Money Jungle Imagining The New Times Square:

Money Jungle Benjamin Chesluk, 2007-09-11 For more than a century Times Square has mesmerized the world with the spectacle of its dazzling supersigns its theaters and its often seedy nightlife New York City's iconic crossroads has drawn crowds of revelers thrill seekers and other urban denizens not to mention lavish outpourings of advertising and development money Many have hotly debated the recent transformation of this legendary intersection with voices typically falling into two opposing camps Some applaud a blighted red light district becoming a big budget mainstream destination Others lament an urban zone of lawless possibility being replaced by a Disneyfied theme park version of New York In *Money Jungle* Benjamin Chesluk shows that what is really at stake in Times Square are fundamental questions about city life questions of power pleasure and what it means to be a citizen in contemporary urban space Chesluk weaves together surprising stories of everyday life in and around the Times Square redevelopment tracing the connections between people from every level of this grand project in social and spatial engineering the developers architects and designers responsible for reshaping the urban public spaces of Times Square and Forty second Street the experimental Midtown Community Court and its Times Square Ink job training program for misdemeanor criminals encounters between NYPD officers and residents of Hell's Kitchen and angry confrontations between city planners and neighborhood activists over the future of the area With an eye for offbeat telling details and a perspective that is at once sympathetic and critical Chesluk documents how the redevelopment has tried sometimes successfully and sometimes not to reshape the people and places of Times Square The result is a colorful and engaging portrait illustrated by stunning photographs by long time local photographer Maggie Hopp of the street life politics economics and cultural forces that mold America's urban centers

Anteaesthetics Rizvana Bradley, 2023-10-24 In

Anteaesthetics Rizvana Bradley begins from the proposition that blackness cannot be represented in modernity's aesthetic regime but is nevertheless foundational to every representation Troubling the idea that the aesthetic is sheltered from the antiblack terror that lies just beyond its sanctuary Bradley insists that blackness cannot make a home within the aesthetic yet is held as its threshold and aporia The book problematizes the phenomenological and ontological conceits that underwrite the visual sensual and abstract logics of modernity Moving across multiple histories and geographies artistic mediums and forms from nineteenth century painting and early cinema to the contemporary text based works video installations and digital art of Glenn Ligon Mickalene Thomas and Sonda Perry Bradley inaugurates a new method for interpretation an ante formalism which demonstrates how black art engages in the recursive deconstruction of the aesthetic forms that remain foundational to modernity Foregrounding the negativity of black art Bradley shows how each of these artists disclose the racialized contours of the body form and medium even interrogating the form that is the world itself Drawing from black critical theory Continental philosophy film and media studies art history and black feminist thought Bradley explores artistic practices that inhabit the negative underside of form Ultimately *Anteaesthetics* asks us to think philosophically with black art and with the

philosophical invention black art necessarily undertakes Bloomberg's New York Julian Brash, 2011 New York mayor Michael Bloomberg claims to run the city like a business In Bloomberg's New York Julian Brash applies methods from anthropology geography and other social science disciplines to examine what that means He describes the mayor's attitude toward governance as the Bloomberg Way a philosophy that holds up the mayor as CEO government as a private corporation desirable residents and businesses as customers and clients and the city itself as a product to be branded and marketed as a luxury good Commonly represented as pragmatic and nonideological the Bloomberg Way Brash argues is in fact an ambitious reformulation of neoliberal governance that advances specific class interests He considers the implications of this in a blow by blow account of the debate over the Hudson Yards plan which aimed to transform Manhattan's far west side into the city's next great high end district Bringing this plan to fruition proved surprisingly difficult as activists and entrenched interests pushed back against the Bloomberg administration suggesting that despite Bloomberg's success in redrawing the rules of urban governance older political arrangements and opportunities for social justice remain

