The Collected Works of Ambrose Bierce Ambrose Bierce,2019-09-25
Reproduction of the original The Collected Works of Ambrose Bierce by Ambrose Bierce [Writing-between-Worlds](#) Ottmar Ette,2016-02-22 This book proposes that there is no better no more complex way to access a community a society an era and its cultures than through literature For millennia literature from a wide variety of geocultural areas has gathered knowledge

about life about survival and about living together without either falling into discursive or disciplinary specializations or functioning as a regulatory mechanism for cultural knowledge Literature is able to offer its readers knowledge through direct participation in the form of step by step intellectual and affective experiences Through this ability it can reach and affect audiences across great spatial and temporal distances Literature what different times and cultures have been able to understand as such in a broad sense has always been characterized by its transareal and transcultural origins and effects It is the product of many logics and it teaches us to think polylogically rather than monologically Literature is an experiment in living and living in a state of experimentation About the author Ottmar Ette has been Chair of Romance Literature at the University of Potsdam Germany since 1995 He is Honorary Member of the Modern Language Association of America MLA elected in 2014 member of the Berlin Brandenburg Academy of Sciences and Humanities elected in 2013 and regular member of the Academia Europaea since 2010

Global Migrancy and Diasporic Memory in the work of Salman Rushdie Stephen J. Bell, 2020-10-14 *Global Migrancy and Diasporic Memory in the Work of Salman Rushdie* examines Salman Rushdie's major works for the ways that they consistently affirm

the power of memory to construct a concrete rooted identity for characters and nation states despite the prerogative of migrants to translate themselves into new creations through a dismissal of the weight of the past Stephen J Bell conducts an in depth comprehensive postcolonial and postmodern analysis of Rushdie s ideas as expressed through the author s work If exile is a dream of glorious return as one of his characters reflects in *The Satanic Verses* few diasporic writers living today rival Rushdie for the singular inspiration he draws from memories of home and the past So vital is the idea of home and belonging to Rushdie that notwithstanding the frequent charges of his critics that he represents no more than a disconnected cosmopolitan Bell would categorize Rushdie s position as one of centripetal migrancy with centrum center and petere to seek forming the idea of a constant quest for the center Rushdie thus qualifies as the quintessential centripetal migrant whose slippery critical location is balanced Janus faced between the future and the past
