larger social order Shakespeare was interested in such women s plight how they were lost and where they might have gone Characters like Shakespeare's Cordelia and Perdita Rosalind and Celia constitute a collection of figures related to the mythical Persephone who famously returns to her mother and the earth each spring only to withdraw from the world each winter when she is recalled to the underworld That women s place is far from home has received little attention from literary scholars however and the story of their fraught relation to domestic space or success outside its bounds is one that hasn t been told Women and Mobility investigates the ways Shakespeare's plays link female characters agency with their mobility and thus represent women s ties to the household as less important than their connections to the larger world outside Female migration is crucial to ideas about what early modern communities must retain and expel in order to carve a shared history identity and moral framework and in portraying women as sometime daughters who frequently renounce fathers and homelands or queens elsewhere whose links to faraway places are vital to the rebuilding of homes and kingdoms Shakespeare also depicts global space as shared space and the moral world as an international one Dangerous Women Elaine H. Kim, Chungmoo Choi, 2012-11-12 Dangerous Women addresses the themes of Korean nationalism and gender construction as well as various issues related to the colonialization and decolonialization of the Korean nation The contributors explore the troubled category of woman placing it in the specific context of a marginalized and colonized nation But Korean women are not merely configured here as metaphors for an emasculated and infantilized homeland they are also shown to be products of a problematic gender construction that originates in Korea and extends even today to Korean communities beyond Asia Representations of Korean women still attempt to confine them to the status of either mother or prostitute Dangerous Women rectifies that construction offering a feminist intervention that might recuperate womanhood