Drop Dead Hillary Miller, 2016-10-15 Winner 2017 American Theater and Drama Society John W Frick Book Award Winner 2017 ASTR Barnard Hewitt Award for Outstanding Research in Theater History Hillary Miller's Drop Dead Performance in Crisis 1970s New York offers a fascinating and comprehensive exploration of how the city's financial crisis shaped theater and performance practices in this turbulent decade and beyond New York City's performing arts community suffered greatly from a severe reduction in grants in the mid 1970s A scholar and playwright Miller skillfully synthesizes economics urban planning tourism and immigration to create a map of the interconnected urban landscape and to contextualize the struggle for resources She reviews how numerous theater professionals including Ellen Stewart of La MaMa E T C and Julie Bovasso Vinnette Carroll and Joseph Papp of The Public Theater developed innovative responses to survive the crisis Combining theater history and

close readings of productions each of Miller's chapters is a case study focusing on a company a production or an element of New York's theater infrastructure Her expansive survey visits Broadway Off Broadway Off Broadway Coney Island the Brooklyn Academy of Music community theater and other locations to bring into focus the large scale changes wrought by the financial realignments of the day Nuanced multifaceted and engaging Miller's lively account of the financial crisis and resulting transformation of the performing arts community offers an essential chronicle of the decade and demonstrates its importance in understanding our present moment

Urban Noir James J. Ward, Cynthia J. Miller, 2017-09-06 Film noir has always been associated with urban landscapes and no two cities have been represented more prominently in these films than New York and Los Angeles In noir and neo noir films since the 1940s both cities are ominous locales where ruthless ambition destructive impulses and dashed hopes are played out against backdrops indifferent to human dramas In *Urban Noir* New York and Los Angeles in Shadow and Light James J Ward and Cynthia J Miller have brought together essays by an international group of scholars that examine the dark appeal of these two cities The essays in this volume explore aspects of the noir and neo noir cityscape that have been relatively unexamined including the role of sound and movement through space the distinctive character of certain neighborhoods and locales and the importance of individual moments in time Among the films discussed in this book are classic noirs *Double Indemnity* 1944 *He Walked by Night* 1948 and *Criss Cross* 1949 as well as neo noirs such as *Cotton Comes to Harlem* 1970 *Klute* 1971 *Taxi Driver* 1976 *Eyes of Laura Mars* 1978 *Cruising* 1980 *Alphabet City* 1984 *Devil in a Blue Dress* 1995 *Drive* 2011 *Rampart* 2011 and *Nightcrawler* 2014 Uniting these essays is a thematic orientation toward darkness whether interpreted in atmospheric and architectural terms in social and psychological terms or in terms of disruptive change economic dislocation and real or perceived existential threats Offering multiple new perspectives on a wide range of films *Urban Noir* will be of interest to scholars of film media politics sociology history and popular culture

The Fabric of Cultures Eugenia Paulicelli, Hazel Clark, 2009-06-02 The *Fabric of Cultures* examines the impact of fashion as a manufacturing industry and as a culture industry that shapes identities of nations and cities in a cross cultural perspective and within a global framework

Seeing Symphonically Erica Stein, 2021-08-01 Can the cinema imagine a different way of developing using and living in the city Is it possible to do so using images of the extant city *Seeing Symphonically* shows how a group of independent experimental documentary and feature films made in and about late modern New York City did just this Between 1939 and 1964 as the city was being utterly remade by a combination of urban renewal projects suburbanization and high rise public housing the New York avant garde reinvented the city symphony a modernist form that depicted a day in the life of an urban environment through complex montage optical effects and street portraiture Erica Stein documents how these New York City symphonies subverted and critiqued urban redevelopment through their aesthetics particularly their rhythms and through those same rhythms envisioned a world in which urban inhabitants have the absolute right to remake the city according to their needs outside the demands of capital

A Kind of

Genius Sam Roberts,2010-05-21 In A Kind of Genius Sam Roberts offers a window onto Herb Sturz's extraordinary life's work. Sturz began his long career in social entrepreneurship by reforming the bail system and founding the Vera Institute of Justice. He served as New York City's Deputy Mayor for Criminal Justice under Ed Koch and then as Chairman of the City Planning Commission. He moved on to establish affordable inner city housing and programs for at risk individuals. But Sturz has to date largely eschewed the public's eye. Roberts pays tribute to Sturz's inspirational legacy of accomplishment. His initiatives have consistently provided solutions to our most challenging problems. Here for the first time his astonishing story is told in full.

