Centralised to Decentralising Global Economic Architecture Pradumna B. Rana, Xianbai Ji, 2022-10-01 This book focuses on the recent rise of new regional economic institutions such as the Chiang Mai Initiative Multilateralisation the Asian Infrastructure Investment Bank and the Regional Comprehensive Economic Partnership which were established in part as a result of dissatisfaction of dynamic emerging markets with global economic institutions such as the IMF the World Bank and the GATT WTO The latter were formed by advanced economies in the West after the historic Bretton Wood Conference of 1944 In doing so the book addresses how this recent round of decentralisation defined as the co existence of senior global institutions and a plethora of newly established regional institutions has affected global economic governance and the delivery of global public goods It also poses the question if this has led to the fragmentation of global economic governance The book adds value to existing literature by using a benefit risk analytical framework to study the decentralisation process Unlike the contested multilateralism argument used by some authors which focuses on the costs of decentralisation the

authors argue that benefits must also be considered It also describes and analyses the establishment of global and regional international economic institutions and the evolving relationships between the two Third the authors argue that this decentralisation process will continue in the postpandemic period and recommend policies to reset the relationship between global and regional institutions And lastly the book discusses proposals to reform the international monetary system including the global reserve system with a view to reducing the hegemony of the US dollar Throughout the book the role for Asia is also identified and elaborated on

Employers' Associations in Asia John Beson,Ying Zhu,Howard Gospel,2017-06-26 Economic growth in Asia over the past half century has led to significant changes in societies business organization and the nature of work This has been accompanied by the rise in some countries of trade unions and also of employers associations This book explores the nature of employers associations in the major countries of Asia It considers how employers associations have developed in recent decades how changes in market structures and the profile of economies have affected employers associations how employers associations deal with issues to do with pay and employment conditions and how they interact with regulation and the state The book shows how the differing political and institutional contexts of different countries and different economic conditions greatly affect the nature of employers associations and also the wider context of labour markets and trade unions

Business Leaders and Leadership in Asia Ying Zhu,Shuang Ren,Ngan Collins,Malcolm Warner,2017-10-02 The quality of its business leadership is a key issue for the future development of Asia s economies Although Asia s economies have grown spectacularly in recent decades they are currently facing increasing challenges This book explores the current state of business leaders and leadership in Asia It demonstrates that there is no single model of Asian business leadership and that Western models often do not fit easily alongside Asian cultural values It discusses how relatively developed Asian economies Japan Korea Taiwan and Singapore and former socialist economies China and Vietnam all have different types of business leadership challenges at present The book concludes by assessing how business leadership in Asia is likely to develop in future

Labour in the Clothing Industry in the Asia Pacific Vicki Crinis, Adrian Vickers, 2016-11-25 The clothing industry provides employment for 60 million workers worldwide More than a quarter of these workers are employed in the Asia Pacific region where the industry is based on subcontracted production on behalf of international buyers Rapid movements of manufacturing activity from country to country in search of cost advantages make clothing workers part of a globalizing labour market where they increasingly suffer from job insecurity This book presents carefully researched case studies which highlight the ways in which labour is informalized fragmented and made disposable by the globalization of production Chapters address issues pertaining to rights and citizenship and new forms of activism and organization in conjunction and coordination with diverse support groups consumers and wider global campaigns Contributors further examine the role of the nation state government regulatory bodies as well as independent monitoring systems such as the International Labour Organization Although there has been considerable effort directed to understanding how firms operate across multiple countries in studies of the organization of global production networks and the implications for complexities of scale de territorialization and state development projects there has been far less focus on how these processes produce precarious labour and reshape worker consciousness Offering new insights into the understanding and support of workers in the global textile and garment industry this book will be of interest to academics in a variety of disciplines including Asian Studies sociology political economy development human rights labour and gender

