Walker,2013-02-20 When the postwar boom began to dissipate in the late 1960s Mexico's middle classes awoke to a new economically terrifying world And following massacres of students at peaceful protests in 1968 and 1971 one party control of Mexican politics dissipated as well The ruling Institutional Revolutionary Party struggled to recover its legitimacy but instead saw its support begin to erode In the following decades Mexico's middle classes ended up shaping the history of economic and political crisis facilitating the emergence of neo liberalism and the transition to democracy Waking from the Dream tells the story of this profound change from state led development to neo liberalism and from a one party state to electoral democracy It describes the fraught history of these tectonic shifts as politicians and citizens experimented with different strategies to end a series of crises In the first study to dig deeply into the drama of the middle classes in this period Walker shows how the most consequential struggles over Mexico's economy and political system occurred between the middle classes and the ruling party **Citizenship in the Latin American Upper and Middle Classes** Fiorella

Montero-Diaz, Franka Winter,2019-05-02 The problem of citizenship has long affected Latin America simultaneously producing inclusion and exclusion division and unity Its narrative and practice both reflect and contribute to the region's profound inequalities However citizenship is usually studied on the margins of society Despite substantial public interest in recent mass mobilizations the middle and upper classes are rarely approached as political agents or citizens As the region's middle classes continue to grow and new elites develop their importance can only increase This interdisciplinary volume addresses this gap showcasing recent ethnographic research on middle and upper class citizenship in contemporary Latin America It explores how the region's middle and upper classes constitute themselves as citizens through politics and culture and questions how these processes interact with the construction of difference and commonality division and unity Subsequently this collection highlights how elite citizenships are constructed in dialogue with other identities how these co constructions reproduce or challenge inequality and whether they have the potential to bring about change Citizenship in the Latin American Upper and Middle Classes will appeal to scholars advanced undergraduate and postgraduate students interested in fields such as Latin American Studies Citizenship Studies Political Science and Cultural Studies and to a general readership interested in Latin American politics and society Screening Neoliberalism Ignacio Sanchez Prado,2014-06-30

Cavernous often cold always dark with the lingering smell of popcorn in the air the experience of movie going is universal The cinematic experience in Mexico is no less profound and has evolved in complex ways in recent years Films like Y Tu Mama Tambien El Mariachi Amores Perros and the work of icons like Guillermo del Toro and Salma Hayek represent much more than resurgent interest in the cinema of Mexico In Screening Neoliberalism Ignacio Sanchez Prado explores precisely

*Hotel Mexico* George F. Flaherty, 2016-08-16 In 1968 Mexico prepared to host the Olympic games amid growing civil unrest The spectacular sports facilities and urban redevelopment projects built by the government in Mexico City mirrored the country's rapid but uneven modernization In the same year a street savvy democratization movement led by students emerged in the city Throughout the summer the 68 Movement staged protests underscoring a widespread sense of political disenfranchisement Just ten days before the Olympics began nearly three hundred student protestors were massacred by the military in a plaza at the core of a new public housing complex In spite of institutional denial and censorship the 1968 massacre remains a touchstone in contemporary Mexican culture thanks to the public memory work of survivors and Mexico's leftist intelligentsia In this highly original study of the afterlives of the 68 Movement George F Flaherty explores how urban spaces material but also literary photographic and cinematic became an archive of 1968 providing a framework for de facto modes of justice for years to come

Immiserizing Growth Paul Shaffer, Ravi Kanbur, Richard Sandbrook, 2019-02-14 Immiserizing growth occurs when growth fails to benefit or harms those at the bottom It is not a new concept appearing in some of the towering figures of the classical tradition of political economy including Malthus Ricardo and Marx It is also not empirically insignificant occurring in between 10% and 35% of cases In spite of this it has not received its due attention in the academic literature dominated by the prevailing narrative that growth is good for the poor Immiserizing Growth When Growth Fails the Poor challenges this view to arrive at a better understanding of when why and how growth fails the poor Taking a diverse disciplinary perspective Immiserizing Growth combines discussion of mechanisms of this troubling economic phenomenon with empirical data on trends in growth poverty and related welfare indicators It draws on political economy applied social anthropology and development studies including contributions from experts in these fields A number of methodological approaches are represented including statistical analysis of household survey and cross country data detailed ethnographic work and case study analysis drawing on

Indigenous Dispossession M. Bianet Castellanos,2020-12-15 Following the recent global housing boom tract housing development became a billion dollar industry in Mexico At the national level neoliberal housing policy has overtaken debates around land reform For Indigenous peoples access to affordable housing remains crucial to alleviating poverty But as palapas traditional thatch and wood houses are replaced by tract houses in the Yucat n Peninsula Indigenous peoples relationship to land urbanism and finance is similarly transformed revealing a legacy of debt and dispossession Indigenous Dispossession examines how Maya families grapple with the ramifications of neoliberal housing policies M Bianet Castellanos relates Maya migrants experiences with housing and mortgage finance in Canc n one of Mexico s fastest growing cities Their struggle to own homes reveals colonial and settler colonial structures that underpin the city s economy built environment and racial order But even as Maya people contend with predatory lending practices and foreclosure they cultivate strategies of resistance from waiting out the state to demanding Indigenous rights in urban centers As Castellanos argues it is through these maneuvers that Maya migrants forge a new vision of Indigenous urbanism

The Paradox of Democracy in Latin America Katherine Isbester,2011-01-01 What becomes clear throughout is that there is a paradox at the heart of Latin America s democracies Despite decades of struggle to replace authoritarian dictatorships with electoral democracies solid economic growth leading up to the global credit crisis and increased efforts by the state to extend the benefits of peace and prosperity to the poor democracy as a political system is experiencing declining support and support for authoritarianism is on the rise

**Beyond Mestizaje** Milena Ang,Tania Islas Weinstein,2024-04-30 Racism has historically been a taboo topic in Mexico This is largely due to the nationalist project

of mestizaje which contends that because all Mexicans are racially mixed race is not a salient political issue In recent years however race and racism have become important topics of debate in the country s public sphere and academia This book introduces readers to a sample of these diverse and sometimes conflicting views that also intersect with discussions of class The activists and scholars included in the volume come from fields such as anthropology linguistics history sociology and political science Through these diverse epistemological frameworks the authors show how people in contemporary Mexico interpret the world in racial terms and denounce racism The Politics of Inclusive Development Judith A.
