by the women for the women and that women writers must write about women related issues They say feminism entered India with the influence of western literature in twentieth century But I feel writers like Rabindranath Tagore who wrote Two Sisters D R Bendre who wrote Putta Vidhave in Kannada Kuvempu who wrote Kanuru Subbamma Heggaditi and R K Narayan are feminists in many of their works Tarabai Shinde the first modern Indian feminist formulates her ideology from the influence of Satyashodhak Movement lead by Phule couple *Clinical child psychology* ,2009 *Indian Women Novelists in English* Jaydipsinh Dodiya,2006 Contributed essays **International Journal of Dravidian Linguistics** ,2013 **The Self and the Sonnet** Rajan Barrett,2010-09-13 The Self and the Sonnet is an interdisciplinary study which considers the sonnet a near eight hundred year old form and looks at the historical meanderings and the popularity of the form among cultures that are far removed from the location of its origin in Italy The book tracks the notion of the self from its Platonic beginnings to the Postmodern using insights from Charles Taylor Brian Morris and Calvin O Schrag so as to work out a model of the self Jan Pato ka s phenomenological notions of the self and Chaos Theory are important cohesive elements in the composition of this model A limit point in Mathematics is a point that is not in the set around which all the points cluster The book looks at the self from the limit points of the body mind world and language It analyzes sonnets which predominantly show a tendency to one of these limit points However it keeps in mind the other limit points as possibilities of a comprehensive analysis The motivation for this body of research comes primarily from the notion of the sonnet being a form that initially exists along with the epic as canonical writers of literary epics also write sonnets The historic and narrative moment of self in sonnet form calls for a questioning of both the self and the sonnet The book tries to address the questions What changes in the notion of self prompt the origin and persistence of the sonnet across cultures and Why and how is this form compatible with a self that is postmodern and global The Anglo American sonnet for the most is addressed but cultures and their attendant forms are also addressed when considering the sonnet The Arabic zajal the Persian ghazal the Chinese sonnet and the Korean Sijo sonnet are forms that are touched upon along with the Indian postcolonial versions like the forms of the sonnet in Modern Indian Languages such as Bangla Gujarati and Marathi **The Misiri Legend Explored** araap Sambu, Kipkoech,2015-03-16 How can a black people who do not even profess to Islam claim to have originated from Egypt which is such an Arabic and Islamic geographical setting But the Kalenjiin people of Kenya have held on fast to a tradition that their ancestors in antiquity were part of ancient Pharaonic Egypt which they variously call Tto and Misiri As unlikely as it may sound the persistence in keeping this oral tradition alive does not seem to be dying with time and distance from the claimed place of origin The Misiri Legend Explored A Linguistic Inquiry into the Kalenjiin People s Oral Tradition of Ancient Egyptian Origin establishes the Kalenjin oral tradition of Misirian origin on the basis of linguistic evidence a genuine tool which Egyptology scholars and researchers need to have relied on much more to bring greater and more final results to their investigations Students of ancient Egypt willing to accept that there is an irrational prejudice against the concept of ancient

black African ingenuity will upgrade their stock of knowledge regarding ancient Egypt with the numerous discoveries laid out here They will discover a powerful new tool for their trade in the form of the African languages and cultures that now lie South of the Sahara
