Paul Kruger En De Opkomst Der Zuidafrikaansche Republiek:

Paul Kruger en de opkomst der Zuid-Afrikaansche Republiek Joan Frederik van Oordt, Johan Frederik Van Oordt, 1898
The Cambridge History of the British Empire Eric Anderson Walker, 1963 *Paul Kruger en de Opkomst Der Zuid-Afrikaansche Republiek* D'Arbez, **History of South Africa** George McCall Theal, 1910 Paul Kruger en de opkomst der Zuid-Afrikaansche Republiek Joan Frederik van Oordt, 1899 **History of South Africa Since September 1795. One hundred years after the Boer War the British continue to debate what went wrong while the war has significant nationalist overtones in today's South Africa. This book examines changes in interpretations of the war and provides a bibliography of major sources on the Boer War now sometimes called the South African War. The bibliography focuses on the military history but also includes some historical accounts of the political debate. The first part of the book provides an extended historiographical essay while part two provides an annotated bibliography of the titles discussed in part one. Historiographical questions concerning the Boer War are numerous. Discussions of military operations focus on the early use of modern weaponry and the effect of guerrilla tactics on a traditional force while other historians debate the question of British military leadership and organization. Questions also revolve around British imperialism and the scramble for Africa. Frequently called the second war for freedom by South African authors, the war was the reason that South Africa, unlike other British colonies, gained independence without majority rule. This makes the war of continuing relevance to the turmoil in South Africa, the collapse of the minority government, and the continuing problems of the current government. This book will provide a useful tool for those wishing to research the war.

History of South Africa Since September, 1795 George McCall Theal, 1910 Selected Translations Pertaining to the Boer War. April 1, 1905 United States. War Department. In the 1890s financial speculation and market manipulation were prominent features of the Southern African gold mining industry. Extravagantly capitalised, starved of working capital and poorly managed, many mines could not be made to pay. Investors suffered more at the hands of Randlords than they did from those of the Boer Government in Pretoria. By failing to take any of this into serious consideration, accounts that focus on mining company complaints as the root cause of the Jameson Raid and the outbreak of war in 1899 are missing a key dimension of the past.
