Neither Jew Nor Greek A Contested Identity Christianity In The Making:

Neither Jew nor Greek James D. G. Dunn, 2015 In *Christianity in the making* James D G Dunn examines in depth the major factors that shaped first generation Christianity and beyond exploring the parting of the ways between Christianity and Judaism the Hellenization of Christianity and responses to Gnosticism He mines all the first and second century sources including the New Testament Gospels New Testament apocrypha and such church fathers as Ignatius Justin Martyr and Irenaeus showing how the Jesus tradition and the figures of James Paul Peter and John were still esteemed influences but were also the subject of intense controversy as the early church wrestled with its evolving identity

Neither Jew Nor Greek James D. G. Dunn, 2015 **Jews and Christians - Parting Ways in the First Two Centuries CE?** Jens Schröter, Benjamin A. Edsall, Joseph Verheyden, 2021-08-23 The present volume is based on a conference held in October 2019 at the Faculty of Theology of Humboldt University Berlin as part of a common project of the Australian Catholic University the Katholieke Universiteit Leuven and the Humboldt University Berlin The aim is to discuss the relationships of Jews and Christians in the first two centuries CE against the background of recent debates which have called into question the image of parting ways for a description of the relationships of Judaism and Christianity in antiquity One objection raised against this metaphor is that it accentuates differences at the expense of commonalities Another critique is that this image looks from a later perspective at historical developments which can hardly be grasped with such a metaphor It is more likely that distinctions between Jews Christians Jewish Christians Christian Jews etc are more blurred than the image of parting ways allows In light of these considerations the contributions in this volume discuss the cogency of the parting of the ways model with a look at prominent early Christian writers and places and suggest more appropriate metaphors to describe the relationships of Jews and Christians in the early period

The Reception of Paul and Early Christian Initiation Benjamin A. Edsall, 2019-04-04 Situates Pauline analysis within the context of early Christian institutions Examines the hermeneutics of reception historical studies *Paul as a Prototype and Entrepreneur of Christian Identity* Vuyani Stanley Sindo, 2024-10-31 In this important addition to Pauline scholarship on 1 Corinthians Dr Vuyani Stanley Sindo brings fresh insight to how Paul's use of the in Christ terminology supports his argument on leadership and community Integrating social identity theory with a socio historical approach Dr Sindo examines how identity discourse is an integral part of the leadership discourse in 1 Corinthians 1:4 From this solid base he provides a close and insightful investigation of the interrelationship between leadership and identity This compelling and biblically rooted work will help Christians to understand the dangers of division within the church and how Christian leaders can overcome these divisions by reminding the community of their common identity in Christ *The Christology of Ignatius of Antioch* Jonathon Lookadoo, 2023-08-29 The letters of Ignatius of Antioch portray Jesus in terms that are both remarkably exalted and shockingly vulnerable Jesus is identified as God and is the sole physician and teacher who truly reveals the Father At the same time Jesus was born of Mary suffered and died

Ignatius asserts both claims about Jesus with minimal attempts to reconcile how they can simultaneously be embodied in one person This book explores the ways in which Ignatius outlines his understanding of Jesus and the effects that these views were to have on both his immediate audience as well as some of his later readers Ignatius utilizes stories throughout his letters describes Jesus with designations that are at once traditional and reinvigorated with fresh meaning and employs a dizzying array of metaphors to depict how Jesus acts In turn Ignatius and his audience are to respond in ways befitting their status in Christ because Jesus forms a lens through which to look at the world anew Such a dynamic Christology was not to cease development in the second century but continued to inspire readers in creative ways through late antiquity and beyond

On the Shores of Perga Erbey Galvan Valdez, 2020-07-08 In approximately AD 48 the Apostle Paul his coworker Barnabas and Barnabas cousin John Mark boarded a ship at Seleucia and headed for Cyprus to initiate what is now known as the first Pauline missionary journey It was during this mission that an unexpected setback occurred Mark left Paul and Barnabas shortly after their arrival at Perga in Pamphylia and returned to Jerusalem Throughout church history this incident in the Book of Acts has often been overlooked or dismissed as either a mysterious or insignificant event to the story of the nascent church But what if Luke intended for Mark's departure to mean much more to his narrative In *On the Shores of Perga* author Erbey Galvan Valdez explores the literary and historical background behind this epic journey and discovers that Luke did not remain completely silent on this event Was Mark's departure meant to serve as a catalyst for one of the greatest challenges facing the early church the Jewish Gentile controversy *On the Shores of Perga* challenges Christians to rethink the story of Acts and rediscover one of the Bible's great leaders in John Mark **Jairus's Daughter and the Haemorrhaging Woman**

Arie W. Zwiep, 2019-06-05 In this work Arie W Zwiep examines the gospel stories of the raising of Jairus's daughter and the healing of the haemorrhaging woman Mark 5:21-43 Matt 9:18-26 Luke 8:40-56 from a plurality of sometimes conflicting interpretive strategies to demonstrate the need and fruitfulness of a multi-perspectival exegetical approach Among the various diachronic and synchronic methods that are being applied in this study are philological criticism form criticism and structural analysis tradition and redaction criticism orality studies and performance criticism narrative analysis textual criticism and the study of intertextuality Such a comprehensive approach it is argued leads to an increased knowledge and a deepened understanding of the ancient texts in question and to a sharpened awareness of the applicability of current scholarly research instruments to unlock documents from the past **The High Priest and the Temple** Jonathon

Lookadoo, 2018-10-19 Back cover Jonathon Lookadoo studies the high priestly and temple metaphors in Ignatius's letters and shows how Ignatius depicts Jesus and the church He shows that Jesus functions as an intermediary between God the Father and the churches which should be unified as God's temple Jesus and Divine Christology Brant Pitre, 2024-08-15 Did Jesus see himself as divine Since the beginning of the quest for the historical Jesus scholars have dismissed the idea that Jesus could have identified himself as God Such high Christology is frequently depicted as an invention of the councils of Nicaea

and Chalcedon centuries later Yet recent research has shown that the earliest Jewish followers of Jesus already regarded him as divine Brant Pitre tackles this paradox in his bold new monograph Pitre challenges this widespread assumption and makes a robust case that Jesus did consider himself divine Carefully explicating the Gospels in the context of Second Temple Judaism Pitre shows how Jesus used riddles questions and scriptural allusions to reveal the apocalyptic secret of his divinity Moreover Pitre explains how Jesus acts as if he is divine in both the Synoptics and the Gospel of John Carefully weighing the historical evidence Pitre argues that the origins of early high Christology can be traced to the historical Jesus s words and actions Jesus and Divine Christology sheds light on long neglected yet key evidence that the historical Jesus saw himself as divine Scholars and students of the New Testament and anyone curious about the Jewish context of early Christianity will find Pitre s argument a necessary and provocative corrective to a critically underexamined topic

The Letter to the Colossians Scot McKnight,2018-02-26 The Letter to the Colossians offers a compelling vision of the Christian life its claims transcend religion and bring politics culture spirituality power ethnicity and more into play Delving deeply into the message of Colossians this exegetical and theological commentary by Scot McKnight will be welcomed by preachers teachers and students everywhere

Revelation in Christian Theologies of Religions Iain McGee,2024-06-04 What are non Christian religions How is God related to them How do they relate to Christianity In this original book Iain McGee explores five Christian theologians answers to these questions The study spans the history of the church covering figures from four different continents Justin Martyr Augustine John Calvin Jonathan Edwards and Daniel Strange Focusing on the revelation religion interface in the writings of these scholars McGee outlines and analyzes their varied understandings of Logos illumination the *prisca theologia* and the demonic alongside the relationships between them and their impact on non Christian religion McGee forwards an argument that each theology can be considered a biblically informed contextually reflective and reactive response to significant religious challenges faced by these Christian thinkers in their attempts to demonstrate the uniqueness of the Christian faith

In a growing secular society what distinguishes a Christian from a non Christian Is a Christian identified by certain religious and ceremonial activity social action principles or do their relationships identify them as Christian This book suggests that a Christian person is in a continual relationship with the Triune God through the Holy Spirit Furthermore this living relationship reflects the eternal relationship of the Father Son and Holy Spirit because people have been created in the image and likeness of the Triune God This book uses historical theological philosophical and biblical approaches to understand the Christian person Throughout this book the reader will be engaged with the modern Greek theologian John Zizioulas However this book is a study on the person of the Holy Spirit though never separated from the trinitarian relationship who makes a human person a Christian

John 1-6 Martinus C. de Boer, 2024-12-12

In this ICC Martin de Boer provides an introduction and commentary on chapters 1-6 of John's Gospel de Boer sets out to interpret the Gospel in the historical context in which it was written and first read and to explain it both historically and theologically Taking his primary bearings from the seminal work of Raymond E Brown and J L Martyn de Boer applies and advances their approach through each section of his commentary whilst also engaging with the latest scholarship alternative viewpoints and critiques of the Brown Martyn approach As such de Boer takes very seriously the view that John's Gospel was written for a particular community and that the composition of the text as we know it took place over an extended period of time Examination of the historical realities of this community is a hallmark of this commentary including the notion that as members of the community women may have played a role in the Gospel's composition