Space of Detention Elana Zilberg,2011-11-07 An ethnographic analysis of the purported transnational gang crisis between the United States and El Salvador based on extensive research in Los Angeles and San Salvador. [A Critical Companion to the American Stage Musical](#) Elizabeth L. Wollman,2017-09-21 This Critical Companion to the American Stage Musical provides the perfect introductory text for students of theatre music and cultural studies. It traces the history and development of the industry and art form in America with a particular focus on its artistic and commercial development in New York City from the early 20th century to the present. Emphasis is placed on commercial artistic and cultural events that influenced the Broadway musical for an ever-renewing increasingly broad and diverse audience: the Gilded Age, the Great Depression, the World War II era, the British invasion in the 1980s and the media age at the turn of the twenty-first century. Supplementary essays by leading scholars provide detailed focus on the American musical's production and preservation as well as its influence on daily life on the local, national and international levels. For students, these essays provide models of varying approaches and interpretation, equipping them with the skills and understanding to develop their own analysis of key productions.

Times Square Remade Lynne B. Sagalyn,2023-10-10 The illuminating evolution of the iconic space of Times Square. What is it about Times Square that has inspired such attention for well over a century? And how is it that despite its many changes of character, the place has maintained a unique hold on our collective imagination? In this book, which comes twenty years after her widely acclaimed *Times Square Roulette*, Lynne Sagalyn masterfully tells the story of profound urban change over decades in the symbolic space that is New York City's Times Square. Drawing on the history, sociology and political economy of the place, *Times Square Remade* examines how the public-private transformation of 42nd Street at Times Square impacted the entertainment district and adjacent neighborhoods, particularly Hell's Kitchen. Sagalyn chronicles the earliest halcyon days of 42nd Street and Times Square as the nexus of speculation and competitive theater building, as well as its darkest days as vice central and on to the years of aggressive government intervention to cleanse West 42nd Street of pornography and crime. Thematically, the author analyzes the three main forces that have shaped and reshaped Times Square: theater, real estate and pornography, and explains the politics and economics of what got built and what has been restored or preserved. Accompanied by nearly 160 images, more than half in color, *Times Square Remade* is a deftly woven narrative of urban transformation that will appeal as much to the general reader and New York City enthusiast as to urbanists' city.

Ours to Lose Amy Starecheski, 2016-11-07 The fascinating and little known tale of the Lower East Side squatters of the Eighties a radical European inspired housing movement The Village Voice Though New York's Lower East Side today is home to high end condos and hip restaurants it was for decades an infamous site of blight open air drug dealing and class conflict an emblematic example of the tattered state of 1970s and 80s Manhattan Those decades of strife however also gave the Lower East Side something unusual a radical movement that blended urban homesteading and European style squatting in a way never before seen in the United States *Ours to Lose* tells the oral history of that movement through a close look at a diverse group of Lower East Side squatters who occupied abandoned city owned buildings in the 1980s fought to keep them for decades and eventually began a long complicated process to turn their illegal occupancy into legal cooperative ownership Amy Starecheski here not only tells a little known New York story she also shows how property shapes our sense of ourselves as social beings and explores the ethics of homeownership and debt in post recession America There are many books about the Lower East Side and its recent transformation yet none has included engagement or oral history with primary organizers in the way Starecheski has *Ours to Lose* is a unique and substantive contribution to our understanding of a most distinct practice in the shaping of urban space Metropolitiques What is significant is that the author demonstrates how some New Yorkers addressed the housing crisis in an unconventional manner Recommended Choice

A Companion to Urban Anthropology Donald M. Nonini, 2014-03-17 *A Companion to Urban Anthropology* BLACKWELL COMPANIONS TO ANTHROPOLOGY *A Companion to Urban Anthropology* The city is becoming the basic currency of human and non human life a pile of interconnections which makes a series of difficult wholes This volume navigates the anthropology of this medium with the greatest aplomb Nigel Thrift University of Warwick *A Companion to Urban Anthropology* presents original essays on central concepts in urban anthropology and ethnography Featuring contributions from more than 25 leading international scholars in urban studies the readings cover a wide variety of topics Each essay explores a key phenomenon and is grounded in the author's original research along with findings of other urbanists Classic issues such as built structures and urban planning community markets and race lead to emergent areas of study including borders sexualities nature extralegality and resilience and sustainability *A Companion to Urban Anthropology* offers revealing insights into the complex forces that continue to shape the urban experience

