Citizenship and Crisis in Contemporary Brazilian Literature L. Sex Tourism in Bahia Erica Lorraine Williams, 2013-10-30

For nearly a decade Brazil has surpassed Thailand as the world's premier sex tourism destination. As the first full-length ethnography of sex tourism in Brazil, this pioneering study treats sex tourism as a complex and multidimensional phenomenon that involves a range of activities and erotic connections from sex work to romantic transnational relationships. Erica Lorraine Williams explores sex tourism in the Brazilian state of Bahia from the perspectives of foreign tourists, tourism industry workers, sex workers who engage in liaisons with foreigners, and Afro-Brazilian men and women who contend with foreigners' stereotypical assumptions about their licentiousness. She shows how the Bahian state strategically exploits the touristic desire for exotic culture by appropriating an eroticized blackness and commodifying the Afro-Brazilian culture in order to sell Bahia to foreign travelers.

In addition to examining individual countries, the book views Latin America as a mosaic region as a whole and emphasizes its growing influence on the world stage. Besides providing accurate and timely information on the historical and political forces that have shaped each nation, it also examines the leading cultural figures and forces from 18th-century writers to 20th-century composers and singing stars to 21st-century filmmakers and actors. Finally, it describes the social and economic challenges that continue to afflict this exciting and emerging region.
