This sound interpretation of Vietnamese cultural attitudes contends that a major reason for American difficulties in Viet Nam has been the failure to appreciate how wide the gulf is between Viet Nam and the West Professor Smith first describes Vietnamese political and social traditions and shows how they were challenged by the West after 1858 He examines Viet Nam's search for independence and modernization in the first half of this century contrasts the two governments of the partitioned country during the years 1954 1963 and stresses the critical need to reassess attitudes toward Viet Nam His sophisticated ambitious survey of Viet Nam history will have a lasting value that sets it apart from the scores of ephemeral books on this country

Political Authority and Provincial Identity in Thailand Yoshinori Nishizaki,2018-08-06 The powerful Thai politician Banharn Silpa archa has been disparaged as a corrupt operator who for years channeled excessive state funds into developing his own rural province This book reinterprets Banharm's career and offers a detailed portrait of the voters who support him Relying on extensive interviews the author shows how Banharm's constituents have developed a strong

provincial identity based on their pride in his advancement of their province Suphanburi which many now call Banharm buri the place of Banharm Yoshinori Nishizaki's analysis challenges simplistic perceptions of rural Thai voters and raises vital questions about contemporary democracy in Thailand Yoshinori Nishizaki's close and thorough examination of the numerous public construction projects sponsored and even personally funded by Banharn clearly illustrates this politician's canny abilities and tireless meticulous oversight of his domain Banharn's constituents are aware that Suphanburi was long considered a backward province by other Thais notably the Bangkok elite Suphanburians hold the neglectful central government responsible for their province's former sorry condition and humiliating reputation Banharn has successfully identified himself as the antithesis to the inefficient central state by promoting rapid development and advertising his own role in that development through well publicized donations public ceremonies and visits to the sites of new buildings and highways Much standard literature on rural politics and society in Thailand and other democratizing countries in Southeast Asia would categorize this politician as a typical strongman the boss of a semiviolent patronage network that squeezes votes out of the people That standard analysis would utterly fail to recognize and understand the grassroots realities of Suphanburi that Nishizaki has captured in his study This compassionate well grounded analysis challenges simplistic perceptions of rural Thai voters and raises vital questions about contemporary democracy in Thailand
