Rethinking Négritude through Léon-Gontran Damas F. Bart Miller, 2014-04-10 Rethinking Négritude through Léon-Gontran Damas analyses four cases in which Damasian Négritude shifted through generic experimentation *Pigments* 1937 *Retour de Guyane* 1938 *Veilles noires* 1943 and *Black Label* 1956 In doing so it also advances scholarship on Damas 1912-1978 in two ways On the one hand it undertakes the crucial and in depth research needed to challenge the understanding of Négritude as a bipartite Césaire and Senghor phenomenon On the other hand it offers an innovative reading of Damas whose work deserves more complete consideration than it has received thus far Reading this essay will illuminate Damas's works and their relationship to one another thus demonstrating the continuity of Damasian Négritude F. Bart Miller holds a PhD in French Studies from the University of Liverpool He is a specialist in French Caribbean Literature and his other publications have appeared in *International Journal of Francophone Studies* *Romance Studies* and in the volume *Adaptation Studies in French and Francophone Culture* in the series *Modern French Identities* with Peter Lang publishers

*Free and French in the Caribbean* John Patrick Walsh, 2020-03-04 All the ingredients to become the next important book in the field of postcolonial studies with the emphasis on French Caribbean culture and literature Daniel Desormeaux University of Chicago In *Free and French in the Caribbean* John Patrick Walsh studies the writings of Toussaint Louverture and Aimé Césaire to examine how they conceived of and narrated two defining events in the decolonializing of the French Caribbean the revolution that freed the French colony of Saint Domingue in 1803 and the departmentalization of Martinique and other French colonies in 1946 Walsh emphasizes the connections between these events and the distinct legacies of emancipation in the narratives of revolution and nationhood passed on to successive generations By reexamining Louverture and Césaire in light of their multilayered narratives the book offers a deeper understanding of the historical and contemporary phenomenon of free and French in the Caribbean A fruitful intervention in a growing body of literature and increasingly lively debate on the Haitian Revolution and the figure of Toussaint Louverture the book also contributes to the emerging scholarship on Césaire Francophone literature and postcolonial theory Gary Wilder CUNY Graduate Center A valuable contribution to both the rapidly proliferating literature on the Haitian Revolution and the emerging revisionist appreciation of Césaire's intellectual and political project *Small Axe* J. P. Walsh has produced for the nonspecialist reader an excellent analysis of the historiographical discourse on Toussaint Louverture and Aimé Césaire with a focus on the meanings of decolonization in the late eighteenth and mid twentieth centuries *New West Indian Guide* That *Free and French* inspires so many questions is testament to its ambition the provocative parallel at its heart and the richness of Walsh's analysis *H Empire* **Modernist**

**Literature and European Identity** Birgit Van Puymbroeck, 2020-05-13 Modernist Literature and European Identity examines how European and non European authors debated the idea of Europe in the first half of the twentieth century It shifts the focus from European modernism to modernist Europe and shows how the notion of Europe was constructed in a variety of modernist texts Authors such as Ford Madox Ford T S Eliot Gertrude Stein Aim C saire and Nancy Cunard each developed their own notion of Europe They engaged in transnational networks and experimented with new forms of writing supporting or challenging a European ideal Building on insights gained from global modernism and network theory this book suggests that rather than defining Europe through a set of core principles we may also regard it as an open or weak construct a crossroads where different authors and views converged and collided

**Like a Misunderstood Salvation and Other Poems** Aime Cesaire, 2013-05-31 Translations of 53 poems from the beginning and end of C saire s career including the 31 poems omitted from Aim C saire the collected poetry published in 1983

**.....And the Dogs Were Silent/.....Et les chiens se taisaient** Aimé Césaire, 2024-06-28 Available to readers for the first time Aim C saire s three act drama And the Dogs Were Silent written during the Vichy regime in Martinique in 1943 and lost until 2008 dramatizes the Haitian Revolution and the rise and fall of Toussaint Louverture as its heroic leader This bilingual English and French edition stands apart from C saire s more widely known 1946 closet drama Following the slave revolts that sparked the revolution Louverture arrives as both prophet and poet general and visionary With striking dramatic technique C saire retells the revolution in poignant encounters between rebels and colonial forces guided by a prophetic chorus and Louverture s steady ethical and political vision In the last act we reach the hero s betrayal his imprisonment and his last stand against the lures of compromise C saire s masterwork is a strikingly beautiful and brutal indictment of colonial cruelty and an unabashed celebration of Black rebellion and victory

