Negotiation Excellence Michael Benoliel, 2011 Nearly 300 years ago Francois de Callieres a French diplomat famously observed that the fate of the greatest states depends on the quality of their negotiators His observation appears to have stood the test of time as the fate of modern organizations in today s increasingly competitive global economy still depends largely on the skill and conduct of its negotiators To illustrate the critical role of skilled negotiators one has to look no further than at the dismal record of recent high profile mergers and acquisitions In numerous deals deal makers have wiped out significant value off their market capitalization through failures in the deal making process In contrast successful serial deal makers have long recognized the value of negotiation and invested in building individual and institutional negotiation capabilities Negotiation Excellence

Successful Deal Making was written by the leading negotiation experts from top rated universities in the USA and in Asia and its objective is to introduce the readers to the theory and the best practices of effective negotiation The book includes chapters ranging from preparing and planning well for successful negotiations building relationships and establishing trust between negotiators negotiating creatively to create mutual value and win win understanding and dealing with negotiators from different cultures to managing ethical dilemmas In addition to emphasizing the link between theory and practice Negotiation Excellence Successful Deal Making includes deal examples such as Renault Nissan alliance mega merger between Arcelor and Mittal Steel Kraft Foods acquisition of Cadbury PLC Walt Disney Company negotiation with the Hong Kong government and Komatsu a Japanese firm negotiation with Dresser an American firm Conflict Resolution Training - Professional Level CPA John Kimani, Dr. James Scott, 2023-07-01 BOOK SUMMARY The main topics in this book are Understanding Conflict Effective Communication Managing Emotions in Conflict Negotiation and Problem Solving Mediation and Facilitation Cultural Sensitivity in Conflict Resolution Conflict Resolution in Teams Conflict Resolution in the Workplace Conflict Resolution Training is a comprehensive book that provides individuals with the necessary knowledge and skills to effectively manage and resolve conflicts This book offers practical techniques for communication and problem solving emphasizing the importance of active listening and emotional intelligence in conflict resolution With real life examples and interactive exercises Conflict Resolution Training offers a practical and hands on approach to conflict resolution empowering readers to navigate conflicts in various settings such as the workplace and personal relationships By promoting constructive dialogue and understanding this book equips individuals with the tools to transform conflicts into opportunities for positive change *FBI Law Enforcement Bulletin*, 2002 **Negotiation**, 1999 **Negotiation: Closing Deals, Settling Disputes, and Making Team Decisions** David S.
