## **Nightmare On Iwo Jima A Marine In Combat Fire Ant S:**

**Nightmare on Iwo Jima** Patrick F. Caruso, 2007-10-07 On February 19 1945 the 4th and 5th Marine Divisions stormed ashore from a naval support force Among them was green young lieutenant Pat Caruso who became de facto company commander when the five officers ranking him were killed or wounded He led his rapidly diminishing force steadily forward for the next few days when a day's gains were measured in yards Caruso was eventually wounded himself and was evacuated Realizing that the heroism of his comrades would be lost by the decimation of his unit Caruso latched onto any paper he could find and filled every blank space with his memory of the fighting This edition has a new foreword and index boasts nine new photographs and a map of the action It resumes its place as a classic account of the experience of being in close direct and constant contact with a determined enemy at close quarters Many did not survive those who did were changed forever

**The Ghosts of Iwo Jima** Robert S. Burrell, 2011-11-07 In February 1945 some 80 000 U S Marines attacked the heavily defended fortress that the Japanese had constructed on the tiny Pacific island of Iwo Jima Leaders of the Army Air Forces said they needed the airfields there to provide fighter escort for their B 29 bombers At the cost of 28 000 American casualties the 3rd 4th and 5th Marine Divisions dutifully conquered this desolate piece of hell with a determination and sacrifice that have become legendary in the annals of war immortalized in the photograph of six Marines raising the American flag on Mount Suribachi But the Army Air Forces fighter operations on Iwo Jima subsequently proved both unproductive and unnecessary After the fact a number of other justifications were generated to rationalize this tragically expensive battle Ultimately misleading statistics were presented to contend that the number of lives saved by B 29 emergency landings on Iwo Jima outweighed the cost of its capture In *The Ghosts of Iwo Jima* Captain Robert S Burrell masterfully reconsiders the costs of taking Iwo Jima and its role in the war effort His thought provoking analysis also highlights the greater contribution of Iwo Jima's valiant dead They inspired a reverence for the Marine Corps that proved critical to its institutional survival and its embodiment of American national spirit From the 7th War Loan Campaign of 1945 through the flag raising at Ground Zero in 2001 the immortal image of Iwo Jima has become a symbol of American patriotism itself Burrell's searching account of this fabled island conflict will advance our understanding of World War II and its continuing legacy for the twenty first century At last the battle's ghosts may unveil its ultimate and most crucial lessons

**Closing In: Marines in the Seizure of Iwo Jima** Joseph H. Onto the Black Shores of Hell: the Battle for Iwo Jima Peter Doornekamp,2017-04-23 On 19 February 1945 thousands of Marines landed on the black shores of a tiny volcanic island in the Pacific The fight that was supposed to take 3 days lasted well over a month It was the only battle in which the Marine Corps suffered more casualties than the Japanese In just over a month of fighting 27 Medals of Honor were awarded and only 216 of the 22 000 Japanese defenders surrendered Three United States Marines share their personal experiences from boot camp to the shores of Iwo Jima through a largely day by day account interwoven with historical background information

*Marines In World War II - Iwo Jima: Amphibious Epic [Illustrated Edition]* Lt. Col. Whitman S. Bartley USMC,2014-08-15 On the 19th Feb 1945 the first Marines landed on Iwo Jima the first enemy troops to invade Japanese home territory many of those brave soldiers would never leave the black volcanic sands again as they fought and died in the U S Marine Corps toughest ever battle Contains 100 photos and 26 maps and charts The assault on Iwo Jima came as a smashing climax to the 16 month drive that carried the amphibious forces of the U S across the Central Pacific to within 660 miles of Tokyo Striking first at Tarawa in November 1943 American forces had swept rapidly westward seizing only those islands essential for support of future operations Many powerful enemy strongholds were bypassed and neutralized By the fall of 1944 the small but heavily fortified island of Iwo Jima lying midway between the Marianas and the heart of the Japanese Empire had assumed such strategic importance that its rapid seizure became imperative Neutralization would not suffice Iwo must become an operational U S base At Iwo Jima the amphibious doctrines techniques weapons and equipment which had proven so effective during the three previous years of World War II received the supreme test On that island more than 20 000 well disposed and deeply entrenched Japanese troops conducted an intelligent and dogged defense There more than anywhere else in the Central Pacific terrain and enemy defense preparations combined to limit the effectiveness of American supporting arms placing a premium on the skill and aggressive fighting spirit of the individual Marine There can be no more fitting tribute than the well known words of Admiral Chester W Nimitz Among the Americans who served on Iwo Island uncommon valor was a common virtue Lemuel C Shepherd Jr General U S M C

survived The Marines efforts secured what would become a vital emergency landing strip for crippled B 29s returning from bombing runs Twenty seven Medals of Honor were awarded to Marines and sailors many posthumously more than were awarded for any other single operation during the war Jim Craig was a platoon commander with the Marines on Iwo Jima This book presents his story as told to his nephew John C Shively A particularly vivid and exciting account of some of the most intense fighting of the Pacific War the immediacy of the story is heightened by the detail that Shively s research has added to Craig s recollections The result is one of the most realistic depictions of combat ever written
