Michael Lee Lanning,1998-07-29 The American sniper could be regarded as the greatest all around rifleman the world has ever known At the start of the war in Vietnam the United States had no snipers by the end of the war Marine and army precision marksmen had killed more than 10 000 NVA and VC soldiers the equivalent of an entire division at the cost of under 20 000 bullets proving that long range shooters still had a place in the battlefield Now noted military historian Michael Lee Lanning shows how U S snipers in Vietnam combining modern technology in weapons ammunition and telescopes used the experience

and traditions of centuries of expert shooters to perfect their craft To provide insight into the use of American snipers in Vietnam Lanning interviewed men with combat trigger time as well as their instructors the founders of the Marine and U S Army sniper programs and the generals to whom they reported Backed by hard information and firsthand accounts the author demonstrates how the skills these one shot killers honed in the jungles of Vietnam provided an indelible legacy that helped save American lives in Grenada the Gulf War and Somalia and continues to this day with American troops in Bosnia

White,2025-08-05 Finalist 2024 Army Historical Foundation Distinguished Writing Awards a deeply researched and comprehensive book chronicles the battle in great detail including all American and allied units involved and some of the enemy units of the NVA s Sao Vong Yellow Star Division The VVA Veteran Operation Masher White Wing targeted the regiments of the North Vietnamese Army Sao Vang Division operating in the Bong Son area in northeast Binh Dinh Province in central South Vietnam The operation started on January 24 1966 immediately after the Vietnamese New Year Tet and

ended six weeks later It was led by newly promoted Colonel Harold G Moore who as a lieutenant colonel commanded the 1st Battalion 7th Cavalry in the battle of Landing Zone X Ray in the Ia Drang Valley two months earlier In 41 days of sustained fighting the 1st Cav battled each of the three regiments of the Sao Vang Division resulting in enemy losses of more than 3 000 KIA This came at the cost of 199 Americans killed on the battlefield and 46 more who died in the crash of a U S Air Force C 123 aircraft en route to the battlefield making it one of the deadliest battles of the entire Vietnam War Operation Masher White Wing was a success The 1st Cav demonstrated that it had the firepower mobility and leadership to find the enemy and deliver a severe blow to it in terms of personnel and equipment losses and in forced evacuation from formerly secure base areas seemingly proving the value of the search and destroy strategy However within a few weeks intelligence reports indicated that North Vietnamese soldiers were returning to the Bong Son area in small groups By late April the Sao Vang Division was back in the area in force Operation Masher White Wing proved to be the start of a very long and deadly struggle between the 1st Cav and North Vietnamese for control of Binh Dinh Province multiple search destroy operations eventually resulted in more than 9 000 enemy KIA and 2 358 enemy detained with friendly losses of more than 1 200 KIA 5 775 WIA and 27 MIA While Masher White Wing demonstrated that search destroy operations were very effective at the tactical level but without a high level strategy to stop the unabated flow of fresh Communist troops and supplies into South Vietnam it wasn't clear just how they contributed to overall victory At the start of 1968 General Westmoreland ordered the 1st Cav to terminate its operations in the Bong Son area bringing the battle to a close
