Walking Alongside Bill Andersen, 2013-01-30 Integrating counseling theory and practice with the biblical revelation has now been attempted many times and with considerable success However in *Walking Alongside* Bill Andersen has attacked the connection from a different angle His starting point is what the Bible says about people and God s relationship with them He has chosen from biblical theology major features that should characterize Christian life and has used these as presuppositions for any form of people helping but especially for counseling From here the task has been to trace their therapeutic effects in the lives of those human beings needing such help
