Higher Education: Handbook of Theory and Research Michael B. Paulsen, 2015-01-12 Published annually since 1985 the Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic The Handbook focuses on a comprehensive set of central areas of study in higher education that encompasses the salient dimensions of scholarly and policy inquiries undertaken in the international higher education community Each annual volume contains chapters on such diverse topics as research on college students and faculty organization and administration curriculum and instruction policy diversity issues economics and finance history and philosophy community colleges advances in research methodology and more The series is fortunate to have attracted annual contributions from distinguished scholars throughout the world

Student Engagement in Higher Education Stephen John Quaye, Shaun R. Harper, Sumun L. Pendakur, 2019-11-27 In the updated edition of this important volume the editors and chapter contributors explore how diverse populations of students experience college differently and encounter group specific barriers to success Informed by relevant theories each chapter focuses on engaging a different student population including low income students Students of Color international students students with disabilities religious minority students student athletes part time students adult learners military connected students graduate students and others New in this third edition is the inclusion of chapters on Indigenous students student activists transracial Asian American adoptee students justice involved students student parents first generation students and undocumented students The forward thinking practical anti deficit oriented strategies offered throughout the book are based on research and the collected professional wisdom of experienced educators and scholars at a range of postsecondary institutions Current and future faculty members higher education administrators and student affairs educators will undoubtedly find this book complete with fresh ideas to reverse troubling engagement trends among various college student populations

Working With Students in Community Colleges Lisa S. Kelsay, Eboni M.

Zamani-Gallaher, 2023-07-03 Co published with This timely volume addresses the urgent need for new strategies and better ways to serve community colleges present and future students at a time of rapid diversification not just racially and ethnically but including such groups as the undocumented international students older adult learners and veterans all of whom come with varied levels of academic and technical skills The contributing researchers higher education faculty college presidents and community college administrators provide thorough understanding of student groups who have received scant attention in the higher education literature They address the often unconscious barriers to access our institutions have erected and describe emerging strategies frameworks and pilot projects that can ease students transition into college and through the

maze of the college experience to completion They offer advice on organizational culture on defining institutional outcomes on aligning shifting demographics with the multiple missions of the community college on strengthening the collaboration of student and academic affairs to leverage their respective roles and resources and on engaging with the opportunities afforded by technology Divided into three parts understanding today s community college campuses supporting today s community college learners and specialized populations and communities this book offers a vision and solutions that should inform the work of faculty administrators presidents and board members **African American Females** Eboni M. Zamani-Gallaher,Vernon C. Polite,2013-07-01 African American Females Addressing Challenges and Nurturing the Future illustrates that across education health and other areas of social life opportunities are stratified along gender as well as race lines The unequal distribution of wealth power and privilege between men and women intersects with race and class to create multiple levels of disadvantage This book is one result of a unique forum intended to bring into focus the K 12 and postsecondary schooling issues and challenges affecting African American girls and women Focusing on the historical antecedents of African American female participation and the contemporary context of access and opportunity for black girls and women the contributors to this collection pay particular attention to the interaction of gender with race ethnicity class age and health with the central aim of encouraging thoughtful reading critical thinking and informed conversations about the necessity of exploring the lives of African American females Additionally the book frames important implications for recommended changes in policy and practice regarding a number of critical matters presently affecting African American females in schools and communities across the state of Michigan and nationwide **Strategic Leadership** Victor C.X. Wang,2018-02-01 Strategic leadership is broadly defined as utilizing particular approaches in the management of employees The main objective is productivity It provides the vision and direction for the long term growth and success of an organization It requires objectivity and potential to look at the broader picture It is leaders responsibility to incorporate aspects of both the analytical and human dimensions to effectively drive the organizations forward As an academic subject it is taught in both education and business Leaders and managers have turned to strategic leadership to inspire and guide their visions and to formulate the directions so essential for the long term growth and success of an organization or a country Leaders need the skills and tools for strategy formulation and implementation in order to deal with change in our society Managing change and ambiguity requires strategic leaders who not only provide a sense of direction but who can also build ownership and alignment within their workgroups to implement change The goal of strategic leadership is to drive innovation and maximize team performance to enhance organizations long term growth and success in today s complex world of fastpaced dramatic change Research on strategic leadership has been going on for decades Textbooks on this subject are readily available If we look deeper we realize the vast majority of these books were written from a practitioner s perspective In other words these books were not based on empirical research Naturally these existing books have failed to better serve

