The

Origins of the Aramaic Alphabet a New Theory Travis Wayne Goodsell,2016-01-04 The Paleo Hebrew Paleo meaning old alphabet also called Phoenician has an unknown origin The Aramaic alphabet however has Babylonian influencing Yet Travis Wayne Goodsell s theory indicates that this was not originally the case Travis has identified Egyptian Hieratic matches different from the tradition and even different from the letters of Paleo Hebrew making it a distinct language rather than an evolutionary one There are still some letters that so far remain unidentified But what is known is presented [The Complete Book of Paleo-Hebrew: Part 1, the Alphabet](#) Travis Wayne Goodsell,2016-05-20 This collection of volumes represents the equivalent of thesis work for a PhD The origins of the Paleo Hebrew alphabet are shrouded in mystery Travis Wayne Goodsell s two decades of research has produced new theories that help to explain its beginnings This fourth volume is dedicated to the theories to explain the evidence of volume three Factual Scientific Observations The main premise is that Paleo Hebrew being related to Egyptian Hieroglyphs is therefore translatable on different levels having different types of meaning for each letter It is well known that Egyptian can be translated multiple ways The Egyptian Combo Glyph of the Creation Story for example is known not only as a story about the Creation of the Earth but also the annual Nile inundation the founding of Egypt and an incestuous relationship between sibling Gods The levels that I illustrate are 1 Deity Representations 2 Deity Attributes Representations can also be called Anthropomorphic Representations 3 Environmental Representations 4 Historical Representations 5 Biblical Historical Representations 6 Ritual Representations 7 Prophecy Representations Astronomical Representations is unknown by me and Numerical or Gematria Representations were covered in the first volume being the same as the traditional belief In this volume I also assign new names and phonemes to Paleo Hebrew based upon the evidence of the matches with the Paleo Greek alphabet pictorially For the two languages to be the same pictographs and not be the same or similar in naming and phonetics is just illogical to me This is a new paradigm based upon the observations of the Paleo Hebrew letters and the manner of translating Egyptian Hieroglyphs The Hypothesis that I work off of is that Paleo Hebrew is derived from the invented language of the Greek Merchants and the learning of the Egyptians

The Complete Book of Paleo-Hebrew: Part 1, the Alphabet Travis Wayne Goodsell,2016-05-20 This collection of volumes represents the equivalent of thesis work for a PhD The origins of the Paleo Hebrew alphabet are shrouded in mystery Travis Wayne Goodsell s two decades of research has produced new theories that help to explain its beginnings This third volume illustrates the factual scientific observations with the letters of Paleo Hebrew This is the foundation for my theories One can not like my theories but they have to admit the observations are true And with my observations being true the traditional theory is false and a new theory must be adopted My theories explain the observations The first observation is with comparisons with the Paleo Greek letters Paleo Greek is not considered Semetic yet its letters are the same as Paleo Hebrew which is traditionally considered Semetic That s the first clue that something is wrong with the traditional theory The second observation is the accurate matching to Egyptian Hieratic Hieroglyphs With the manner in which Egyptians

understood each Hieroglyph and with the observations of each Paleo Hebrew letter corresponding to a Hieroglyph s Hieratic character deductively concludes that Paleo Hebrew letters have levels of meaning like the Egyptian Hieroglyphs The third observation is the etymology of Paleo Hebrew The strokes each have meaning in representing the letter And the fourth observation is the comparisons of the Paleo Hebrew alphabet letters to the same Chinese characters I m not sure what it means to have Chinese equal in language understanding to Paleo Hebrew and thus Egyptian But it is clear there is a unifying connection All these observations are necessary in preparation for presenting the new paradigm Level 7 Ancient

Goodsell's Buyer's Checklist Travis Wayne Goodsell,2016-01-29 I ve been working on the ancient alphabets since 1996 After making my discovery of the origins of the alphabets I ve done a lot of research which is all published But with the popularity of the interest in the ancient languages has inspired me to redesign my publications to make it simpler for others to understand and to take the learner through the various levels of understanding Then I got inspiration to expand the level system to include a simplification of the scientific research process So because of the numerous books I then got inspired to turn my note papers into a publication for others to use as a checklist for their own personal library Obviously I haven t published all of the books listed but it is a listing of all of the books I will publish this year so you can keep watch for what you are looking for **Level 4 Ancient Alphabet** Travis Wayne Goodsell,2016-01-27 The origins of the alphabet are