**Sex, Sea, and Self** Jacqueline Couti, 2021-10-15 Sex Sea and Self reassesses the place of the French Antilles and French Caribbean literature within current postcolonial thought and visions of the Black Atlantic Using a feminist lens this study examines neglected twentieth century French texts by Black writers from Martinique and Guadeloupe making the analysis of some of these texts available to readers of English for the first time This interdisciplinary study of female and male authors reconsiders their political strategies and the critical role of French creoles in the creation of their own history This approach recalibrates overly simplistic understandings of the victimization and alienation of French Caribbean people In the systems of cultural production under consideration sexuality constitutes an instrument of political and cultural consciousness in the chaotic period between 1924 and 1948 Studying sexual imagery constructed around female bodies demonstrates the significance of agency and the legacy of the past in cultural resistance and political awareness Sex Sea and Self particularly highlights Antillean women intellectuals theoretical contributions to Caribbean critical theory Therefore this analysis illuminates debates on the multifaceted and conflicted relationships between France and its overseas departments and expands ideas of nationhood in the Black Atlantic and the Americas

*The Negritude Movement* Reiland Rabaka, 2015-05-20 The Negritude Movement provides readers with not only an intellectual history of the Negritude Movement but also its prehistory W E B Du Bois the New Negro Movement and the Harlem Renaissance and its posthistory Frantz Fanon and the evolution of Fanonism By viewing Negritude as an insurgent idea to invoke this book's intentionally incendiary subtitle as opposed to merely a form of poetics and aesthetics The Negritude Movement explores Negritude as a traveling theory la Edward Said's concept that consistently crisscrossed the Atlantic Ocean in the twentieth century from Harlem to Haiti Haiti to Paris Paris to Martinique Martinique to Senegal and on and on ad infinitum The Negritude Movement maps the movements of proto Negritude concepts from Du Bois's discourse in *The Souls of Black Folk* through to post Negritude concepts in Fanon's *Black Skin White Masks* and *The Wretched of the Earth* Utilizing Negritude as a conceptual framework to on the one hand explore the Africana intellectual tradition in the twentieth century and on the other hand demonstrate discursive continuity between Du Bois and Fanon as well as the Harlem Renaissance and Negritude Movement The Negritude Movement ultimately accents what Negritude contributed to arguably its greatest intellectual heir Frantz Fanon and the development of his distinct critical theory Fanonism Rabaka argues that if Fanon and Fanonism remain relevant in the twenty first century then to a certain extent Negritude remains relevant in the twenty first century

Phenomenology and the Political S. West Gurley, Geoff Pfeifer, 2016-10-12 This timely volume brings

together a diverse group of expert authors in order to investigate the question of phenomenology's relation to the political. These authors take up a variety of themes and movements in contemporary political philosophy. Some of them put phenomenology in dialogue with feminism or philosophies of race, others with Marxism and psychoanalysis, while others look at phenomenology's historical relation to politics. The book shows the ways in which phenomenology is either itself a form of political philosophy or a useful method for thinking the political. It also explores the ways in which phenomenology falls short in the realm of the political. Ultimately, this collection serves as a starting point for a groundbreaking dialogue in the field about the nature of the relationship between phenomenology and the political. It is a must read for anyone who is interested in phenomenology or contemporary social and political philosophy.

**Art Activism for an Anticolonial Future** Carlos Garrido Castellano, 2021-10-01. Analyzing the confluence between coloniality and activist art, *Art Activism for an Anticolonial Future* argues that there is much to gain from approaching contemporary politically committed art practices from the angle of anticolonial, postcolonial, and decolonial struggles. These struggles inspired a vast yet underexplored set of ideas about art and cultural practices and did so decades before the acceptance of radical artistic practices by mainstream art institutions. Carlos Garrido Castellano argues that art activism has been confined to a limited spatial and temporal framework that of Western culture and the modernist avant-garde. Assumptions about the individual creator and the belated arrival of derivative avant-garde aesthetics to the periphery have generated a narrow view of political art at the expense of our capacity to perceive a truly global alternative praxis. Garrido Castellano then illuminates such a praxis focusing attention on socially engaged art from the Global South, challenging the supposed universality of Western artistic norms and demonstrating the role of art in promoting and configuring a collective critical consciousness in postcolonial public spheres. **Literary Primitivism** Ben Etherington, 2017-12-26. This book fundamentally rethinks a pervasive and controversial concept in literary criticism and the history of ideas. Primitivism has long been accepted as a transhistorical tendency of the civilized to idealize that primitive condition against which they define themselves. In the modern era, this has been a matter of the West projecting its primitivist fantasies onto non-Western others. Arguing instead that primitivism was an aesthetic mode produced in reaction to the apotheosis of European imperialism and that the most intensively primitivist literary works were produced by imperialism's colonized subjects, the book overturns basic assumptions of the last two generations of literary scholarship. Against the grain, Ben Etherington contends that primitivism was an important if vexed utopian project rather than a form of racist discourse, a mode that emerged only when modern capitalism was at the point of subsuming all human communities into itself. The primitivist project was an attempt

