Modern Romances Judy Lopatin, 1986 Seventeen stories tell of a rock singer's experiences with men, ghosts, painters, prostitutes, photographers, murderers, the Paris underworld, and secret lives

Staging Early Modern Romance Mary Ellen Lamb, Valerie Wayne, 2009-01-13 This collection recovers the continuities between three forms of romance that have often been separated from one another in critical discourse: early modern prose fiction, the dramatic romances staged in England during the 1570s and 1580s, and Shakespeare's late plays. Although *Pericles*, *Cymbeline*, *Winter's Tale*, and *The Tempest* have long been characterized as romances, their connections with the popular prose romances of their day and the dramatic romances that preceded them have frequently been overlooked. Constructed to explore those connections, this volume includes original essays that relate at least one prose or dramatic romance to an English play written from 1570 to 1630. The introduction explores the use of the term dramatic romance over several centuries and the commercial association between print culture, gender, and drama. Eight essays discuss Shakespeare's plays; three more examine plays by Beaumont Fletcher and Massinger. Other authors treated at some length include Boccaccio, Christine de Pizan, Chaucer, Sidney, Greene, Lodge, and Wroth. Barbara Mowat's afterword considers Shakespeare's use of Greek romance. Written by foremost scholars of Shakespeare and early modern prose fiction, this book explores the vital cross currents that occurred between narrative and dramatic forms of Greek, medieval, and early modern romance.

Novels, Readers, and Reviewers Nina Baym, 1984 This book describes and characterizes responses of American readers to fiction in the generation before the Civil War It is based on close examination of the reviews of all novels both American and European that appeared in major American periodicals during the years 1840 1860 a period in which magazines novels and novel reviews all proliferated Nina Baym makes use of the reviews to gain information about the formal aesthetic and moral expectations of reviewers Her major conclusion is that the accepted view about the American novel before the Civil War the view that the atmosphere in America was hostile to fiction is a myth There is compelling evidence she shows for the existence of a veritable novel industry and concomitantly a vast audience for fiction in the 1840s and 1850s

Doubled Plots Susan Strehle, Mary Paniccia Carden, 2003 In this collection of essays however the writers challenge these basic assumptions and consider the two as parallel and as reflections of each other Looking closely at specific narratives they argue that romance and history share expectations and purposes and create the metaphors that can either hold cultures and institutions together or drive them apart The writers explore the internal contradictions of both genres as seen in works in which the elements of both romance and history are present The theme that flows throughout this collection is that romance literature and art frequently engage with or comment on actual historical events or histories Jacket
