**Staging Early Modern Romance** Mary Ellen Lamb, Valerie Wayne, 2009-01-13 This collection recovers the continuities between three forms of romance that have often been separated from one another in critical discourse: early modern prose fiction, the dramatic romances staged in England during the 1570s and 1580s, and Shakespeare's late plays. Although *Pericles*, *Cymbeline*, *Winter's Tale*, and *The Tempest* have long been characterized as romances, their connections with the popular prose romances of their day and the dramatic romances that preceded them have frequently been overlooked. Constructed to explore those connections, this volume includes original essays that relate at least one prose or dramatic romance to an English play written from 1570 to 1630. The introduction explores the use of the term dramatic romance over several centuries and the commercial association between print culture, gender, and drama. Eight essays discuss Shakespeare's plays; three more examine plays by Beaumont Fletcher and Massinger. Other authors treated at some length include Boccaccio, Christine de Pizan, Chaucer, Sidney, Greene, Lodge, and Wroth. Barbara Mowat's afterword considers Shakespeare's use of Greek romance. Written by foremost scholars of Shakespeare and early modern prose fiction, this book explores the vital cross currents that occurred between narrative and dramatic forms of Greek, medieval, and early modern romance.

**Romances of the Archive in Contemporary British Fiction** Suzanne Keen, 2003-01-01 A detailed examination of the growing genre of British fiction featuring archives and archival research, from A.S. Byatt's Booker Prize-winning *Possession* to the paperback thrillers of popular novelists.

*Novels, Readers, and Reviewers* Nina Baym, 1984 This book describes and characterizes responses of American readers to fiction in the generation before the Civil War It is based on close examination of the reviews of all novels both American and European that appeared in major American periodicals during the years 1840 1860 a period in which magazines novels and novel reviews all proliferated Nina Baym makes use of the reviews to gain information about the formal aesthetic and moral expectations of reviewers Her major conclusion is that the accepted view about the American novel before the Civil War the view that the atmosphere in America was hostile to fiction is a myth There is compelling evidence she shows for the existence of a veritable novel industry and concomitantly a vast audience for fiction in the 1840s and 1850s

Three romances of Eastern conquest Ladan Niayesh, 2018-11-07 This volume brings together three little known works by key playwrights from the late sixteenth century golden age of English drama All three convey the public theatre's fascination with travel and adventure through the popular genre of heroic romance while reflecting the contemporaries wide range of responses to cross cultural contacts with the Muslim East and the Mediterranean challenges posed by the Ottoman empire The volume presents the first modern spelling editions of the three plays with extensive

annotations catering for specialised scholars while also making the texts accessible to students and theatre goers A detailed introduction discusses issues of authorship dates and sources and sets the plays in their historical and cultural contexts offering exciting insights on Elizabethan performance strategies printing practices and the circulation of knowledge and stereotypes related to ethnic and religious difference

### **Narrative Developments from Chaucer to Defoe** Gerd

Bayer,Ebbe Klitgard,2011-02-22 This collection analyzes how narrative technique developed from the late Middle Ages to the beginning of the 18th century Taking Chaucer s influential Middle English works as the starting point the original essays in this volume explore diverse aspects of the formation of early modern prose narratives Essays focus on how a sense of selfness or subjectivity begins to establish itself in various narratives thus providing a necessary requirement for the individuality that dominates later novels Other contributors investigate how forms of intertextuality inscribe early modern prose within previous traditions of literary writing A group of chapters presents the process of genre making as taking place both within the confines of the texts proper but also within paratextual features and through the rationale behind cataloguing systems A final group of essays takes the implicit notion of the growing realism of early modern prose narrative to task by investigating the various social discourses that feature ever more strongly within the social commercial or religious dimensions of those texts The book addresses a wide range of literary figures such as Chaucer Wroth Greene Sidney Deloney Pepys Behn and Defoe Written by an international group of scholars it investigates the transformations of narrative form from medieval times through the Renaissance and the early modern period and into the eighteenth century

**Romances of Free Trade** Ayse Celikkol, 2011-08-03 Exploring works by Walter Scott Harriet Martineau Charlotte Bront Charles Dickens and their lesser known contemporaries *Romances of Free Trade* historicizes globalization as it traces the perception of dissolving borders and declining national sovereignty back into the nineteenth century The book offers a new account of the cultural work of romance in nineteenth century Britain elikkol argues that novelists and playwrights employed this genre to represent a radically new historical formation the emergence of a globalized free market economy In previous centuries the British state had pursued an economic policy that chose domestic goods over foreign ones Through the first half of the nineteenth century liberal economists maintained that commodity traffic across national borders should move outside the purview of the state a position and practice that began to take hold as the century progressed Amid the transformation Britons pondered the vertiginous effects of rapidly accelerating economic circulation Would patriotic attachment to the homeland dissolve along with the preference for domestic goods How would the nation and the empire fare if commerce became uncontrollable The literary genre of romance characterized by protagonists who drift in lawless spaces played a meaningful role in addressing such pressing questions From the figure of the smuggler to the episodic plot structure romance elements in fiction and drama narrated and made tangible the sprawling global markets and fluid capital that were reshaping the world In addition to clear eyed close readings of nineteenth century novels and plays elikkol draws on the era s major economic theorists figures like Adam Smith and Thomas Malthus to vividly illustrate the manifold ways the romance genre engaged with these emerging financial changes

*Doubled Plots* Susan Strehle, Mary Paniccia Carden, 2003 In this collection of essays however the writers challenge these basic assumptions and consider the two as parallel and as reflections of each other Looking closely at specific narratives they argue that romance and history share expectations and purposes and create the metaphors that can either hold cultures and institutions together or drive them apart The writers explore the internal contradictions of both genres as seen in works in which the elements of both romance and history are present The theme that flows throughout this collection is that romance literature and art frequently engage with or comment on actual historical events or histories Jacket
