Great Moments Prakasha Shanbog, 2022-06-12 We have seen people often making the statement That one moment made the difference in my life There are moments in one's life which have made a big positive impact on the individual and on the people associated with that person There are other moments which add to the positive impact of earlier moments There are moments which did not make any impact on the individual and just passed off unnoticed Maybe we can call these as neutral moments People also experience moments which created some negative impact The great moment was the one when you took that decision which turned out to be the best decision It changed your life and made enormous changes for the people associated with you either in your professional or personal life this book is about such moments Why does a moment become great Who makes the moment great Is it the individual experiencing it Is the surrounding ambience responsible for the great moment or is it the people with whom the individual is associated These are the questions to be debated This book does not really teach you any technique or skill to make your moments great The book is a collection of essays on divergent topics The essays as you read through will trigger a debate in you through which you will develop some unique insights of your own Insights are purely individual's experience and derivatives These insights will be responsible to lead you to the arena of great moments

**The Psychology of Learning** Jan De Houwer, Sean Hughes, 2020-09-01 An introduction to the psychology of learning that summarizes and integrates findings from both functional psychology and cognitive psychology learning Learning unites all living creatures from simple microbes to complex human beings But what is learning And how does it work For over a century psychologists have considered such questions Behavior analysts examined the ways in which the environment shapes behavior whereas

cognitive scientists have sought to understand the mental processes that enable us to learn This book offers an introduction to the psychology of learning that draws on the key findings and major insights from both functional behavior analysis and cognitive approaches After an introductory overview the book reviews research showing how seemingly simple regularities in the environment lead to powerful changes in behavior from habituation and classical conditioning to operant conditioning effects It introduces the concept of complex learning and considers the idea that for verbal human beings even seemingly simple types of learning might qualify as instances of complex learning Finally it offers many examples of how psychological research on learning is being used to promote human well being and alleviate such societal problems as climate change Throughout the book boxed text extends the discussion of selected topics and think it through questions help readers gain deeper understanding of what they have read The book can be used as an introductory textbook on the psychology of learning for both undergraduate and postgraduate students or as a reference for researchers who study behavior and thinking

**I Still Do** Dave Harvey, 2020-01-21 Lasting marriages are built one defining moment at a time The moment of blame The moment of weakness When your spouse suffers When dreams disappoint When the kids leave the nest It s how we think and behave toward one another in moments like these that determines whether our marriage endures or falters Ultimately these are invitations from God to consider our direction and pursue transformation With 37 years of marriage and 33 years of pastoring under his belt Dave Harvey has identified those life defining moments of a post newlywed marriage He wants to help couples recognize them in their own relationships so that they can take a proactive godly approach to resolving conflicts holding one another up as change inevitably happens and ensuring that their marriage survives and thrives Whether your relationship is maturing gracefully just needs a tune up or you and your spouse are locked in conflict and your future seems uncertain Dave Harvey has encouragement and practical tools to help strengthen what remains and build a rock solid union for the days to come [The Christian Conjuror Magazine](#) ,1998 [Film Moments](#) James Walters, Tom

Brown, 2017-10-07 Film is made of moments In its earliest form the cinema was a moment mere seconds recorded and projected into the darkness Even as film has developed into today s complex and intricate medium it is the brief temporary and transitory that combines to create the whole Our memories of films are composed of the moments we deem to be crucial touchstones for our understanding and appreciation Moments matter The 38 specially commissioned essays in Film Moments examine a wide selection of key scenes across a broad spectrum of national cinemas historical periods and genres featuring films by renowned auteurs including Alfred Hitchcock Jean Renoir and Vincente Minnelli and important contemporary directors such as Pedro Costa Zhang Ke Jia and Quentin Tarantino addressing films including City Lights Gone with the Wind The Wizard of Oz The Night of the Hunter Wild Strawberries 8 1 2 Bonnie and Clyde Star Wars Conte d t United 93 and Lord of the Rings Return of the King Film Moments provides both an enlightening introduction for students to the diversity of approaches and concerns in the study of film and a dynamic and vibrant account of key film sequences for anyone interested

