Origin Of The Nations By John Pilkey:

Project Apostasy Jesse Acuff, 2008-08-29 Project Apostasy The Development and Propagation of the Trinitarian Doctrine is Satan's story Spurred by his inordinate beauty and consummate pride he rebelled against his Creator Undeterred by his categorical defeat he launched the most blasphemous doctrine to ever invade the Christian Church Through his evil minions the Babylonian king Nimrod and his mother wife Semiramis Satan developed the Trinitarian Doctrine which was spread worldwide by the Babylonian Mysteries taken up by the Romish Church who has been its most ardent disseminator since the 4th century AD Through the ages this doctrine has become the darling of orthodox Christianity and is taught as fact when there is no evidence of it in the Scriptures Nevertheless it has affected millions by keeping them in abject spiritual darkness A W Tozer in his book The Knowledge of the Holy on page 6 observes The essence of idolatry is the entertainment of thoughts about God that are unworthy of Him He further states Wrong ideas about God are not only the fountain from which the polluted waters of idolatry flow they are themselves idolatrous Project Apostasy and the Holy Trinity challenges the reader to search out the truth behind the development of the Trinitarian Doctrine It behooves us to emulate the Bereans who searched the Scriptures daily seeking the truth It is time that we returned to the Gospel the Apostles first delivered Jesus quoted the Shema as his creed Hear O Israel the Lord our God is one God And in John 17:3 he declared His Father as the only true God This is pure monotheism as opposed to the orthodox Trinitarian concept of three in one We should rather take up the creed of Jesus and the Apostles and cease from our idolatrous worship of a triune God a concept never taught in the pages of the Bible

Noah's Ark and the Genesis 10 Patriarchs Ross Marshall, 2018-04 Literate world history took shape during the course of the third millennium BCE chiefly in the Mesopotamian land of Sumer There is a vast difference between the way secular scholars process this data and the way believers in the Bible can and should process it By accepting at face value both the chronological perspective of the Bible and the high longevities of the Noahic patriarchs biblicists can make sense of Sumerian data and revolutionize the image of world history at its source This book details the genealogical comparisons of all the nations mythological pantheons with the Genesis Chapter 10 list of post flood patriarchs and establishes a foundation for building a true history of mankind 420 pp The Lost Continent of Pan Susan B. Martinez, 2016-12-15 Reveals the Pacific Ur culture that seeded the ancient civilizations of China Egypt India Mexico and Peru Shows how the Pan diaspora explains the similarities between Gobekli Tepe and Toltec carvings and stone towers in Japan and on Easter Island Reveals the mother tongue of Pan hidden in shared word roots in vastly different languages including Quechua Sanskrit Japanese Greek and Sumerian Explains the red haired Caucasian mummies of China the Ainu of Japan the presence of white humans in early Native American legend and other light skinned peoples found in Southeast Asia and the Middle East The destruction of the vast continent of Pan also known as Lemuria or Mu in the Pacific Ocean 24 000 years ago was the greatest catastrophe that ever befell humanity Yet it resulted in a prehistoric Golden Age of arts and technology thanks to the Sons of Noah who

forewarned and prepared for the disaster escaped in 5 organized fleets Theirs was the masterful Ur culture that seeded China Egypt India Mexico and Peru explaining the sudden injection of the same advanced knowledge and sophisticated arts into those widely separated lands Examining the diaspora from the sunken continent of Pan Susan B Martinez finds traces of the oceanic Pan civilization in arts and technologies from canal works masonry and agriculture to writing weaving and pottery but most importantly in the art of navigation the hallmark of the survivors of the catastrophe Using archaeo linguistic analysis she reveals the mother tongue of Pan hidden in strikingly similar words for royalty deities and important places in vastly different languages including Quechua Maori Sanskrit Japanese Chinese Greek and Sumerian as well as English through the prefix pan which denotes all encompassing The author reveals how the Pan diaspora explains the mound builders on each continent the presence of white humans in Native American legend the red haired mummies found in China and the Ainu of Japan She shares recent genetic studies that reveal Polynesian DNA in central Europeans Mesopotamians South Americans and the 9000 year old Kennewick man and shows how Pan provides the missing link She reveals why carvings at Gobekli Tepe are similar to Toltec artistry why stone towers in Japan and Easter Island are identical and how the Pacific Ring of Fire was activated Moving the Garden of Eden from the Fertile Crescent to the South Seas Martinez strikes down the pervasive view of Atlantis as the source of ancient knowledge and exposes the original unity of mankind on the ancient Pacific continent of Pan

You Can Believe the Bible Willis C. Newman,2010-06-15 This book is a compact overview of the Bible It is more a book on what the Bible is rather than what the Bible says We live in a day when this great Book is considered a relic of the past irrelevant or in some cases a danger to society This book is designed to give the reader an overview of the nature of the Bible and its place in society Many reasons based on solid evidence are listed demonstrating why we can take the Bible at face value Our objective of this work is to challenge the non believer to take the Bible seriously and to give a boldness and confidence to the believer We can proclaim the Bible with assurance that it is truth from God to the human race We can trust the Bible with decisions in our own personal life It is a Book that we can use to form the foundation of our life family society and nation

Vol-1 John D Pilkey, 2019-06-15 Readers will find that this book Second Edition is based on young earth creationism and that the author espouses a tightly woven chronology in which the Noachian deluge occurs at 2518 B C Pilkey realizes that to dispute high chronology with a Darwinian is like blaspheming against the idea of eternity because vast time periods have become for the Darwinist a substitute for eternity He writes a compelling apologetic for what he calls Noahic science which he feels is the atomic physics of world history Pilkey believes that Noahic science when fully conceived will liberate us from Darwinism so that we will then be able to see the past for what it really was The author carefully and brilliantly exegetes such archaeological sources as the Gundestrup Caldron and Mesopotamian Seals While paying attention to Scripture Pilkey demonstrates that the myths and king lists of ancient societies support the Biblical pattern of monophylogenetic human origins Pilkey attempts to bring identity between such widely separated fields as human mythology Biblical truth and the plight of modern man Fascinating parallels are drawn for example between Peleg s struggle with Canaan and Elijah s later conflict with Jezebel herself a Canaanite descendant To those who would argue that the Bible should be treated as a book of salvation alone ignoring any of its historical cultural or related features Pilkey answers as follows The Bible functions as a book of salvation precisely because it is a book of science literature and philosophy True science is salvation from ignorance historical literature is salvation from pagan amnesia and true philosophy is the Logos Jesus Christ the Truth and Savior One reason that secularism has spread in our day is that persons of religious background have become spiritually and therefore intellectually lazy unimaginative and apathetic toward key issues of faith Specialists in history or mythology would do well to read the book consecutively Interested general readers however might wisely begin with the last three chapters 7 8 and 9 to achieve an overview of the principals involved before attempting to assimilate the array of details found in the earlier chapters Creationists and others desiring to understand Noah s family and its contribution to present day national governments will find this volume indispensable All students of ancient literature and mythology should consider their work deficient if they do not study this truly landmark endeavor Second Edition 2019 comes with additional commentaries and footnotes by the Editor 350 pages
