Organized Crime Policing Illegal Business Entrepreneurialism:

Organized Crime Geoff Dean, Petter Gottschalk, Ivar Fahsing, 2010 Organized crime in the twenty first century is a knowledge war that poses an incalculable global threat to the world economy and harm to society the economic and social costs are estimated at upwards of 20 billion a year for the UK alone SOCA 2006 7 Organized Crime Policing Illegal Business Entrepreneurialism offers a unique approach to the tackling of this area by exploring how it works through the conceptual framework of a business enterprise Structured in three parts the book progresses systematically through key areas and concepts integral to dealing effectively with the myriad contemporary forms of organised crime and provides insights on where how and when to disrupt and dismantle a criminal business activity through current policing practices and policies From the initial set up of a crime business through to the long term forecasting for growth and profitability the authors dissect and analyse the different phases of the business enterprise and propose a Knowledge Managed Policing KMP approach to criminal entrepreneurialism Combining conceptual and practical issues this is a must have reference for all police professionals policing academics and government policy makers who are interested in a Strategy led Intelligence supported Knowledge Managed approach to policing illegal business entrepreneurialism **Organized Crime** Geoff

Dean, Ivar Fahsing, Petter Gottschalk, 2011 Countering Terrorist and Criminal Financing Scott N Romaniuk, Christian Kaunert, Amparo Pamela H Fabe, 2023-11-09 Countering Terrorist and Criminal Financing provides an up to date overview and critical analysis of terrorism financing focusing on tactics and practical measures directed at preventing money laundering and countering the flow of terrorism funding In doing so the book details some of the major doctrines outlining policies of states and key regional and global partnerships in Europe Asia North America South America the Middle East and Africa Chapters bring together a diverse range of expert scholars and practitioners who specialise in theoretical principles utilising empirical research and an analysis of the cross national networks and cross group collaborations that underpin the illicit activities that fund such groups The book serves as the most current and comprehensive resource in the area of countering the financing of terrorism and organised crime incorporating regional and group specific approaches challenges and consequences This focus encompasses legal measures social policies and military operations and security force responses by states and non state actors to assemble the most up to date counter terrorist financing information into a single volume **Rethinking Organised Crime** Leslie Holmes, 2024-05-02 A complex phenomenon which has undergone

significant changes in the past forty years Leslie Holmes argues that organised crime is in need of re conceptualisation This innovative book navigates the evolution of this issue to grasp its full scope in the twenty first century *Police Work* Colin Rogers, Rhobert Lewis, Tim John, Tim Read, 2011-05-23 This book provides a highly readable account of police work It builds upon Introduction to Police Work Rogers and Lewis 2007 to provide a comprehensive in depth and critical understanding of policing in today s diverse society Police Work Principles and Practice meets the need for an increasingly sophisticated and

professional approach to training within the police whether this is carried out within police forces themselves or within higher education institutions Written in an accessible style by current and former police practitioners and a nationally recognized expert on the National Intelligence Model this book focuses in line with the government's agenda for workforce modernization on three key areas of policing community investigation and intelligence It introduces readers to many important areas through the use of definition boxes scenario boxes highlighting good practice points to note boxes flowcharts and diagrams as well as a wide range of questions and exercises to help apply their knowledge to different situations and scenarios This book will be essential reading for those on probationer training programmes and a valuable resource for students taking courses in policing and criminology more generally where an advanced level of understanding of the nature of police work is required

Financing of Organised Crime Center for the Study of Democracy, University of Trento, Teesside University, 2015 The report Financing of Organised Crime contributes to a better understanding of the financial aspects of organised crime The analysis explores topics such as the sources and mechanisms for financing organised crime settlement of payments access to financing in critical moments costs of business and the management of profits Drawing on the results of the analysis the report also suggests possible new approaches to tackling organised crime

Technology-led Policing Evelien De Pauw, Paul Ponsaers, Kees van der Vijver, Willy Bruggeman, Piet Deelman, 2011 Technology has always played an important role in the performance of police tasks In recent years that role has not only expanded but has also been renewed On one hand technology plays a role in supporting policing closed circuit television scanning equipment technical methods of detection etc On the other hand new technology offers opportunities to commit crime particularly in the sphere of information technology which requires constant adjustments of the police in their investigation methods The use of technology raises many interesting questions There are important privacy issues There are also consequences of investing in technology Additionally are police investigations keeping sufficiently up to date with technological developments including advances in computer technology as well as strong developments in the sphere of natural science This book originally a volume of the Journal of Police Studies examines the concerns and necessity for technology in poli

