Mexico En Llamas El Legado De Calderon:

México en Llamas: el legado de Calderón Anabel Hernández, 2012-12-01 Tras el rotundo éxito obtenido con *Los señores del narco* Anabel Hernández nos entrega un libro clave para entender el legado que deja Felipe Calderón quien será recordado de acuerdo con la periodista como el presidente del exterminio. México en llamas el legado de Calderón constituye una indispensable revisión crítica y una rigurosa denuncia de los casos más escandalosos de corrupción y complicidad política del llamado sexenio de la muerte donde destacan nombres tan diversos como Manuel Bribiesca Sahagún Genaro García Luna Guillermo Galván Galván Mario Arturo Acosta Chaparro Isabel Miranda de Wallace y Carlos Salinas de Gortari. Felipe Calderón Hinojosa asegura Anabel Hernández ser recordado por los cinco principales legados de su gobierno: el infinito poder del narcotraficante Joaquín El Chapo Guzmán el asesinato impune de más de 60 mil personas víctimas de la llamada guerra contra el narcotráfico la destrucción de su partido político el PAN un México controlado por criminales grupos de criminales y brigadas de mercenarios y el regreso del PRI a Los Pinos. Para la periodista los resultados de la estrategia fallida del panista son palpables: el incremento acelerado en el consumo y la producción de estupefacientes así como la penetración del crimen organizado en las instituciones encargadas de brindar seguridad e impartir justicia: el Ejército la Marina la SSP la PGR y el Poder Judicial ni una sola se ha librado del escándalo. El propósito fundamental de esta obra es informar a la sociedad y darle elementos para exigir justicia. Al fin de cuentas explica la autora la única forma de mantener nuestra esperanza en un futuro mejor de que podamos desterrar este México de muerte e impunidad es asegurarnos de que lo que ocurrió durante estos últimos seis años no se repita.

Documenting Violence in Calderón's Mexico Jessica Wax-Edwards, 2023 An analysis of how artists filmmakers and affected citizens in Mexico attempted to navigate articulate and contend with the unparalleled escalation in brutality during the presidency of Felipe Calderón 2006 2012. In Mexico during the presidency of Felipe Calderón 2006 2012 and as a direct result of his war on drugs at least 60 000 people were killed tens of thousands were disappeared and countless more were subjected to kidnapping and sexual violence. This book analyses how artists and filmmakers alongside affected citizens attempted to navigate articulate and contend with this unparalleled escalation in brutality. The texts studied here provide a critical visual archive of this first phase in the drug war and show how artists including Pedro Pardo Fernando Brito Mónica González and Natalia Almada attempted to challenge official narratives foster emerging nodes of resistance and seek justice for citizens. Bringing together works of photography photojournalism documentary and short fiction cinema the book argues for the vital role of cultural production in documenting institutional corruption human rights abuses and narco related violence in Mexican society and providing a space to grieve and remember the victims. As Mexico's socio political landscape continues to deteriorate the book shows how its visual cultural legacy provides a means of understanding and responding to the violence.

Performance in the Zócalo Ana Martínez, 2020-10-01 For more than five centuries the Plaza Mayor or Zócalo in Mexico City has been the site of performances for a public spectatorship. During the

period of colonial rule performances designed to ensure loyalty to the Spanish monarchy were staged there but over time these displays gave way to staged demonstrations of resistance Today the Z calo is a site for both official government sponsored celebrations and performances that challenge the state Performance in the Z calo examines the ways that this city square has achieved symbolic significance over the centuries and how national ethnic and racial identity has been performed there A saying in Mexico City is *quien domina el centro domina el pa s* whoever dominates the center dominates the country as the Z calo continues to act as the performative embodiment of Mexican society This book highlights how particular performances build upon each other by recycling past architectures and performative practices for new purposes Ana Mart nez discusses the singular role of collective memory in creating meaning through space and landmarks providing a new perspective and further insight into the problem of Mexico s relationship with its own past Rather than merely describe the commemorations she traces the relationship between space and the invention of a Mexican imaginary She also explores how indigenous communities Mexico s alienated subalterns performed as exploited objects exotic characters and subjects with agency The book s dual purposes are to examine the Z calo as Mexico s central site of performance and to unmask without homogenizing the official discourse regarding Mexico s natives This book will be of interest for students and scholars in theater studies Mexican Studies Cultural Geography Latinx and Latin American Studies

