Leadership in Healthcare: Essential Values and Skills, Fourth Edition Carson F. Dye, 2023-01-06 Leadership in Healthcare examines leadership through the lens of values and explores how they play a major role in leaders' effective performance Author Carson Dye shares the key values

that influence a leader's behaviors, priorities, thought processes, and actions. Dye also offers guidance for assessing team values and effectiveness at all career stages. The book is divided into five parts: Leadership in Healthcare, Personal Values, Team Values, Evaluation, and Additional Perspectives on Leadership. New content includes chapters on inclusivity, the role of physicians, and the role of leaders in supporting workers. In addition, a new chapter looks at the impact of the COVID-19 pandemic on leadership and the special challenges healthcare leaders have faced and continue to face in a very different healthcare environment. The book's special features include opening vignettes reflecting on workplace situations, sidebars, cases, and exercises to support discussions and stimulate reader response, and additional readings that provide an expanded understanding of chapter content. In addition, the book's appendices share tools for evaluating leaders and teams and driving self-evaluation.

ICE-BEES 2021 Kemal Budi Mulyono, Yozi Aulia Rahman, Dwi Puji Astuti, 2022-03-17 We proudly present the proceedings of 4th International Conference on Economics Business and Economic Education Science 2021 ICE BEES 2021. It has focus on the innovations in economics business education environment and sustainable development. The issue of economics and sustainable development is important today. Especially in the time of Covid-19. Not only globally but also Indonesia nationally to the local level. There are several important issues relating to this both institutionally and the relationships between individuals and groups in supporting the agenda of sustainable development. More than 200 manuscripts were presented at this conference with 101 of them selected to be published in proceedings. We hope by this conference discussions on the importance of sustainable development will increasingly become an important concern together. Brings better response from the government and social relations for development.

Management and Leadership in Nursing and Health Care Elaine La Monica Rigolosi, 2013 Time-tested leadership and management strategies based on experiential learning activities are at the foundation of this text for undergraduate and graduate students in nursing and health care leadership or management courses. It is grounded in theories and concepts applied to the health care environment from business, organizational psychology, health care law, and educational administration fields. The text encompasses theories of effective communication, problem analysis, conflict resolution, and time management challenges. This new edition includes three new chapters that cover current theories of creative leadership, working with diverse groups, and ethics for leaders and managers in health care, as well as new experiential learning activities throughout. These activities make theory application palpable and support the development of skills that students can use to motivate, educate, and lead those in health care to achieve the goals of a group, team, or organization. Included among the experiential learning activities are case studies, simulation, review questions, suggested assignments, and expected learning outcomes. The text will also be of value to nurse managers who wish to enhance their current leadership or managerial skills.
