Monstrous Progeny Lester D. Friedman,Allison B. Kavey,2016-08 Mary Shelley s 1818 novel Frankenstein is its own type of monster mythos that will not die a corpus whose parts keep getting harvested to animate new artistic creations What makes this tale so adaptable and so resilient that nearly 200 years later it remains vitally relevant in a culture radically different from the one that spawned its birth *Monstrous Progeny* takes readers on a fascinating exploration of the Frankenstein family tree tracing the literary and intellectual roots of Shelley s novel from the sixteenth century and analyzing the evolution of the book s figures and themes into modern productions that range from children s cartoons to pornography Along the way media scholar Lester D Friedman and historian Allison B Kavey examine the adaptation and evolution of Victor Frankenstein and his monster across different genres and in different eras In doing so they demonstrate how Shelley s tale and its characters continue to provide crucial reference points for current debates about bioethics artificial intelligence cyborg lifeforms and the limits of scientific progress Blending an extensive historical overview with a detailed analysis of key

Cristol,2013-09-15 *The Liberty Incident Revealed* is the complete and final story about the Israeli Air Force and Navy attack on the USS Liberty during the Six Day War in June 1967 Cutting through all of the controversy and conspiracy theories about Israel s deadly attack Cristol revises his well regarded book about the event with an expanded and in depth analysis of all of the sources including the released tapes of the National Security Agency NSA intercepts When Cristol s first book on the subject *The Liberty Incident* was published in 2002 there remained many unanswered questions about Israeli Air Force audio tapes The NSA intercepts tapes had not yet been released in 2002 Some conspiracy theorists alleged the NSA tapes would prove that the Israeli attack was premeditated Cristol s successful Freedom of Information Act lawsuit against the NSA while resulting in the release of those tapes has been greeted by anti Israel sources insisting that the NSA tapes are fraudulent and are part of a larger conspiracy to deceive the American public After a quarter of a century of intensive research in both Israel and the U S researching all relevant archives from NSA CIA and the State Department reviewing both formerly classified and open source documents and interviewing all then living individuals directly involved in the incident the factual and documentary record is clear Cristol maintains that despite the fact that all of the official records and transcripts are now available for review the truth has proven to be of no interest to those individuals and organizations who are motivated by hidden agendas wish to keep conspiracy theories alive or are trying to feed sensational stories to the media Documenting his findings in six new chapters Cristol establishes definitively that the Israeli attack was a tragic mistake and presents a convincing argument that will be regarded as the final chapter in the long simmering debate about this incident The
