In Defense of Witches Mona Chollet,2022-03-08 Mona Chollet's *In Defense of Witches* is a brilliant well documented celebration Le Monde by an acclaimed French feminist of the witch as a symbol of female rebellion and independence in the face of misogyny and persecution Centuries after the infamous witch hunts that swept through Europe and America witches continue to hold a unique fascination for many as fairy tale villains practitioners of pagan religion as well as feminist icons Witches are both the ultimate victim and the stubborn elusive rebel But who were the women who were accused and often killed for witchcraft What types of women have centuries of terror censored eliminated and repressed Celebrated feminist writer Mona Chollet explores three types of women who were accused of witchcraft and persecuted the independent woman since widows and celibates were particularly targeted the childless woman since the time of the hunts marked the end of tolerance for those who claimed to control their fertility and the elderly woman who has always been an object of at best pity and at worst horror Examining modern society Chollet concludes that these women continue to be harassed and oppressed Rather than being a brief moment in history the persecution of witches is an example of society's seemingly eternal misogyny while women today are direct descendants to those who were hunted down and killed for their thoughts and actions With fiery prose and arguments that range from the scholarly to the cultural *In Defense*

of Witches seeks to unite the mythic image of the witch with modern women who live their lives on their own terms

Harrison's Principles of Internal Medicine 20/E (Vol.1 & Vol.2) (ebook) Dennis L. Kasper, Anthony S. Fauci, Stephen L. Hauser, Dan L. Longo, J.