in enhancing their understanding of cinema      The Holy Sh!t Moment James Fell, 2019-01-22 Motivation expert James Fell teaches readers how to skip the hard part and go directly from intention to committed action After years of helping people change James Fell had a sudden insight about sudden insight significant life change doesn't often come from just putting one foot in front of the other carefully observing and altering habits slogging through baby steps toward new behavior Rather the research reveals that serious life turnaround usually happens in a moment with a flash of inspiration Epiphany arrives like a lightning strike rapidly shifting the recipient of such enlightenment onto a new path that creates a better life Motivational psychology has traditionally focused on slow and steady gradual improvement over time to reach a desired goal whether it's weight loss career change battling addiction or success in relationships We've been told since toddlerhood that the tortoise beats the hare But through compelling science and powerful stories James Fell shows us that the hare has the edge overwhelming desire can be awakened fast and furiously When you learn to become attuned to that sensation of sudden awakening a new path can be followed almost effortlessly because it feels like destiny Everyone has the ability to experience the lightning strike The Holy Sh!t Moment will teach you how to create a life changing epiphany and go directly from intention to action      **The Art of Psychotherapy and the Liberation of the Therapist** Dr. Len Bergantino Ed.D.

Ph.D., 2019-05-30 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can't do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotherapies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M.D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy six years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed.D USC Ph.D A.B.P.P The Art of Psychotherapy and the Liberation of the Therapist This is a book for professional psychotherapists psychoanalysts and counselors students in those areas of specialty

and lay persons who are interested in the essence of effective therapy and how some of the people who do it best practice their art For professionals the book presents a personal way of viewing therapy that can add pleasurable options Each of the therapists with whom I worked and myself all had a feeling of enjoyment that we hope will carry over to the office and practices of the readers For students of therapy the book offers a search for a professional stature and working posture that may be of value in the development of each student s unique personal style For lay persons the book speaks of therapy that can make an impact and speaks of how some of the most potent therapists practice I wrote the book with the intention of having it be both an experience and an explanation I have presented it according to my developmental needs while maturing personally and professionally This was done so the book might be informative at the conscious level entertaining at the child level and persuasive at the unconscious level The existential moment is the thread that ties the book together it is a moment of therapeutic potency While all moments are existential by definition there are certain moments that are more powerful in helping patients live happier and healthier lives Positive results whether they be from one session or over the long haul are partially if not fully a result of existential moments

**Souls under Siege** Nicole Archambeau, 2021-04-15 In *Souls under Siege* Nicole Archambeau explores how the inhabitants of southern France made sense of the ravages of successive waves of plague the depredations of mercenary warfare and the violence of royal succession during the fourteenth century Many people she finds understood both plague and war as the symptoms of spiritual sicknesses caused by excessive sin and they sought cures in confession Archambeau draws on a rich evidentiary base of sixty eight narrative testimonials from the canonization inquest for Countess Delphine de Puimichel which was held in the market town of Apt in 1363 Each witness in the proceedings had lived through

the outbreaks of plague in 1348 and 1361 as well as the violence inflicted by mercenaries unemployed during truces in the Hundred Years War. Consequently their testimonies unexpectedly reveal the importance of faith and the role of affect in the healing of body and soul alike. Faced with an unprecedented cascade of crises the inhabitants of Provence relied on saints and healers their worldview connecting earthly disease and disaster to the struggle for their eternal souls. *Souls under Siege* illustrates how medieval people approached sickness and uncertainty by using a variety of remedies making clear that healing had multiple overlapping meanings in this historical moment.

**The Power of Moments** Chip Heath, Dan Heath, 2017-10-03 The New York Times bestselling authors of *Switch* and *Made to Stick* explore why certain brief experiences can jolt us and elevate us and change us, and how we can learn to create such extraordinary moments in our life and work. While human lives are endlessly variable, our most memorable positive moments are dominated by four elements: elevation, insight, pride, and connection. If we embrace these elements, we can conjure more moments that matter. What if a teacher could design a lesson that he knew his students would remember twenty years later? What if a manager knew how to create an experience that would delight customers? What if you had a better sense of how to create memories that matter for your children? This book delves into some fascinating mysteries of experience: Why we tend to remember the best or worst moment of an experience as well as the last moment and forget the rest? Why we feel most comfortable when things are certain but we feel most alive when they're not? And why our most cherished memories are clustered into a brief period during our youth? Readers discover how brief experiences can change lives, such as the experiment in which two strangers meet in a room and forty-five minutes later they leave as best friends. What happens in that time? Or the tale of the world's youngest female billionaire who credits her resilience to something her father asked the family at the dinner table. What was that simple question? Many of the defining moments in our lives are the result of accident or luck, but why would we leave our most meaningful, memorable moments to chance when we can create them? *The Power of*
