Modern Sequence Dancing For All

Sir Rod Aldridge

Modern Sequence Dancing For All:

Modern Sequence Dancing for All Thomas Alan Whitworth,1994-01-01 As a guide to the theory and practice of modern and old time sequence dancing this book aims to answer some of the questions asked by newcomers and more experienced dancers The aim is not so much to teach dancing but rather to aid the instructor by providing material that can be studied away from the dance floor

Dance Words Valerie Preston-Dunlop,2016-01-28 In her unique collection of the verbal language of dance practitioners and researchers Valerie Preston Dunlop presents a comprehensive view of people in dance what they do their movement their sound and the space in which they work from the standpoint of the performers choreographers audiences administrators and teachers The words and phrases of their technical and vernacular languages which are used to communicate what is essentially a non verbal activity have been collected in rehearsal classes and workshops by interviews and from published sources In this first collection of its kind Valerie Preston Dunlop extends her selection of verbal language to include the various social and theatrical domains of dance

Older Widows and the Life Course Pat Chambers,2018-01-18 Later life widowhood is the expectation of most older wives since statistically women live longer than men and tend to marry men older than themselves Despite this there has been little coverage of the complexities of later life widowhood In this book Pat Chambers redresses this balance combining an analysis of the literature that does exist with qualitative research amongst older widows The research reveals a multi faceted experience of later life widowhood Older widows life stories challenge the dominant public narrative of misery and decline pointing instead to a complexity of experience which is rooted in personal biography and the female life course rather than in later life widowhood itself Chambers develops the concept of multiple narratives as a way of uncovering the complex but often hidden lives of older widows Without such an understanding she argues it is all too easy to subscribe to the powerfully dominant public narrative and thus to misinterpret older widows current needs and aspirations This is an engaging and original study of a key topic for gerontological research and will be of great interest to sociologists and social policy scholars who study ageing and the life course

The Body, Dance and Cultural Theory Helen Thomas,2017-03-14 This book takes its point of departure from the overwhelming interest in theories of the body and performativity in sociology and cultural studies in recent years It explores a variety of ways of looking at dance as a social and artistic bodily practice as a means of generating insights into the politics of identity and difference as they are situated and traced through representations of the body and bodily practices These issues are addressed through a series of case studies

Just Jill Jill Allen-King

OBE,2011-11-22 Just Jill is an inspirational and moving account of one woman's triumph over adversity and how she used her own experience of disability to benefit others. When she was growing up during the 1940s very few people were aware that Jill Allen King had lost one eye as the result of measles when she was a baby. Her disability was a taboo subject and she attended a normal school, progressed to catering college and secured employment as a cook. However, tragedy struck for the second time when glaucoma rendered her completely blind at the age of 24 on what should have been one of the happiest occasions of her life, her wedding day. For the next seven years, Jill barely left the house, too scared to go outside unaccompanied and afraid that she would never again be able to participate in the activities she loved, such as dancing. The birth of her daughter, Jacqueline, gave her renewed purpose but could not give her back the thing she desperately needed: her independence. It was only when Jill got her first guide dog that she began to rediscover the world outside her front door and take those first giant steps towards regaining her confidence and freedom. Jill's autobiography charts her journey from partially sighted child to totally blind adult and beyond, a process of readjusting and learning through grit and determination, and then using her knowledge and experience to do everything in her power to help others and to campaign for reforms to secure a safer, fairer and more disability-aware environment. It is a story that will provide encouragement to those that are struggling to cope with disabilities and also educate people from all spheres of life about the challenges and needs of disabled people. At the age of 70, Jill continues to fight for the cause and hopefully her story will inspire others to take up the baton.

Ballroom Dancing Year Book, 1984

Dancing Through the Decades Yvonne Wright, 2024-11-28 Yvonne Wright attended a ballroom dancing class with her friend at the age of 11 where she became captivated with dance. Learning to dance led her to become a competitor where she later qualified as a ballroom dancing teacher, which allowed her self-worth, self-confidence and social skills to grow. This unique book gives readers an insight into how popular music since the 1960s has affected how we dance. It also explores how dance impacts positively on our physical health and mental well-being and includes quotes from social dancers running through the narrative. It has information about the various styles of dance and details of organisations who can help you find an appropriate dance class near you. *Dancing Through the Decades* tells the fascinating story of how an extremely introverted, dyslexic, working-class girl with no self-esteem grew into a confident adult who not only ran her own dancing school for thirty years but who also earned a Bachelor of Education, a Master of Business Administration and gained a National Professional Qualification for Headship. Yvonne became a confident public speaker who sat on a national advisory board for Special Educational Needs and is in the process of publishing a series of podcasts titled *Dancing Through the Decade*.
