Modern Pentathlon A Centenary History 1912 2012:

Modern Pentathlon a Centenary History Andy Archibald, 2012-03 On an August evening in 2012 crowds of eager fans will witness the conclusion of the Modern Pentathlon competition in Greenwich Park's Olympic stadium The sport has been the ultimate test of the best all round sportsman in the Olympic Games for exactly one hundred years Great Britain is the only country in the world to have been represented at every Olympic competition In *Modern Pentathlon a Centenary History* Andy Archibald tracks the changes in a sport dreamed up by Olympic founder Baron de Coubertin from its military origins to the sport for the superfit it is today Sport, War and Society in Australia and New Zealand Martin Crotty, Robert Hess, 2018-02-02 Sport and war have been closely linked in Australian and New Zealand society since the nineteenth century Sport has variously been advocated as appropriate training for war lambasted as a distraction from the war effort and resorted to as an escape from wartime trials and tribulations War has limited the fortunes of some sporting codes and some individuals while others have blossomed in the changed circumstances The chapters in this book range widely over the broad subject of Australian and New Zealand sport and their relation to the cataclysmic world wars of the first half of the twentieth century They examine the mythology of the links between sport and war sporting codes groups of sporting individuals and individual sportspeople Revealing complex and often unpredictable effects of total wars upon individuals and social groups which as always created chaos and the sporting field offered no exception This book was originally published as a special issue of the *International Journal of the History of Sport* London, Europe and the Olympic Games Thierry Terret, 2015-10-14 London hosted the Olympic Games for the third time in 2012 a mega event where the political economic and social expectations could hardly be compared with the previous London Games of 1908 and 1948 In addition the Olympic Games went back to Europe in 2012 after a long period where apart from Athens in 2004 they were held by cities in other continents In London the world watched the Games Continental Europe however generated a particular attitude based on the special relations it had developed historically with England At the crossing point of history cultural studies and geopolitics this book provides new insights on the significance of the Olympic Games It considers that the Games are the right window to look at both the past and the current relations between England and its closest continental neighbours It will be ideal for students and academics working in sport sciences cultural history political science and European studies amateur and professional sports historians Olympic followers and experts in Olympic studies This book was published as a special issue of the *International Journal of the History of Sport* **Von spielenden Soldaten und kämpfenden Athleten** Sandra Heck, 2013-12-11 Die nationalistische Stimmung die in Europa Ende des 19 Jahrhunderts vorherrschte gab Raum für die Geburt eines Wettkampfs der sowohl sportlichen als auch militärischen Nutzen versprach 1912 feierte der Moderne Fnfkampf in Stockholm sein olympisches Debüt und blieb mehr als 100 Jahre olympisch Die Ursprünge der Sportart die bis in die zweite Hälfte des 19 Jahrhunderts zurückreichen sind aber bislang ununtersucht geblieben Diese Lücke schließt der Band
