Nesara David E. Robinson, 2011-08-01 Long before NESARA a project was born to restore the United States of America to its original Constitution of the Republic and to remove the structure of the Corporate United States This project began in the early 1950 s and involved intelligent and patriotic minds of both civilian and military background These people over the years became known as the White Knights Out of this restoration process came the Prosperity Programs the Farmer Claims and finally NESARA The children of the wealthy families on our planet became concerned about the future of our civilization when they observed the poverty disease starvation and suffering of the masses They saw the imbalance between the wealth of the few and the destitution of the many and agreed among themselves to try to correct it One hundred of these wealthy children who came to be known as wealthy visionaries put one million dollars each of their money into investment programs in the 1980 s called roll programs to generate funds to be used for humanitarian purposes Thus the Prosperity Programs were born Gradually news of this spread to the public and millions of people invested small amounts of their meager funds to aid in these various Prosperity Programs success Also during the 1970 s and 1980 s many U S farmers were losing their land machinery buildings and cattle due to fraudulent foreclosures by the Federal Reserve Banks in cooperation with the IRS Many farmers joined forces and brought a class action lawsuit against the U S Government the non federal Federal Reserve Bank and the IRS for fraud against the farmers *Conspiracy and Triumph* Aaron John Gulyas, 2021-11-22 Conspiracies have always been part of American culture but with the rise of social media has come an increase in belief in nontraditional explanations of events This book highlights a subset of conspiratorial beliefs that grew in popularity in the early 21st century These beliefs and the growing cynicism of the media have left conspiracy theorists with deep distrust of those in authority A number of theories that have arisen over the years are explored From QAnon beliefs regarding the United States government to UFO reports and other hidden agendas it is clear that we continue to challenge old ways of thinking [A History of Western Spirituality, and The Corruption of Eden](#) Martin Hinde, 2021-01-28 Massive in scope hugely detailed and meticulously researched In this work the bestselling author of Children of Eden takes his readership onto a whole new level of understanding about Western Spirituality **Nesara II** David E. Robinson, 2012-01-10 It is all coming down The meeting between the 57 Finance Ministers from around the world that took place on board a ship off the coast of Monaco is beginning to quietly emerge as a powerful and dynamic shift in Global Economics and potentially in Global Politics as former Presidents and Prime Ministers of countries who have sided with the Banking Cabal are now already jumping ship and supporting the growing movement toward proper financial management of the Global Accounts around the World A cataclysmic shift in both Global Politics and Economics is now well under way World Governments are coming to understand how the Global Banking System is systematically looting entire economies through theft fraud deception and manipulation which in turn forces Governments to raise taxes that citizens should not have to pay **NESARA & GESARA... bothersome details about conspiracy Extraterrestrials Fascism free energy Freemasons hidden technology history income tax Jesuits Khazarians One World Order suppressed inventions energy devices **From Here to Transcendence** Joyce Strahn, 2020-10-06 What if you could protect or heal with the power of color and light What if you could reconnect with loved ones who have passed and learn from the other side What if we are transcendent beings with a magnificent history and cosmic destiny There s more to reality than it appears In this book Arcturian Joyce Strahn shows how all of this is possible With gentle humour Strahn shares stories of using light energy for protection compassion and the greater good before delving into the mysteries of other planes and the existential future of Earth and our species Based on her lifetime of spiritual study Strahn outlines techniques to guide readers through these troublesome times In this book you will learn 1 How to protect property from harm 2 How to use color and light as healing techniques 3 How to manifest what you need 4 Read heartwarming communications with her real Dad after his transition and what he has to teach us 5 Concrete steps that will help to raise our vibration and point the way to a brighter future **Bible Codes Revealed** Sherry Shriner, 2005 In the beginning Earth was without form and civilization was nonexistent Thousands of years later signs of earlier life on Earth were discovered indicating that extremely intelligent life had once existed Author Sherry Shriner alleges that a cover up began in 1954 when a race of aliens that had been orbiting the Earth landed at Holloman Air Force Base Afraid that their planet was dying the aliens landed a second time at Edwards Air Force Base Shriner explains that this monumental event had been planned in advance and on the appointed day President Eisenhower was whisked away to the base under the guise of a visit to a dentist After President Eisenhower met with the aliens a formal treaty between the Alien Nation and the United States of America was signed Has the United States government really been collaborating with aliens for the past sixty years In Bible Codes Revealed Shriner challenges readers to consider the possibility of a future global alien and UFO invasion and more importantly what we can and should do once this event transpires According to the author it s not a matter of IF but

WHEN And soon The information you will read in these pages is shocking and points to an imminent danger on every level of a global society teetering on the brink of human and spiritual slavery Sherry Shriver's information will shock you but most importantly will challenge you to get involved now in spreading the truth about this horrific reality that aliens exist and control much of what happens on planet Earth and unless humankind takes a stand now the world humans rely on the possibility of future generations even most certainly would be lost forever due mainly to the greed and criminality of the world's most powerful ruling bodies desiring short term technological progress in exchange for selling out the human race

The Global Impact of the Protocols of the Elders of Zion Esther Webman, 2012-03-29 The Protocols of the Elders of Zion has attracted the interest of politicians and academicians and generated extensive research since the tract first appeared in the early twentieth century Despite having repeatedly been discredited as a historical document and in spite of the fact that it served as an inspiration for Hitler's antisemitism and the Holocaust it continues even in our time to be influential Exploring the Protocols' successful dissemination and impact around the world this volume attempts to understand their continuing popularity one hundred years after their first appearance in so many diverse societies and cultures With contributions from leading scholars in the field the book covers themes such as Why have the Protocols survived to the present day and what are the sources from which they draw their strength What significance do the Protocols have today in mainstream worldviews Are they gaining in importance Are they still today a warrant for genocide or merely a reflection of xenophobic nationalism Can they be fought by logical argumentation This comprehensive volume which for the first time dwells also on the attraction of the Protocols in Arab and Muslim countries will be of interest to specialists teachers and students working in the fields of antisemitism the far right Jewish studies and modern history Paranoid Finance Fabian Muniesa, 2024-09-09 There is a link between finance and paranoia and that link may well be inescapable At the core of financial imagination lies a notion of value of value creation that is loaded with trouble This is the trouble of a fragile metaphor a metaphor of fecund money and future return of true value and false value of true value that should be protected from the perils of dilapidation expropriation and speculation but whose substance is in fact nowhere to be found Contemporary conspiratorial millennialist discourse on money banking and wealth does not embody a delirious misrepresentation of the logic of finance rather it exacerbates the paranoid potentials inherent in mainstream financial imagination This is the radical hypothesis developed in this book that of paranoid finance as a sedimentation of the demons that haunt the conventional categories of financial value Tutorials abound today that guarantee access to secret knowledge about the financial system to magical currencies that release eternal returns to legal schemes conducive to personal sovereignty and to a way out of economic enslavement They often combine disparate elements of esotericism conspiratorialism antisemitism populism libertarianism or spiritualism But as Muniesa shows they also provide a testbed for a critique of the limits of financial imagination **The World Awakens** John Michael Chambers, 2022-10-19 Do you trust
