Criminal Prosperity Guilhem Fabre, 2013-01-11 Drug trafficking is the most visible part of the profits of organized crime which have grown considerably since the end of the cold war The mirror of history shows us the impact of the drug trade in the colonization of Asia The post cold war geopolitical context reproduces elements of the past with new opportunities for drug trafficking in the globalization process as can be seen in the example of China and the lasting impunity in terms of money laundering With the growing role of offshore locations in the global financial system criminal prosperity has even affected the economic stability of some countries This book presents a new and heterodox interpretation of the post cold war financial crisis by focusing on the unexplored dimension of illicit actors The Mexican crisis of 1994 and its tequila effect is analyzed as a model of a cocaine effect from the local laundering of profits from the sale of drugs in the US The Japanese crisis of the 1990s is put in relation to the economic influence of the Yakuza on the real estate bubble which had the effect of postponing necessary market adjustments And the Thai crisis of 1997 is analyzed in the light of massive money laundering of institutional and criminal networks whose undeclared profits represent about 10% of GDP **L'Amérique latine et**

Waiting Territories in the Americas Alain Musset, Laurent Vidal, 2016-09-23 Mobility and displacement are major characteristics of contemporary societies These population shifts are far from fluid homogeneous or linear but are instead interspersed with a range of longer or shorter periods of waiting Whether these intervals are technically administratively or politically motivated they are often understood in spatial terms waiting societies have a territorial dimension This volume examines and assesses the many forms that waiting territories take in order to better understand their various juridical statuses their relationships with their spatial environment and specific forms of temporality and the various economic and social relationships which they foster The contributions primarily focus on the Americas because this continent is the product of the voluntary or forced displacement of various population groups that have themselves left their mark on the territories which they have appropriated The book is divided into five parts Part I The Genealogy and Stakes of Waiting Situations presents waiting as a state of mobility Part II When Waiting Defines a Territory focuses on the spatial implications of situations of waiting Part III Social Practices and Spatial Dynamics in Waiting Territories explores the ways in which people inhabit waiting territories Part IV Waiting Territories and the Challenges to Identity examines the mutations of identity in situations of waiting and Part V The Memory Heritage and Curation of Waiting Territories looks at the way in which waiting territories can become the focus of heritage practices and the politics of memory Canadian Journal of Latin American and Caribbean Studies, 1989 *México en tres momentos, 1810-1910-2010* Alicia Mayer, 2007 Histoire, Géographie, Géopolitique du monde contemporain • l'essentiel du cours et les clés pour réussir • Prépas ECS 1re année - 3e édition mise à jour Nonjon Alain, Billard Hugo (coordinateurs), 2018-07-24 Pour donner de l paisseur ce nouveau programme ambitieux mais exaltant les auteurs de cet ouvrage ont d cid de donner aux tudians des moyens proportionnn s ces ambitions Un unique volume qui couvre tout le programme de fa on synth tique mais offrant un cours complet Une quipe d enseignants rod s au terrain de la pr paration et la mise en avant des probl matiques trois ou quatre par chapitre Une maquette simple ax e sur ce qu il faut retenir ce dont il faut d battre ce qu il faut hi rarchiser dans le temps des chronologies pur es ce qui doit tre valu chiffres cl s ce qui doit bien s noncer lexique en fin d ouvrage Un souci constant de d boucher sur une r flexion originale loign e des clich s avec un rappel en fin de chapitre des id es re ues d battues Des bibliographies comment es et cibl es un ouvrage indispensable d crypt des livres des sites des films Une pr paration explicite aux quatre types d exercices demand s aux candidats des cartes croquis de synth se conformes aux exigences des concours des cartes comment es des dissertations et des questions d oral r dig es et structur es *Navigation et installations lacustres dans les hautes terres du Mexique: les cas*