Crime and Violence in the Caribbean Camille A. Gibson, Lorna E. Grant, Sherill V. C. Morris-Francis, 2018-12-12 This volume provides an overview of the Caribbean countries its colonial history causes costs and consequences of crime and violence in the Caribbean The contributors pull from primary research and the available data from multiple sources including national and country specific reports to assess the magnitude characteristics and the changing nature of crimes in various Caribbean countries Discussion is offered on the following crime issue gender based violence homicides drugs gangs money laundering murder suicided deportation and the use of Geographic Information System GIS to fight crime In addition the book provides a discussion of the crime prevention capabilities of selected countries looking at the nature of the crime problem offers an assessment of the crime prevention capabilities and makes suggestions

for policy development **Policing Organized Crime** Petter Gottschalk, 2009-08-26 When criminal activity is as straightforward as a child's game of cops and robbers the role of the police is obvious but today's bad guys don't always wear black. In fact the most difficult criminals to cope with are those who straddle the gray divide between licit and illicit activity. Many of these nefarious sorts operate on the fringe of society.

Entrepreneurship in Policing and Criminal Contexts Robert Smith, 2021-03-25 Entrepreneurship in Policing and Criminal Contexts explores the contemporary and under researched themes of entrepreneurial policing and entrepreneurialism in criminal justice contexts which are emerging topics of both theoretical and practical interest in the current rapidly changing criminal justice environment.

White-Collar Crime Online Petter Gottschalk, Christopher Hamerton, 2021-10-05 This initiating monograph provides the first thorough examination of the concept of white collar crime online. Applying an offender based perspective which considers the central role of convenience it seeks to inform, improve and develop the current literature on cybercrime whilst paying particular attention to its founding category within criminology. It argues that white collar crime has receded from criminological perspectives on cybercrime in recent years and that a detailed rich re assessment of white collar crime in contemporary digital societies is needed. Following a theoretical introduction the book develops to discuss inter alia implications for corporate reputation, the various organizational roles utilized in mitigating external and internal threats, the unique considerations involved in law enforcement efforts and likely future directions within the field. White Collar Crime Online recognises the strong lineage and correlation that exists between the study of white collar crime and cybercrime. Using convenience theory within a comparative analysis which includes case studies the book explores both European and American paradigms, perspectives and models to determine where white collar crime exists within the contemporary workplace and how this might relate to the ongoing discourse on cybercrime. In doing so it reevaluates criminological theory within the context of changing patterns of business, the workplace, social rules, systems of governance, decision making, social ordering and control. White Collar Crime Online will speak to criminologists, sociologists and professionals including those interested in cyber security, economics, technology and computer science.

The Handbook of Collective Violence Carol A. Ireland, Michael Lewis, Anthony Lopez, Jane L. Ireland, 2020-04-22 The first of its kind The Handbook of Collective Violence covers a range of contexts in which collective violence occurs bringing together international perspectives from psychology, criminology and sociology into one complete volume. There have been significant advances made in the last 25 years regarding how collective violence is conceptualised and understood with a move away from focusing on solely individual forms of violence toward examining and understanding violence that can occur within groups. This handbook presents some of the most interesting topics within the area of collective violence drawing upon international expertise and including some of the most well known academics and practitioners of our generation. Structured into four parts: understanding war, terrorism, public order and organized violent crime and gang and multiple offender groups, this volume provides academics

and practitioners with an up to date resource that covers core areas of interest and application Accessibly written it is ideal for both academics and policymakers alike capturing developments in the field and offering a deep theoretical insight to enhance our understanding of how such collective violence evolves alongside practical suggestions for management prevention and intervention *Leading Policing in Europe* Cales, Bryn, Tong, Steve, 2017-01-18 In this unique book the authors present for the first time information from over a hundred strategic police leaders in 22 countries about how they are selected for high office how they are held to account and what their views are on current and future challenges in policing

Challenges to Democracies in East Central Europe Jan Holzer, Miroslav Mareš, 2016-05-12 Democratic development in Central and Eastern Europe is not a finished project nor is its progress immune to internal and external threats The current social economic ethnic and political situation within the region presents new dangers This text identifies and analyses challenges to current East Central European democracies in terms of potential deconsolidation of democracy reflected in the changes in the institutional and procedural framework polity and in the choice of instruments and strategies in the policy area Specifically examining the regimes of the Czech Republic Hungary Poland Slovakia and Slovenia these challenges include political extremism and violence corruption ethnic and religious conflicts Presenting original Central European data and utilising the concept of consolidation of democracy from von Beyme and Merkel's concept the book demonstrates that these challenges are as much influenced by imported phenomena such as immigration organized crime and other potential systemic undemocratic volatilities as the domestic situation This text will be of key interest to scholars and students East European politics post Soviet politics EU Studies security and strategic studies international relations area studies modern history and sociology **Encyclopedia of White-Collar and Corporate Crime** Lawrence M. Salinger, 2013-06-14 Since