the needs of today's graduate students who should be equipped with empirical research on such an academic subject This book will investigate emergent administrative techniques and business practices being used within educational establishments and corporate worlds It will highlight empirical research and best practices within strategic leadership

The Brother Code T. Elon Dancy II, 2012-10-01 The Brother Code What is the role of manhood and masculinity in the lives of African American males in college How do manhood norms influence decisions within and beyond college How might mothers and fathers differentially affect manhood and masculinity in their sons What are African American's men unique ways of knowing themselves and their surroundings The Brother Code Manhood and Masculinity among African American Men in College situates itself at the intersection of higher education and cultural studies to address these questions and more Primarily this book offers colleges and universities a penetrative gaze into a complex web of identities the manhood of African American males in college Yet the book also seizes a rare opportunity in higher education research to review six historical eras of African American manhood as well as the troublesome relationship between African American males and education in general This knowledge is important for understanding all aspects of African American male participation in college including enrollment retention curricular and co-curricular involvement Based on an empirical study the data in this book emerged from one on one interviews in which 24 African American males enrolled in 12 colleges discussed how manhood matters in their social and college lives The aim is to help unearth the marginalized topics of manhood gender and masculinity in males generally but more specifically among African American males a marginalized student group in education Using an interdisciplinary approach the book draws upon literature in history African American studies gender studies sociology cultural studies psychology and anthropology ASHE Reader in Organization and Governance in Higher Education Robert Birnbaum, 1983 Resources in Education, 1998 **Higher Education: Handbook of Theory and Research** John C. Smart, 2008-03-21 The Handbook series provides a compendium of thorough and integrative literature reviews on a diverse array of topics of interest to the higher education scholarly and policy communities Each chapter provides a comprehensive review of research findings on a selected topic critiques the research literature in terms of its conceptual and methodological rigor and sets forth an agenda for future research intended to advance knowledge on the chosen topic **Black Colleges Across the Diaspora** M. Christopher Brown II, T. Elon Dancy II, 2017-12-01 This book examines colleges and universities across the diaspora with majority African American and other Black designated student enrolments It engages the diversity of Black colleges and universities and explains their critical role in promoting academic excellence in higher education **Higher Education and the Market** Roger Brown, 2010-09-13 The introduction of market forces into higher education is the most crucial issue facing universities and colleges today As the role of universities in the knowledge society becomes ever more apparent and as public funding reaches its limit marketisation has become an issue of critical importance Discussions about the ever increasing cost of tuition affordability access university

rankings information and the commercialization of academic research take place not just in North America Western Europe and Australasia but also in Eastern Europe Asia and Latin America Higher Education and the Market provides a comprehensive account of this phenomenon and looks at its likely impact on key dimensions of university activity system structure funding and resources the curriculum participation and achievement research and scholarship interactions with third parties Contributors propose how market forces government intervention and academic self regulation can be combined to harness the benefits of increased competition and efficiency without losing the public good It is of particular interest to government and institutional leaders policy makers researchers and students studying higher education

Organization and Governance in Higher Education Marvin W. Peterson, Ellen Earle Chaffee, Theodore H. White, 1991
Articles emphasize conceptual topics rather than practical issues or implications Divided into three sections Organization Theory and Models Governance and Management Processes and Leadership Perspectives **ASHE Reader on**

