## **Past Questions On Nigerian Army:**

*The Nigerian Army* N. J. Miners, 2023-12-20 Originally published in 1971 this book is an account of the development of the Nigerian Army in the critical ten years spanning independence It describes the transformation of a despised colonial defence force into a Nigerian army with a popularly recognized reputation On the eve of the first military coup the Army stood at the pinnacle of popular esteem It had been modernized and expanded had served with distinction in the Congo and elsewhere and all its officers were Nigerian The first half of the book traces the stages of this transformation and reveals the difficulties which had to be overcome The second part examines the increasing tension and political manoeuvring which exploded into the military coups of 1966 Military Past, Civilian Present Paul Taylor, Emma Murray, Katherine

Albertson, 2019-11-17 This edited book presents a synthesis of current international knowledge on the topic of military veteran transition to civilian life Understanding the transition of individuals from military institutions to civilian life is of great importance The essential elements of transition support are currently widely debated in order to assess current practice and potential shortcomings in the intention to improve health welfare and social outcomes for military veterans This text links original research and critical commentary to public policy and practice in the area of veteran transition Doing so through a collection of international perspectives assists in locating continuity and difference between strategies agendas and the realities of what is actually known of the veteran's experience Chapters in this text examine the subject of transition along lines of enquiry that focus in on themes such as social justice veteran identity and developments in transition agendas Globally many veterans face complex social issues such as low income barriers to employment and problems of health and welfare Chapters take stock of the real world issues affecting veterans and at the same time casts a critical eye over the limitations in accessing or denial of access to opportunities support and remedy The veteran identity is an important dimension of enquiry here This book looks at the relational factors between the veteran and the public the creation of a master status and the challenges faced by veterans in transitioning into a cultural context that is saturated with imagery of what a veteran is Chapters also seek to pose recommendations as to how the policy and practice agenda that surrounds veterans and the bridging of the gap between military and civilian life may be developed Here authors point towards the value of knowledge research and analysis that is underpinned by participatory strategies with veterans themselves For example seeking to establish lines of enquiry that value the voice of veterans as an ongoing and iterative dimension of developing understanding *Directory of Nigerian Book Development* Vincent Chukwuemeka Ike, 1998 **Statement to**

**Nigeria: an Experiment in Nation Building** Charles Akujieze, 2019-05-08 In this painstakingly updated and comprehensive political masterpiece Charles Nnaemeka Akujieze explores Nigeria's pre colonial colonial and postcolonial

history and current affairs in Nigeria politics and administration and presents a nuanced explanation of events and circumstances that have dangerously flung this complex dynamic and troubled giant to the brink It is one of the most updated and comprehensive analysis of Africa s most important and populous nation that has been undermined in recent decades by ethnic and religious conflict political instability rampant corruption and an ailing economy Buharism Emeka Nwankwor,2020-12-09 This book poses the question When does a President lose the moral authority to lead Is it when he steals an election and usurps the presidential mandate the people had given his primary challenger Is it when he orchestrates sectarian inspired massacre of his people and turns his country into the biggest human abattoir on the face of the earth Is it when he bares his fangs on peaceful protesting citizens but turns a blind eye on terrorists who butcher defenseless citizens Is it when he creates industrial scale poverty in proportions that makes his country the world s largest concentration camp of people living in extreme poverty This book provides an overview of Nigeria s history to the present day with specific focus on the current government led by President Muhammadu Buhari It catalogs the unmitigated failures and the endless buffoonery that have become the hallmark of Buhari s government since 2015 As a political philosophy Buharism is the art and science of incompetency It means failure and there is nothing rational about it But as Nigeria dithers on a precipice Buharism Nigeria s Death Knell offers a corrective measure to rescue the country Rebellion against failure and incompetence is an act of honor This honor is intrinsic to the rebel the way treachery and sycophancy are intrinsic to those who seek to entrench and sustain the status quo Weaving between logical analysis and personal experience the author draws upon a series of insights to offer perspective on why Nigerians are morally obligated to rebel against the leadership of an illegitimate President It s time to kindle a fire that will make Nigerians understand that it would be a monumental mistake to sit idly by a calendar and countdown the days to May 29 2023 Nigeria is at risk of an imminent collapse To sacrifice President Buhari and his government is national interest premised on realism *Africa Yearbook Volume 11* ,2015-09-29 The Africa Yearbook covers major domestic political developments the foreign policy and socio economic trends in sub Sahara Africa all related to developments in one calendar year The Yearbook contains articles on all sub Saharan states each of the four sub regions West Central Eastern Southern Africa focusing on major cross border developments and sub regional organizations as well as one article on continental developments and one on African European relations While the articles have thorough academic quality the Yearbook is mainly oriented to the requirements of a large range of target groups students politicians diplomats administrators journalists teachers practitioners in the field of development aid as well as business people *King of the Jungle* Yadok, Bizuum,2015-04-27 In *King of the Jungle* the bouts of ethno religious violence in Jos are fused with the heartbreaking story of two brothers who go through life unaware of each other s existence Carefully crafted with local colour which evokes memories of pre 2001 Jos Bizuum Yadok s first novel weaves humour urban realism tragedy and redemption **Nigerian-Biafran Relief Situation** United States. Congress. Senate. Committee on Foreign