the first edition of the Encyclopedia of White Collar and Corporate Crime was produced in 2004 the number and severity of these crimes have risen to the level of calamity so much so that many experts attribute the near Depression of 2008 to white collar malfeasance namely crimes of greed and excess by bankers and financial institutions Whether the perpetrators were prosecuted or not white collar and corporate crime came near to collapsing the U S economy In the 7 years since the first edition was produced we have also seen the largest Ponzi scheme in history Maddoff an ecological disaster caused by British Petroleum and its subcontractors Gulf Oil Spill and U S Defense Department contractors operating like vigilantes in Iraq Blackwater White collar criminals have been busy and the Second Edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles *Hidden Power* James

Cockayne, 2017-10-01 An exploration of a world in which states and mafias compete in a market for government and not only states but also some criminal groups make war **A Research Agenda for Organised Crime** Barry Rider, 2023-03-02 This insightful Research Agenda explores the varied manifestations of organised crime both on the street and through transnational enterprises and reveals its impact on the integrity of the financial system Leading academics identify measures

which would disrupt and discourage these threats however sophisticated and consider avenues for future research

The Invisible Camorra Felia Allum, 2016-09-27 The organized crime group that dominates much of the socioeconomic life of contemporary Naples the Camorra is organized by kin and geography and it is notoriously the most violent fractious and disorganized mafia in Italy The Camorra controls local extortion rackets the drug and counterfeit trades and other legal and illicit activities as well as wielding substantial political influence throughout Naples and its environs Felia Allum has been researching the Camorra for twenty years and in *The Invisible Camorra* she reveals a surprising alteration in Camorra behavior when operatives live outside the Neapolitan base When gang members move away from Naples having been forced out by intense policing and gang competition they are attracted by business opportunities that on the whole fit in with their usual activities When they move to other parts of Western Europe and are therefore no longer criminals simply by virtue of mafia association as they are in Italy they become largely invisible Gang members avoid the spectacular deployment of violence they merge quietly into local life they keep themselves to themselves and when necessary use legitimate local actors such as lawyers and accountants to further their economic well being Allum has constructed a meticulous description and analysis of Camorra activities abroad To build accounts of the Camorra in Germany and the Netherlands France Spain and the United Kingdom she has interviewed investigating magistrates police officers and confessed criminals done substantial mining of Italian and European police data and made extensive use of judicial investigations court records and transcripts as well as of journalistic accounts The result is the first systematic analysis of the overseas activities of this major criminal organization

Drug Mules J. Fleetwood, 2014-06-18 Winner of the British Society of Criminology Book Prize 2015 Fleetwood explores how women become involved in trafficking focusing on the lived experiences of women as drug mules Offering theoretical insights from gender theory and transnational criminology Fleetwood argues that women's participation in the drugs trade cannot be adequately understood through the lenses of either victimization or agency

An Ontology of Organized Crime Stephen Schneider, 2024-11-29 One of the most elusive pursuits in the study of organized crime is developing a definition description or conceptual model that captures its complexity diversity and ever changing nature This book takes a comprehensive approach to unraveling the intricacies and variations of organized crime providing a detailed account of its many attributes Based on a review of the theoretical literature the author has created a holistic typology essential to understanding organized crime The typology comprises 28 attributes divided into five thematic categories associational the relationship among the offenders that leads to some discernible structure commercial revenue generating crimes operational support functions and expenditures institutional factors that sustain a criminal association and activities over time and cultural behavioral the norms values and codes of organized crime and how they affect the actions of offenders These categories are not simply used to classify the different attributes each one represents a structural pillar of an organized criminal association As a meta analytical framework the typology is the first to incorporate the foremost ways in

which organized crime has been conceptualized in the literature as an association of offenders the crimes perpetrated how organized crimes are carried out and as a form of underworld governance The book also adapts the static typology into a flexible and testable conceptual model that recognizes the many variations among organized criminal associations and which can be used to determine when a group of offenders constitutes organized crime Besides their theoretical and empirical purposes the typology and conceptual model have been constructed as applied frameworks for informing strategic enforcement setting priorities tactical enforcement targeting and denigrating the structural pillars of an organized criminal association and policy purposes as a basis for a comprehensive multi sectoral control plan This book is invaluable for students and scholars studying organized crime as well as criminal justice professionals looking for guidance on enforcement strategies and public policies

Thank you enormously much for downloading **Organized Crime Policing Illegal Business Entrepreneurialism**.
