when the abuse stops Supervision and consultation with practitioners who intervene with families and trauma Intervening After Violence Therapy for Couples and Families is an essential resource for social workers and mental health professionals engaged in clinical practice seeking strategies for working therapeutically and systematically with couples and families coping with physical and emotional violence *Improving International Capacity Development* J. Armstrong, 2013-05-07 Nothing is more important to a new fragile or developing nation than developing the capacity of its government to support national well being Every

society is complex every government is complex Yet well intentioned international development aid born in an era of infrastructure projects continues to apply simplistic technical solutions to these wickedly complex development problems It is an outside in approach that rarely succeeds even by the development industry's own admission But out there amongst the billions of dollars of failed interventions there are bright spots of success places where capacity is harnessed not just for today but for tomorrow too What is working so well Drawing on research practical experience and stories of success Jim Armstrong explores these emerging approaches

Group and Team Coaching Christine Thornton, 2024-11-29 Group and Team Coaching is a best seller offering a new perspective on the secret life of groups the subconscious and non verbal processes through which people learn and communicate in groups and teams Originally published in 2010 and designed for easy navigation it is a highly regarded team coaching handbook and required reading on many courses This new edition is fully updated with a completely new chapter on working with groups and teams on virtual platforms including hybrid and blended working Christine Thornton uses key concepts from psychology group analysis and systems theory as well as her own extensive experience to give practical advice Topics include the invisible processes of group dynamics common dilemmas pitfalls of team coaching and how to avoid them pros and cons and best practice online how to design coaching interventions supervising coaching ethics Based on research and including many vignettes and case studies this new edition is essential reading for coaches working with groups and teams and leaders working with their own teams or commissioning coaching

Creating A Coaching Culture Hawkins, Peter, 2012-04-01 Creating a Coaching Culture provides a rich source of knowledge guidance and experience for anybody involved in the important business of helping drive coaching in organisations It builds on the Hawkins and Smith seven step model that we have used to guide our thinking and actions at Ernst Young After reading the book I take away a host of ideas and best practice that I will use in the business Ian Paterson Ernst Young LLP and MD EMCC UK Peter Hawkins draws on 30 years of international organizational change consultancy in Creating a Coaching Culture He offers seven steps numerous case studies and his real world experience Reading this book it is easy to pinpoint how far along one's organization has moved towards developing a sustainable coaching culture and what the next steps are Like Peter's other books Creating a Coaching Culture sits on my desk not my bookshelf because of its usefulness depth of thought and Peter's expertise Catherine Carr doctoral candidate in Leadership Development and Executive Coaching Carr Associates leadership coaching The book clearly outlines why the creation of a coaching culture is critical to the success of any organisation More importantly it describes the practical steps required to achieve this success and how you can measure progress and benefits along the journey Richard King Serial NED and Coach former Deputy Managing Partner for Ernst and Young In recent years the concepts of leadership culture and coaching culture have become increasingly intertwined to the extent that achieving a coaching culture is a common aspiration for organizations of all sizes Peter Hawkins brings the topic up to date using multiple case studies and an analytical approach that clarifies the challenges

and how to address them David Clutterbuck Visiting Professor Oxford Brookes Sheffield Hallam Universities UK In this book Peter Hawkins brings together his extensive experience as a business leader coach consultant and leadership developer to provide a comprehensive handbook on how to help people teams and organisational stakeholders learn through the practice of coaching It will be of benefit not only to those engaged in the people development professions but also managers and leaders who are looking to enhance the value and potential contribution of their people Hilary Lines PhD Executive and Team Coach UK This is an eloquently written text that is recommended reading for coaches and mentors working in large organizations for human resource managers and corporate management teams EMCC s International Journal How do we create a coaching culture What will be the benefits for all parties How can we link it to the performance of our business How do we calculate the return on investment How do we make it sustainable Organizations are investing large sums of money in employing external and internal coaching and are increasingly under pressure to show a demonstrable return on this investment In this much needed book Hawkins gives a well researched and practical answer to the whole question of how you create a coaching culture and provides a step by step guide to implementing this change The book includes advice for both coaches and HR professionals on Establishing the right integrated mix of coaching by line managers internal specialized coaches and external coaches Combining individual and team coaching and connect both to the organizational change agenda Harvesting the organizational learning from the thousands of coaching conversations A coaching style becoming a way of relating internally and externally to all the organization s stakeholders Case studies show how a wide range of international organizations have developed successful coaching strategies to increase the effectiveness of their businesses This book will provide you with valuable insights whether you are a coach an organization consultant an HR professional or a Chief Executive

The Coordinated Management of Meaning Stephen W. Littlejohn, Sheila McNamee, 2013-11-05 This book honors the life and work of the late W Barnett Pearce a leading theorist in the communication field The book is divided into four sections The first section will lead with an essay by Barnett Pearce This will be followed by sections on 1 practical theory 2 dialogue and 3 social transformation In the broadest sense these are probably the three general themes found in the work of Pearce and his colleagues In another sense these categories also identify three important dimensions of Pearce s major contribution the theory of the Coordinated Management of Meaning *Reflective Practice in Medicine and Multi-Professional Healthcare* John Launer, 2022-03-17 This unique book presents in a single collection around 50 essays by Dr Launer on reflective practice in medicine including examples specific to medical education and multiprofessional healthcare Based on existing contributions to the literature by Dr Launer the book brings them together in updated form for the first time as a themed collection with an introduction linking the different topics addressed Coverage includes communication skills supervision teamwork and organisational health In a time of unprecedented demand on healthcare services educators and practitioners Dr Launer offers invaluable guidance to a broad audience including community based

GPs practice nurses and nurse practitioners pharmacists physician assistants and paramedics secondary care staff including consultants and registrars across all specialties communications skills educators counsellors and mental health professionals and health service managers and administrators
