Reading Rainbow Guide to Children's Books Twila Christensen Liggett, Cynthia Mayer Benfield, 1996 *The Community of the Book* John Young Cole, This is a selective listing of organizations that promote books and reading administer literacy projects and encourage the study of books Compiled by Carren O Kaston The Community of the Book focuses on national programs of special interest to the Center for the Book in The Library of Congress but should be of use to the entire book community The Emphasis is on organizations in the United States where recently there has been renewed

interest in educational reform in literacy and in the future of publishing The assumption underlining this unusual directory is that a community of the book does exist and that it can be mobilized to keep books and reading central in the life of Democratic societies The listings provide a richly detailed account of 89 major resource centers providing names of directors addresses telephone numbers and founding dates In addition each listing discusses the purposes of the organization examples of its activities publications sponsored and sources of fiscal support In short the volume is intended to serve as a national catalyst for stimulating public interest in books in particular and reading in general Cole provides a pellucid opening essay on the subject Is There a Community of the Book What is surprising is not his clear affirmative answer so much as the closely argued historical and analytical study of how this community has been deepened through the conscious activities of The Library of Congress The work concludes with a brief but valuable guide to other resources ranging from publishing broadcasting bookselling libraries and book collecting and culture *Celebrate Reading!*, 1997 An integrated reading language arts program which includes a diversity of genres and award winning selections such as Regina's big mistake Emma's dragon hunt Frog and toad are friends The book of piggericks Eddy B pigboy The relatives came Helping out Soccer Sam Nessa's fish Higher on the door The lost lake The tub people *My Friend LeVar* Ezra Edmond, 2024-10-01 Celebrate the joy of reading and imagination with Ezra he loves discovering new picture books with his friend LeVar Burton whom he knows from TV Ezra's friend LeVar always has a book to share From playing in the snow to decorating eggs to eating pancakes with Paul Bunyan Ezra and LeVar explore all different kinds of stories Through imaginative play they discover new worlds learn to be curious and revel in reading One day young Ezra meets LeVar Burton in real life Soon afterward Ezra discovers that his friends know LeVar from TV too This joyous celebration of the impact that LeVar Burton had on kids during his years on television stems from the author's real life admiration of LeVar Burton and their chance meeting when Ezra was a child [How to Talk to Bears](#), 1997 [Essentials of Integrating the Language Arts](#) David Yellin, 2017-05-12 B 11 Sports Books *Video Source Book*, 2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction
