## **Neoliberalism Normalization International Perspectives Administration:**

Neoliberalism, Economic Radicalism, and the Normalization of Violence Vicente Berdayes, John W. Murphy, 2015-12-11

This compelling volume analyzes the wide scale societal impact of neoliberal economic policy on contemporary life and behavior. Synthesizing perspectives from politics and economics with insights from psychology and linguistics, it argues that market-driven public institutions promote antisocial thinking, discourage critical reflection, and inure individuals to inequity and cruelty. Chapters cite the ubiquity of violence in modern society, from the marketing of the military to impersonal mass upheavals in the job market as devaluing human worth and thus self-worth. But the editors also assert that these currents are not terminal, and the book concludes by identifying conditions potentially leading to a more civil and egalitarian future. Included in the coverage: The language of current economics, social theory, the market, and the disappearance of relationships; Neoliberalism and education; the disfiguration of students; Slicing up societies; commercial media and the destruction of social environments; Neoliberalism and the transformation of work; Economics, the network society, and the ontology of violence. A new economic order without violence. Given the centrality of economic events on the global stage, *Neoliberalism, Economic Radicalism, and the Normalization of Violence* stands out as both a springboard for discussion and a call to action to be read by political and cultural economists, political scientists, and sociologists.

**Critical Perspectives on International Education** Yvonne Hébert, Ali A. Abdi, 2013-02-11. In rapidly globalizing spaces of life, any research project on international education would necessarily have multi-directional emphases, with the quality of observations and analyses reflecting the expanding political, economic, and cultural intersections which characterize this potentially promising century. To respond to these emerging learning and living contexts of our world, this book brings together some of the most active and established scholars in the field. As such, the book represents important epistemic interventions that analyze and critique the institutional, socio-economic, linguistic, and pedagogical platforms of international education. As the locus of international education cannot be detached from the pragmatics of social development, the specific recommendations embedded in this book expand the debates and broaden the boundaries of learning projects that should enhance the lives of people, especially those who are continually marginalized by the regimes of globalization. Thus, the book actively advocates for possibilities of human well-being via different formats of education in diverse locations of life. *Critical Perspectives on International Education* offers a historically comprehensive, intellectually honest, and perspective-rich scholarly exploration of a new education globalization dynamic. This book courageously offers up diverse voices gathered into a robust and useful conversation regarding global education. This book adds greatly to understanding why educational marketplaces must be driven by principles and practices that empower diverse peoples to secure sustainable knowledge benefits that contribute to personal, local, national, and international well-being. This critical perspective reader will engage scholars, researchers, and citizens. Jim Paul, University of Calgary. In the current intensifications of globalization and its resulting inequalities, it is crucial to better understand the role

of knowledge creation and knowledge dissemination Should knowledge be only a commodity to be sold in the market and a tool to increase economic capital or should it be a shared sociocultural capital aimed at improving democracy and the common good In *Critical Perspectives on International Education* Yvonne H bert and Ali A Abdi assemble an impressive array of contributions from all over the world that address this question from a variety of critical perspectives and case studies I recommend this book to everyone interested in the connections between education citizenship development and human well being Daniel Schugurensky Arizona State University      *The Bureaucratization of the World in the Neoliberal Era* B.

Hibou,2015-05-06 Contemporary bureaucracy is a set of norms rules procedures and formalities which includes administration business and NGOs Where Max Weber meets Michel Foucault B atrice Hibou analyzes the political dynamics underlying this process Neoliberal bureaucracy is a vector of discipline and control producing social and political indifference      *The Neoliberal State, Recognition and Indigenous Rights* Deirdre Howard-Wagner,Maria Bargh,Isabel

Altamirano-Jiménez,2018-07-25 The impact of neoliberal governance on indigenous peoples in liberal settler states may be both enabling and constraining This book is distinctive in drawing comparisons between three such states Australia Canada and New Zealand In a series of empirically grounded interpretive micro studies it draws out a shared policy coherence but also exposes idiosyncrasies in the operational dynamics of neoliberal governance both within each state and between them Read together as a collection these studies broaden the debate about and the analysis of contemporary government policy The individual studies reveal the forms of actually existing neoliberalism that are variegated by historical geographical and legal contexts and complex state arrangements At the same time they present examples of a more nuanced agential bottom up indigenous governmentality Focusing on intense and complex matters of social policy rather than on resource development and land rights they demonstrate how indigenous actors engage in trying to govern various fields of activity by acting on the conduct and contexts of everyday neoliberal life and also on the conduct of state and corporate actors

*Confronting Educational Policy in Neoliberal Times* Stephanie Chitpin,John P Portelli,2019-01-08 This volume explores how educational policy is changing as a result of neoliberal restructuring and how these issues affect educators practice Evidence based chapters present a sharp analysis of neoliberal education policy while also offering suggestions and recommendations for future action to bring about change consistent with more robust understandings of democracy Covering issues relating to historical context philosophical assumptions policy implementation accountability teacher professionalism and standardization *Confronting Educational Policy in Neoliberal Times* critically engages the ways micro and macro neoliberal politics shapes the purposes and implementation of schooling      **Neoliberalism in**

**Multi-Disciplinary Perspective** Adrian Scribano,Freddy Timmermann Lopez,Maximiliano E. Korstanje,2018-08-08 This volume brings together well versed authors from four continents to critically discuss the roots of neoliberalism and how academics use the word today Neoliberalism has recently recycled and mutated towards new forms of radicalization where

fear plays a leading role legitimating policies which would otherwise be overtly neglected by citizens The authors ignite a new discussion within social sciences combining the advances of sociology history anthropology communication and the theory of mobilities to understand the different faces and guises of neoliberalism

**Neoliberalism and Public Education Finance Policy in Canada** Wendy Poole,Vicheth Sen,Gerald Fallon,2021-12-28 This book uses a multi dimensional conceptual framework to demonstrate how neoliberal forces have been manifested through changes to K 12 public education finance policy in British Columbia Canada between 2001 and 2015 The text offers in depth critical policy analysis to illustrate how the public education system has been impacted by the emergence of a hybrid model of public private funding By examining the impacts of this neoliberalized model in which school districts must compete for public funding and engage in for profit activities the book highlights emerging financial inequalities exacerbated inequities for students increased entrepreneurialism closer alignment of administrators subjectivities with a managerial approach to educational leadership and an illusion of local autonomy Ultimately the text makes powerful contributions by calling attention to detrimental processes of neoliberalization marketization and privatization within public education as well as the managerialization of educational leadership This text will benefit researchers academics educators and educational leaders with an interest in the politics of education policy and finance school district leadership international and comparative education and the sociology of education

Progressive Neoliberalism in Education Ajay Sharma,Mardi Schmeichel,Elizabeth Wurzburg,2022-08-15 This volume makes the novel contribution of applying Nancy Fraser s concept of progressive neoliberalism to education in order to illustrate how social justice efforts have been co opted by neoliberal forces As well as recognising the lack of consensus surrounding the very nature of Fraser s concept of progressive neoliberalism the book delivers a diversity of perspectives and methodological orientations that offer critical and nuanced examination of the diverse ways in which progressive neoliberalism has shaped education in North America Documenting manifestations of progressive neoliberalism in areas including anti racist education teacher education STEM and assessment the volume uses qualitative empirical research and critical discourse analysis to identify emerging tools and strategies to disentangle the progressive aims of education from neoliberal agendas Offering a rarely nuanced treatment of the phenomenon of neoliberalism this text will benefit scholars academics and students in the fields of education policy and politics the sociology of education and the philosophy of education more broadly Those involved with the theory of education and multicultural education in general will also benefit from this volume

**The Evolution of Migration Management in the Global North** Christina Oelgemoller, 2017-03-16 The Evolution of Migration Management in the Global North explores how the radically violent migration management paradigm that dominates today s international migration has been assembled Drawing on unique archive material it shows how a forum of diplomats and civil servants constructed the transit country as a site in which the illegal migrant became the main actor to be vilified Policy makers are divided between those who oppose migration and those who support it so long as it is properly managed Any other position is generally seen at best as utopian This volume advances a new way of conceptualizing policy making in international migration at the regional and international

level Introducing the concept of informal plurilateralism Oelgem ller explores how the Inter Governmental Consultations on Asylum Migration and Refugees IGC created the hegemonic paradigm of Migration Management thus enabling today s specific ways the migrant has their juridico political status violently denied This raises crucial questions about what democracy is and about the way in which the value of a human being is established granted or denied Inviting debate in a field which is often under theorized this work will be of great interest to students and scholars of International Relations Migration Studies and International Relations Theory **Handbook on the Geographies of Corruption** Barney

Warf,2018-09-28 The Handbook on the Geographies of Corruption offers a comprehensive overview of how corruption varies across the globe It explores the immense range of corruption among countries and how this reflects levels of wealth the centralization of power colonial legacies and different national cultures Barney Warf presents an original and interdisciplinary collection of chapters from established researchers and leading academics that examine corruption from a spatial perspective *The SAGE Handbook of Neoliberalism* Damien Cahill,Melinda Cooper,Martijn Konings,David