Women, Labour and the Economy in India Deepita Chakravarty, Ishita Chakravarty, 2015-10-30 The last available census estimated around 10 per cent of total urban working women in India are concentrated in the low paid domestic services such as cleaning cooking and taking care of the children and the elderly This is found to be much higher in certain parts of India emerging as the single most important avenue for urban females surpassing males in the service since the 1980s By applying an imaginative and refreshing mix of disciplinary approaches ranging from economic models of the household empirical analysis and literary conventions this book analyses the changing labour economy in post partition West Bengal It explains how and why women and girl children have replaced this traditionally male bias in the gender segregated domestic service industry since the late 1940s and addresses the question of whether this increase in vulnerable individuals working in domestic service the growth of the urban professional middle class in the post liberalization period and the increasing incidences of reported abuses of domestics in urban middleclass homes in the recent years are related Covering five decades of the history of gender and labour in India this book will be of interest to scholars working in the fields of gender and labour relations development studies economics

history and women and gender studies **South Korea's Grand Strategy** Ramon Pacheco Pardo, 2023-10-10 Since the end of the Cold War South Korea has taken on a greater role in global affairs Ramon Pacheco Pardo provides a groundbreaking analysis of South Korea's foreign policy from its transition to democracy in the late 1980s through the present day arguing that the country's approach to the world constitutes a grand strategy This book examines the key factors and goals that shape South Korea's long term strategy with analysis that brings together its diplomatic military economic and soft power components Pacheco Pardo shows that South Korea's fundamental aim has been to move beyond its past as a shrimp among whales and instead attain autonomy and freedom of action He explores how South Korean leaders across parties and governments have pursued security prosperity and status Pacheco Pardo tracks South Korea's core relationships with North Korea the United States and China and he details the country's objectives and policies across East Asia the Asia Pacific region and the rest of the world Drawing on in depth interviews with past and present policy makers this book presents an analytical account of how South Korean strategy is made and practiced It expertly lays out South Korea's grand strategy and more broadly makes a compelling case that middle powers like South Korea can implement grand strategies **Chinese Economic Diplomacy** Shuxiu Zhang, 2016-07-01 Economic diplomacy was declared in 2013 by Beijing as a priority in its comprehensive strategy for diplomacy The political elite undertook to further invest in economic diplomacy as an instrument for economic growth and development Globally Chinese cooperation in multilateral economic processes has become critical to achieving meaningful outcomes However little understanding exists in current literature on the factors and mechanisms which shape the processes behind China's economic diplomacy decision making Chinese Economic Diplomacy provides an understanding of the processes and practices of China's economic diplomacy with multilateral economic negotiations as the primary basis of analysis specifically the UN climate change talks and the WTO Doha Round trade negotiations It examines how early economic diplomacy in global governance contributed to the varied and evolving nature of its present day decision making structures and processes Demonstrating how China's negotiation preferences are driven by networks of political actors in formal and informal domestic and systemic environments it also highlights the capacity of international negotiation practices to alter and re shape China's approach to multilateral economic negotiations As a consequence the book presents a framework for understanding China's economic diplomacy decision making processes that is systemically constructed by domestic and international agencies Offering a Chinese perspective of the notion of economic diplomacy this book will be of interest to students and scholars of Chinese Economics International Relations and Political Economy China's Economic Culture Carsten Herrmann-Pillath, 2016-10-04 China's spectacular rise challenges established economic moulds both at the national level with the concept of state capitalism and at the firm level with the notion of indigenous Chinese management practices However both Chinese and Western observers emphasise the transitional nature of the reforms thereby leaving open the question as to whether China's reform process is really a fast catch up process with ultimate convergence to global

standards or something different This book by a leading economist and sinologist argues that culture is an exceptionally useful tool to help understand fully the current picture of the Chinese economy Drawing on a range of disciplines including social psychology cognitive sciences institutional economics and Chinese studies the book examines long run path dependencies and cultural legacies and shows how these contribute crucially to the current cultural construction of economic systems business organisations and patterns of embedding the economy into society and politics China's Iron Ore Boom Luke W. L. Hurst, 2016-07-01 China's emergence as the world's second largest economy has been driven by more than four decades of explosive growth To support this expansion China has required massive expansion in its steel production capacity which is highly correlated to its demand for iron ore imports The scale and pace of China's iron ore demand shock has pushed the global iron ore market into a historical adjustment Using economic frameworks this book brings to bare new data and field observations throughout Asia and Africa to investigate how the rapid growth in China's iron ore demand has affected the organisation and structure of the global iron ore market The research provides several important contributions to the extant literature including analysis of whether the Big Three Asian market iron ore exporters coordinated to sustain the profits arising from the price boom estimating the financial impact of the Chinese state's intervention in iron price negotiations and addressing the concerns arising from the Chinese state's provision of cheap financial support for its companies iron ore procurement Offering unique insights into China's economic rise and the structure of the iron ore market this book will be relevant to students and scholars of resource economics and the Australian and Chinese economies