Organization and Governance in Higher Education Marvin W. Peterson, 1986 **Strategic University Management** Loren Falkenberg, M. Elizabeth Cannon, 2020-11-09 Universities are being buffeted by multiple disruptive trends including increased competition for both funding and students as well as from new institutions that are nimbler and more responsive to the external environment To survive this reality university leaders must engage in effective strategic planning that cascades from the president or vice chancellor's office to individual faculty and staff Outcomes of an effective institutional strategy are the alignment of resource allocation with strategic goals and the facilitation of clear and transparent decision making for new program development research capacity growth and infrastructure investment With increasing expectations for university leaders to engage in strategic planning *Strategic University Management Future Proofing Your Institution* provides a practical framework for managing the process and delivering results This book illustrates that the inherent weaving of strategic planning and organizational culture through engaged consultation facilitates a culture of responsiveness rather than complacency Providing an in depth overview of the value strategy can create in universities it provides a framework for initiating implementing and assessing strategic planning in a university setting that will make it valuable to researchers academics university leaders and students in the fields of strategic planning organizational studies leadership and higher education management **Sociology of Higher Education** Patricia J. Gumport, 2021-04-27 Outstanding it presents a

comprehensive state of the field and it explores the role of sociological research in guiding higher education practice Choice In this volume Patricia Gumport and other leading scholars examine the sociology of higher education as it has evolved since the publication of Burton Clark's foundational article in 1973 They trace diverse conceptual and empirical developments along several major lines of specialization and analyze the ways in which wider societal and institutional changes in higher education have influenced this vital field of study In her own chapters Gumport identifies the factors that constrain or facilitate the field's development including different intellectual legacies and professional contexts for faculty in sociology

and in education She also considers prospects for the future legitimacy and vitality of the field Featuring extensive reviews of the literature this volume will be invaluable for scholars and students of sociology and higher education

Organization & Governance in Higher Education M. Christopher Brown, 2000 Comprises a collection of 40 readings to aid in understanding the multiple nuances of how colleges or postsecondary educational institutions are organized governed and administered Areas addressed are classic organization theory traditional administrative and governance models campus climate and

Higher Education in South Africa Eli Bitzer, 2009-10-01 Higher Education in South Africa should be of considerable interest to higher education researchers outside of South Africa as well as within for the general and comparative assessments it makes The South African higher education researchers included within its covers have clearly engaged with research and writing from many parts of the world which they have then applied to make sense of their own condition Malcolm Tight Lancaster University UK

Collegiality and the Collegium in an Era of Faculty Differentiation Nathan F. Alleman, Cara Cliburn Allen, Don Haviland, 2017-11-14 Dramatic shifts in the demographic and labor diversity of American faculty have pressed institutions and the profession to clarify who the real faculty are from tenured to adjunct faculty Efforts to equalize respect resources and treatment although laudable may be missing a vital aspect of the conversation the role of collegiality and the collegium Collegiality the cultural structural and behavioral components and the collegium or the shared identity collegiality serves are ancient concepts that raise timely questions for the faculty profession What is it about the history of the professoriate in America that has rendered the collegium inadequate and yet so important in an age of differentiated labor How might a renewed vision for collegiality bring clarity to the question of which faculty should be regarded as experts How can we adapt and leverage these important concepts for a professoriate that is increasingly diverse by demographics and employment category in ways that result in a more inclusive and robust profession Engaging in these questions through the extant literature will call readers into a compelling new conversation about the needs of and possibilities for the professoriate This is the fourth issue of the 43rd volume of the Jossey Bass series ASHE Higher Education Report Each monograph is the definitive analysis of a tough higher education issue based on thorough research of pertinent literature and institutional experiences Topics are identified by a national survey Noted practitioners and scholars are then commissioned to write the reports with experts providing critical reviews of each manuscript before publication

Using Servant Leadership Angelo Letizia, 2018-04-09 Using Servant Leadership provides an instructive guide for how faculty members can engage in servant leadership with administrators students and community members By utilizing a wide range of research and through a series of case studies Angelo J Letizia demonstrates how with a bit of creative thinking the ideals of servant leadership can work even in the fractious cash strapped world of contemporary higher education Furthermore he considers how these concepts can be implemented in pedagogy research strategic planning accountability and assessment