Violence, Conflict and Discourse in Mexican Cinema (2002-2015) Miriam Haddu, 2022-01-26 The last two decades have seen dramatic changes to Mexico s socio political landscape A former president fleeing into exile political assassinations a rebellion in Chiapas and the eruption of the so called war on drugs provide key examples of critical events shaping the nation This book examines Mexican cinema s representations of and responses to these socio political moments Beginning with the definitive year 1994 which saw the Ej rcito Zapatista de Liberaci n Nacional EZLN declare war on the Mexican government the early chapters in this book discuss the outcome of these episodes in subsequent years and how they find screen representation The study then moves on to provide close readings of key filmic texts as reflections of the so called narco war and its effects on Mexican society Focusing on both fiction and documentary filmmaking this book explores notions of violence victimhood and the complex processing of grief in the context of enforced disappearances and the narco conflict In addition to examining films made in Mexico this investigation incorporates the work of three of the nation s most celebrated transnational directors Guillermo del Toro Alejandro Gonz lez I rritu and Alfonso Cuar n By examining their work on European soil as a comparative exercise the analyses offer an understanding of the imprints left by warfare and trauma upon the collective and individual psyche seen from a universal viewpoint Using rigorous theoretical frameworks and succinct filmic analyses this book will be essential reading for those interested in Mexican and Latin American film as well as those working in the fields of Cultural Screen and Trauma Studies

The Economic Geographies of Organized Crime Tim Hall, 2018-04-09 Illicit and illegal markets play a substantial role in the global economy yet have received little attention from economic geographers This incisive innovative

book examines the spatial dimensions of hidden economic practices and asks how organized crime can be understood empirically and conceptually through a geographical lens Going beyond stereotypes about gangsters the book explores the role of spatially distant corporate state and criminal actors in such activities as trafficking and smuggling of drugs people and goods counterfeiting cybercrime corruption money laundering financing of terrorist groups and environmental crime It suggests ways that a geographical analysis can contribute to improving policies and practices to curb organized crime at the regional national and global levels

The United States and the Armed Forces of Mexico, Central America and the Caribbean, 2000-2014 René De La Pedraja, 2014-11-05 Tracing the U S government s efforts to shape the armed forces of Mexico Central America and the Caribbean from 2000 to 2014 this narrative concentrates on the Army but also discusses Air Force and naval forces including the Marines and the Coast Guard Police forces in those regions are also covered Mexico s ongoing struggle with drug cartels is discussed extensively Venezuela and Cuba receive considerable attention This study is the first to examine in detail the armed forces of countries such as the Dominican Republic and Jamaica Sections on Haiti and Panama countries supposedly without armies reveal the decisive role the U S has played in determining their military policies The text weaves the histories of these armed forces into the broader context of the politics economics and international relations in the region A clear and brief introduction to the relations of Mexico Central America and the Caribbean with the United States is provided

Sites of Memory in Spain and Latin America Aída Díaz de León, Marina Llorente, Marcella Salvi, 2015-09-03 Sites of Memory in Spain and Latin America is a collection of essays that explores historical memory at the intersection of political cultural social and economic forces in the contexts of Spain and Latin America The essays here focus on a variety of forms of memory from the most concrete to the performative that resist forgetting and unite individuals against hegemonic memory The volume comprises four thematic sections that focus on Chile Spain Argentina Venezuela Mexico Peru and the Dominican Republic Keeping in line with the concept informing this collection that the past returns politically to haunt the present the four sections move from the contemporary context to the colonial and pre Columbian eras in Latin America For all its diversity the researchers interdisciplinary methodology displayed in this collection brings to light processes that would otherwise have remained illegible under a more narrow interpretative approach to historical memory This volume focuses on the processes of remembering in geographies that have been transformed by violence and conflict in Spain and Latin America In the cases investigated witnessing trauma and testimony speak to the urgency of truth and justice historical memory therefore is ultimately a political act

The Grammar of Civil War Will. Fowler, 2022-07 Unlike wars between nations wherein the population generally comes together to defend its borders and is united by a common national goal civil wars tear countries apart divide families and turn neighbors against each other Civil wars are a form of self harm in which a country s people seek redemption through self destruction punishing or severing those parts that are seen to have made the nation ill And yet civil wars with their characteristically appalling violence remain chillingly common defying the

notion that they are somehow an aberration In The Grammar of Civil War Will Fowler examines the origin process and outcome of civil war Using the Mexican Civil War of 1857 61 or the War of the Reform the political and military conflict that erupted between the competing liberal and conservative visions of Mexico s future Fowler seeks to understand how civil wars come about and when they do how they unfold and why By outlining the grammatical principles that underpin a new framework for the study of civil war Fowler stresses what is essential for one to take place and explains how once it has erupted it can be expected to develop and end according to the syntax morphology and meanings that characterize and help understand the grammar of civil war generally **La seguridad nacional de México** José Luis Vergara Ibarra,2018-06-05
