Christian Chronicles Beverly Hollandbeck,2008 **Decisions of the United States Merit Systems Protection Board** United States. Merit Systems Protection Board,1980 *Lesbian and Gay Richmond* Beth Marschak,Alex Lorch,2008

The history of lesbian gay bisexual and transgender LGBT people in Richmond Virginia invokes a rich but uncelebrated past From the first recorded sodomy prosecution in America in 1624 to the fight to repeal the crimes against nature laws LGBTs have left their imprint on almost 400 years of history in the Old Dominion s capital Lesbian and Gay Richmond presents a photographic showcase of the events people and places that have been a part of this history There are snapshots from the 1920s and 1930s when avant garde and gay authors caroused and shared ideas in private homes Previously untold stories from the post World War II era tell of the rise of the gay cafAA c s in Richmond and the subsequent attempts by the authorities to shut their doors Much like larger cities to the north and west of Richmond the attempts to close these bars led to the first public protests in the late 1960s Other images show how Richmond has a unique story to lend to the larger national LGBT history All Along the Watchtower William J. Craig,2022-06-07 The controversy around the case of a former Green Beret s murder of his wife shows the lengths the government will go to to keep its secrets hidden It was a dreary winter afternoon in Ayer Massachusetts a quintessential New England town the type which is romanticized in Robert Frost s poems But on January 30 1979 a woman s scream was heard piercing the northeast tempest wind In an unassuming apartment building on Washington Street Elaine Tyree a mother wife and US Army soldier had her life brutally ripped from her Her husband William Tyree a Special Forces soldier was convicted of this heinous murder which he has always vehemently denied Some elements of this case seem to be chilling echoes of the Jeffrey MacDonald case made famous in the book and film Fatal Vision A military doctor and US Army Captain MacDonald was convicted of murdering his pregnant wife and two daughters but always maintained his innocence As in the MacDonald case the case against William Tyree raises questions as to whether the government and military suppressed evidence that could prove his innocence The Tyree case sent a shockwave through the idyllic community of Ayer the United States Army and the judicial system of Massachusetts This case provoked suspicions of judicial misconduct government cover up clandestine Black Ops by the military and various conspiracy theories ultimately implicating Deep State involvement The events that took place that fateful day the subsequent courtroom showdown and the ongoing legal battles raise provocative questions that continue to revolve around this case to this day *Decisions and Orders of the National Labor Relations Board* United States. Palestinian Political Discourse Emile Badarin,2016-04-28 A great deal of political and academic responses to the Israel Palestine conflict have construed the Palestinians as an object of Western and Israeli discourses rather than their own Palestinian discourse This has hindered understanding of the internal mechanisms involved in the production of the Palestinian conditions Palestinian Political Discourse presents an in depth examination of Palestinian political discourse since

an Nakba in 1948 and stitches together the underlying mechanisms and rules that have shaped Palestinian politics in turn synthesizing interpreting and scrutinizing these rules Studying the question of Palestine discursively offers new ways to rethink political agency structures identity institutions and power relations while interpreting Palestinian actions This book adds new understanding to Palestinian political agency by explaining how political actions were constructed Discourse analysis methodology underlies the critical examination of the genealogy of concepts and frames that have oriented Palestinian political thought Contrary to established views that ascribe shifts in Palestinian politics primarily to external factors and international changes this book demonstrates how transformation has been a continuing inbuilt feature within the discursive regime and that dramatic shifts were only effects of much deeper slowly evolving changes Examining discourse and thus language offers an exceptional possibility to see from the Palestinian perspective As such this book provides material vital to the deeper interpretation of the Palestinian question It will be a valuable resource for students and scholars of Israel Palestine studies Middle East studies and discourse analysis
