A Henry James Chronology E. Harden, 2004-11-30 This new volume in the Author Chronology series offers an intense articulation of Henry James's biographical experiences which are presented

amid the detailed unfolding of his imaginative writing and set in the larger context of historical developments that impinged upon his life Evoking the wide range of his experiences with other human beings his manifold studies of fellow artists in various fields and his critical articulation of the art of writing fiction this study reveals his major influence upon subsequent writers and students of fiction *Chambers's Encyclopædia*, 1888 **Island of Guernsey. Guille-Allès library and museum. Encyclopædic catalogue of the lending department, compiled under the direction of A. Cotgreave assisted by H. Boland** Alfred Cotgreave, 1891 ... **Encyclopædic Catalogue** ... Guille-Allès library and museum, Guernsey, 1891 The Short Story Valerie Shaw, 2014-07-21 Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris **A Small Boy and Others** Henry James, 2011-05-03 Henry James was the final survivor of a remarkable family and his memoir written at the end of a long and tireless career was prompted initially by the death of his ideal Elder Brother the psychologist and philosopher William James A Small Boy and Others recounts the novelist's earliest years in Albany and more importantly New York City where he was allowed to wander at will He evokes the theatrical entertainments he enjoyed the varied social scene in which the family mixed and the piecemeal nature of his education With the first of several extended trips the romance of Europe begins as the small boy becomes acquainted with a British culture already familiar from his precocious reading of the great Victorian novelists And it is in France in the Louvre's Galerie d'Apollon that he undergoes an initiation into the aesthetic power of great art and an intimation of all the fun it might bring him Yet the child also registered within this privileged and extended family group signs of dysfunction and failure James's autobiography has significantly determined the nature and even the terms of the extensive biographical and critical interest he continues to enjoy This first fully annotated critical edition of A Small Boy and Others which guides the reader through the allusive complexities of James's prose also offers fresh insights into the formative years of one of literature's most influential figures Henry James Jeanne Delbaere-Garant, 2013-05-22 Both James's life and his literary career might be figured as a double spiral rooted at the one end in the American soil and in romanticism contracting in its middle on contact with France and French naturalism and expanding again into the Anglo-Saxon world and into the twentieth century The spiral which also suggests the artist's indirect approach to reality strikes me as an adequate symbol for Henry James From Bramante's ramp in the Vatican to F L Wright's in the Guggenheim Museum it has always been the favourite shape of all those who claimed greater freedom for the artist rejected the fixity of academic rules and were convinced that art like the

spirit of man is capable of endless progress *Henry James and the Abuse of the Past* P. Rawlings, 2005-03-02 Henry James and the Abuse of the Past explores the complex uses to which James puts his oblique experience of the American Civil War Why does James use and abuse the past by fabricating and distorting people and events in his autobiographical work The study integrates four elements history the past and problems of narration and representation the homoerotics of the Civil war tales and other soldiering fiction a life long pre occupation with Shakespeare as a historical figure and theories of time as they come under the pressure of trauma and war This well written insightful and persuasive study is an important contribution to James scholarship and will be of interest to any students and scholars of James **Selected Stories**

Alphonse Daudet, 1901 The World and the Parish Willa Cather, 1970-01-01 One of the few really helpful words I ever heard from an older writer Willa Cather declared in 1922 I had from Sarah Orne Jewett when she said to me Of course one day you will write about your own country In the meantime get all you can One must know the world so well before one can know the parish Although Cather's first novel about her own country *O Pioneers* did not appear until 1913 the process of knowing the world and of mastering her craft so far as it can be traced in her published writing already had been going on for some twenty years *The World and the Parish* Willa Cather's *Articles and Reviews* 1893 1902 is the fourth in a series collecting the work of these years of experiment and discovery More specifically it offers a representative collection of Cather's nonfiction writing for newspapers and periodicals during her first decade as a professional writer Selected from 520 articles and columns the text is divided into three parts corresponding to major developments in Cather's career the period from 1893 to 1896 when she first began to write regularly for Lincoln newspapers the years in Pittsburgh when she was working for the *Home Monthly* and the *Leader* and sending her famous *Passing Show* column back to Nebraska and the period from the spring of 1900 to 1903 when she freelanced in Pittsburgh and Washington taught in a Pittsburgh high school and made her first trip abroad The text has been edited with three main objectives 1 to enable the reader to trace Cather's development as a writer 2 to group the material so that the reader interested in a particular subject the theatre or music or literature for example can readily locate pertinent selections and 3 to provide a context sufficient to relate these pieces to Willa Cather's life and to the times and to suggest some of their connections with the body of her work Chronologies have been included for each of the three parts and the Bibliography is the most complete yet available for the nonfiction writing up to 1903 Not the least remarkable feature of this collection is the range and variety of forms and subject matter reviews of books plays operas concerts art exhibits lectures feature stories interviews straight reportage columns of miscellaneous comment and travel letters Seemingly with no apparent effort Willa Cather could adjust her sights to any assignment and any audience And if it is astonishing that she could write so much about so many matters at so many levels it is perhaps even more astonishing that so much of it was so good Undeniably however the chief interest to the general reader and the peculiar value to the scholar of these journalistic writings reside in their manifold and crucial connections with

Cather's later work and in the unparalleled insights they afford into the process by which a gifted writer becomes a great artist *The Academy and Literature* ,1882 Academy, with which are Incorporated Literature and the English Review ,1882 The Academy ,1882 Academy; a Weekly Review of Literature, Learning, Science and Art ,1882 The Poetical gazette the official organ of the Poetry society and a review of poetical affairs nos 4 7 issued as supplements to the Academy v 79 Oct 15 Nov 5 Dec 3 and 31 1910
