**Mind Over Matter** Susan Truett Trammell, 2019-11-18 For centuries science and religion often have been viewed as in direct conflict Now recent discoveries in the field of quantum physics are dissolving those perceived differences and revealing the similarities between indeed the intersection of these two disciplines Mind over Matter dispels the outdated belief that the nature of reality is not that conceived by so many for so long from early Greek philosophers to Newtonian physics and even some twentieth century science Quantum science's most recent discoveries about the non material aspects of energy have now overtaken such outmoded thinking and the belief that our universe is material in nature As consciousness becomes the focus for so many we are being guided to a radical and evolutionary understanding of what God and similar creative concepts may mean Our understanding of what and why we are and the role consciousness plays in both science and spirituality is challenging us all to question old beliefs and practices that are no longer relevant Spiritual metaphysician Susan Trammell invites her readers to engage in a new kind of conversation about what it truly means to be spiritual beings experiencing humanity New revelations await anyone eager to positively influence the tipping point at which we find ourselves and our planet Discover the means by which you individually and our collective human race can determine the future of generations to come Written for non scientifically educated individuals Mind over Matter offers everyone a path forward through a fusion of scientific discoveries and spiritual relevance In this age of chaos and confusion may we intentionally engage in opening our minds to be all that we've come to be [http www.susantrammell.com](http://www.susantrammell.com)

**Passions of the Earth in Human Existence, Creativity, and Literature** Anna-Teresa Tymieniecka, 2012-12-06 Literature reveals that the hidden strings of the human passionate soul are the creative source of the specifically human existence Continuing the inquiry into the elemental passions of the soul and the Human Creative Soul pursued in several previous volumes of this series the present volume focuses on the passions of the earth bringing to light some of the primordial existential threads of the innermost bonds of the Human Condition and mother earth In Tymieniecka's words the studies purpose to unravel the essential bond between the living human being and the earth a bond that lies at the heart of our existence A heightened awareness of this bond should enlighten our situation and help us find our existential bearings