through art to recreate a primitive condition then perceived to be at its vanishing point The first overview of this vast topic in forty years Literary Primitivism maps out previous scholarly paradigms provides a succinct and readable account of its own methodology and presents critical readings of key writers including Aim C saire Frantz Fanon D H Lawrence and Claude McKay *Joseph Zobel* Louise Hardwick, 2018 Joseph Zobel is one of the best known Francophone Caribbean authors and is internationally recognised for his novel *La Rue Cases N gres* 1950 Through a series of close readings with supporting references drawn from his published short stories poetry and diaries Joseph Zobel *N gritude and the Novel* generates new insights into Zobel s highly original decision to develop *N gritude* s project of affirming pride in black identity by turning to the novel **Left Universalism, Africacentric Essays** Ato Sekyi-Otu, 2018-08-06 *Left Universalism Africacentric Essays* presents a defense of universalism as the foundation of moral and political arguments and commitments Consisting of five intertwined essays the book claims that centering such arguments and commitments on a particular place in this instance the African world is entirely compatible with that foundational universalism Ato Sekyi Otu thus proposes a less conventional mode of Africentrism one that rejects the usual hostility to universalism as an imperialist Eurocentric hoax Sekyi Otu argues that universalism is an inescapable presupposition of ethical judgment in general and critique in particular and that it is especially indispensable for radical criticism of conditions of existence in postcolonial society and for vindicating visions of social regeneration The constituent chapters of the book are exhibits of that argument and question some fashionable conceptual oppositions and value apartheids This book will be of great interest to students and scholars in the fields of social and political philosophy contemporary political theory postcolonial studies African philosophy and social thought

**Indigenous Vanguard** Ben Conisbee Baer, 2019-03-26 Anticolonial struggles of the interwar epoch were haunted by the question of how to construct an educational practice for all future citizens of postcolonial states In what ways vanguard intellectuals asked would citizens from diverse subaltern situations be equally enabled to participate in a nonimperial society and world In circumstances of cultural and social crisis imposed by colonialism these vanguards sought to refashion modern structures and technologies of public education by actively relating them to residual indigenous collective forms In *Indigenous Vanguard* Ben Conisbee Baer provides a theoretical and historical account of literary engagements with structures and representations of public teaching and learning by cultural vanguards in the colonial world from the 1920s to the 1940s He shows how modernizing educative projects existed in complex tension with impulses to indigenize national liberation movements and how this tension manifests as a central aspect of modernist literary practice Offering new readings of figures such as Alain Locke L opold Senghor Aim C saire D H Lawrence Rabindranath Tagore Mahatma Gandhi and Tarashankar Bandyopadhyay Baer discloses the limits and openings of modernist representations as they attempt to reach below the fissures of class that produce them Establishing unexpected connections between languages and regions *Indigenous Vanguard* is the first study of modernism and colonialism that encompasses the decisive way public education

Kalliney, 2024-12-10 How decolonization and the cold war influenced literature from Africa Asia and the Caribbean How did superpower competition and the cold war affect writers in the decolonizing world In *The Aesthetic Cold War* Peter Kalliney explores the various ways that rival states used cultural diplomacy and the political police to influence writers In response many writers from Africa Asia and the Caribbean such as Chinua Achebe Mulk Raj Anand Eileen Chang C L R James Alex La Guma Doris Lessing Ng g wa Thiong o and Wole Soyinka carved out a vibrant conceptual space of aesthetic nonalignment imagining a different and freer future for their work Kalliney looks at how the United States and the Soviet Union in an effort to court writers funded international conferences arts centers book and magazine publishing literary prizes and radio programming International spy networks however subjected these same writers to surveillance and intimidation by tracking their movements tapping their phones reading their mail and censoring or banning their work Writers from the global south also suffered travel restrictions deportations imprisonment and even death at the hands of government agents Although conventional wisdom suggests that cold war pressures stunted the development of postcolonial literature Kalliney's extensive archival research shows that evenly balanced superpower competition allowed savvy writers to accept patronage without pledging loyalty to specific political blocs Likewise writers exploited rivalries and the emerging discourse of human rights to contest the attentions of the political police A revisionist account of superpower involvement in literature *The Aesthetic Cold War* considers how politics shaped literary production in the twentieth century      **Intimate Enemies** Kathryn Batchelor, Claire Bisdorff, 2013-04-30 The concept of translation has become central to postcolonial theory in recent decades This volume draws together reflections by translators authors and academics working across Africa the Caribbean and the Indian Ocean areas where the linguistic legacies of French colonial operations are long lasting and complex