Spatializing Culture Setha Low, 2016-08-12 This book demonstrates the value of ethnographic theory and methods in understanding space and place and considers how ethnographically based spatial analyses can yield insight into prejudices inequalities and social exclusion as well as offering people the means for understanding the places where they live work shop and socialize In developing the concept of spatializing culture Setha Low draws on over twenty years of research to examine social production social construction embodied discursive emotive and affective as well as translocal approaches A global range of fieldwork examples are employed throughout the text to highlight not just the theoretical development of the idea of

spatializing culture but how it can be used in undertaking ethnographies of space and place The volume will be valuable for students and scholars from a number of disciplines who are interested in the study of culture through the lens of space and place

Pop Cinema Glyn Davis, Tom Day, Pop Cinema is the first book devoted to moving image works which engage with the central thematics and aesthetics of Pop Art The essays in the collection focus in on the core concerns of Pop as a widespread and ideologically complex art movement and examine the ways in which artists in various global locations have used forms of film practice outside of the mainstream to explore those preoccupations The book's contributors also identify the ways in which dominant Pop aesthetics flat planes of bold colour mechanical forms of repetition appropriation of materials from popular culture sources were adopted reworked or abandoned by such filmmakers At root the book asks three basic questions what shapes might a Pop form of cinema take what materials would it engage with and what might it have to say

The Routledge Handbook of Anthropology and the City Setha Low, 2018-10-03 The Routledge Handbook of Anthropology and the City provides a comprehensive study of current and future urban issues on a global and local scale Premised on an engaged approach to urban anthropology the volume adopts a thematic approach that covers a wide range of modern urban issues with a particular focus on those of high public interest Topics covered include security displacement social justice privatisation sustainability and preservation Offering valuable insight into how anthropologists investigate make sense of and then address a variety of urban issues each chapter covers key theoretical and methodological concerns alongside rich ethnographic case study material The volume is an essential reference for students and researchers in urban anthropology as well as of interest for those in related disciplines such as urban studies sociology and geography

Disney Gothic Jeffrey Andrew Weinstock, Lorna Piatti-Farnell, 2024-04-24 Despite Disney's carefully crafted image of family friendliness Gothic elements are pervasive in all of Disney's productions ranging from its theme parks to its films and television programs The contributors to Disney Gothic reveal that the Gothic in fact serves as the unacknowledged motor of the Disney machine Exploring representations of villains ghosts and monsters this book sheds important new light on the role these Gothic elements play throughout the Disney universe in constructing and reinforcing conceptions of normalcy and deviance in relation to shifting understandings of morality social roles and identity categories In doing so this book raises fascinating questions about the appeal marketing and consumption of Gothic horror by adults and particularly by children who historically have been Disney's primary audience

Tenement Nation Christa Ballard Tooley, 2023-06-06 Around the world blue collar politics have become associated with resistance to the multicultural While this may also be true in Edinburgh Scotland a closer look reveals the growth of liberal democratic ideals in the working class population which has a much different goal How can this European city keep the entrepreneurial forces of globalization from commodifying what is distinctly theirs In Tenement Nation Christa Ballard Tooley explores the battle for a neighborhood called the Canongate in Edinburgh's Old Town Tooley's insightful study of the working class Canongate community as they negotiate gentrification

plans offers a complex view of class and nation The threat of the Canongate s redevelopment motivated many throughout Edinburgh to lend their support to the residents campaign Against such development projects alliances formed between upper class heritage supporters and working class urban residents all of whom turned to institutions such as the European Union and UNESCO for support in restricting commercial development Tenement Nation explores these negotiations between socioeconomic classes and even nationalities to show what Tooley calls a working class cosmopolitanism in pursuit of social economic and political inclusion