Relations. Subcommittee on African Affairs, 1968 Reviews developments in the Nigerian Biafran civil war and U S and international relief efforts     Link with the Past Alfred Rewane, 2000     *Counter-Insurgency in Nigeria* Akali Omeni, 2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military's internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work's analysis of the air force's role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general     **The African Guardian** , 1994-05

**Afriscopes** , 1973     *AF Press Clips* , 1986     Nigerian English David Jowitt, 2018-11-05 Although the past few decades have witnessed growing interest in varieties of English around the world no study of the Nigerian variety intended for the international market has yet been published Making use of well known paradigms the book will relate Nigerian English as a Second Language variety to other World Englishes Its chief overall concern however is to provide a detailed descriptive account of the variety seeking to show what is distinctive about it and also in this perspective distinguishing between more educated and less educated usage After giving a sociolinguistic profile of Nigeria where English today enjoys a more prominent role than ever before it will examine in turn the phonology morpho syntax and lexico semantics of Nigerian English with samples of written texts from the eighteenth century to the present It will also give a comprehensive summary of academic research carried out in the field over the past fifty years In this way the book will provide an introduction to the subject for the benefit of scholars and students in universities in many countries and will serve as a useful companion to other books in De Gruyter Mouton's Dialects of English series     *The Current Situation in Sudan and the Prospects for Peace* United States. Congress. Senate. Committee on Foreign Relations, 2005     Nigeria and the Nation-State John Campbell, 2020-12-02 Nigeria despite being the African country of greatest strategic importance to the United States remains poorly understood Leading expert John Campbell explains why Nigeria projected to have the world's third highest population by 2050 is so important to understand in a world of jihadi extremism corruption oil conflict and communal violence

**#BringBackOurGirls: Addressing the Threat of Boko Haram** United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on African Affairs, 2015      *The Biafra Story* Frederick Forsyth, 2015-03-21 A fearless act of journalism in 1960s Nigeria and the true story behind the international bestselling novel *The Dogs of War* The Nigerian civil war of the late 1960s was one of the first occasions when Western consciences were awakened and deeply affronted by the level of suffering and the scale of atrocity being played out in the African continent This was thanks not just to advances in communication technology but to the courage and journalistic skills of foreign correspondents like Frederick Forsyth who had already earned an enviable reputation for tenacity and accuracy working for Reuters and the BBC In *The Biafra Story* Forsyth reveals the depth of the British Government's active involvement in the conflict information which many in power would have preferred to remain secret General Gowon's genocide of the Biafran people was facilitated by a ready supply of British arms and advice Still tragically relevant in its depiction of global affairs this powerful book also launched Frederick Forsyth to literary stardom by providing him with the background material for *The Dogs of War* The dramatic events and shocking political exposures all delivered with Forsyth's bold and perceptive style makes *The Biafra Story* a compelling lesson in courage
