The SAGES Manual Operating Through the Endoscope Matthew Kroh,Salvatore Docimo Jr.,Sofiane El Djouzi,Amber Shada,Kevin M. Reavis,2023-03-13 In 2016 the first edition of the SAGES Manual Operating through the Endoscope was published At the time this represented a review of cutting edge new technologies that were being introduced within the field of flexible endoscopy Largely based on applications and data up to 2013 this served as a unique resource for clinicians and researchers to learn about this expanding field Since then there has been a significant expansion of new technologies and procedures within this discipline that have meaningfully changed this entire sub specialty In addition large numbers of high quality data have emerged that support more heartily the safety and efficacy of these techniques Major international societies now routinely include hands on training and scientific content of this field in meetings and educational efforts and many trainees and practitioners are looking for resources to improve their knowledge and technical skills sets For these reasons an update on this rapidly advancing field seems appropriate at this time given the enormous amount of new content available Endoscopic surgical procedures allow for less invasive access for performing increasingly complex procedures This results in maximal benefit for patients with fewer complications faster recovery and less pain Endoscopy allows access to the gastrointestinal tract without transgressing the abdominal or chest walls by means of a truly less invasive route These technologies and skills are being sought out by practitioners and asked for by patients The proposed textbook is designed to present a comprehensive and state of the art approach to the diverse applications of surgical techniques and procedures through the endoscopic platform Written by experts and emerging specialists in that field each of these sections will address patient selection pre operative considerations technical conduct of the most common operations and avoiding complications A review of the existing literature addressing the particular topic will follow in each section Extensive endoscopic images and illustrations will make this an interactive text In addition to updates on most topics in the previous manual this edition will include exciting new fields of advanced imaging artificial intelligence and augmented imaging applications of robotics to endoscopy and more robust exposure of endoscopic applications for treatment of obesity a worldwide epidemic The subject of surgical endoscopy has changed meaningfully since

publication of the first edition now a substantial focus of major journals scientific meetings and online platforms A timely update can capture this broad subject in an accessible manual focused on technologies and data supporting these interventions Customs Issuance System Index U.S. Customs Service. Meynecke, Hector M. Guzman, Eduardo Secchi, Solène Derville, Russell Richards, 2024-01-03 **The Resurrection as a Messianic Anticipation** Carlos Mendoza-Álvarez, 2024-06-12 One of the temptations of the preacher is to make all conversations about grace too nice But a true preacher of grace like Carlos knows that this does not help people grow in faith at all In this book Carlos continues his ambitious multi volume quest to make it possible to live the Christian faith authentically without either dumbing down our intelligence or forcing us into a Stockholm syndrome of speaking well while tamping down the realities through which we are really living Hence Carlos has put his nets deep into the life experiences of different groups of those who have lost of those for whom the outrage of death is a constant reality and who have had to learn a new language in order to speak at all All this is in service of giving us a sense of how much of a shake up truly theological faith in the resurrection is when it is discovered on the inside by those who have found themselves caught up in an archaic uprising of hope I learned much from this book James Alison priest and theologian Feast of St Dominic 2024 The Resurrection as a Messianic Anticipation signals the road ahead for political and liberation theologies We can and must place our hope in the resurrection even as the world around us continues to collapse as the specter of global violence escalates and as the body counts mount This prescient scholarly work faces directly the horrors of our time and uncovers a credible theological response among the survivors It is a must read Nancy Pineda Madrid Loyola Marymount University This powerful book calls us to rise up against death and senseless violence It reclaims resurrection as a communal praxis of indomitable life It cries out with the victims of history and remembers their radiant hopes of ecstatic transformation It is revolutionary in the best sense of the word Andrew Prevot author of The Mysticism of Ordinary Life Theology Philosophy and Feminism The first part of a trilogy on the idea of tradition The Resurrection as a Messianic Anticipation proposes a theology of new life from a postmodern and decolonial perspective This investigation of the resurrection's foundational event starts from the analysis of intersubjectivity in our times of extreme violence based on the creative imagination deployed by the systemic victims From this existential background the author offers a creative reading of the Christian faith in the full life of the Crucified One Awoke dialoguing with the reason that arises from the social cultural and spiritual resistances that dismantle the violence produced by patriarchy colonialism and capitalism colluded with sacrificial religion It will be followed by two volumes on the theology of tradition thought as a symbolic resistance and as a political sacramentality of the new world born from the reverse side of hegemonic history where it is possible to listen to the murmur of God thanks to the persons and communities that live the messianic times as a living tradition in constant transformation containing an ethical political and spiritual task for all humanity Carlos Mendoza Alvarez OP is a Mexican theologian He holds a doctorate in Fundamental Theology from the University of Fribourg in Switzerland where he also obtained his habilitation His work proposes a Fundamental Theology where the Phenomenology of Subjectivity Mimetic Theory and Decolonial Thought converge in dialogue with Social Movements from the Global South He is a full professor in the Theology Department at Boston College He has published

eight monographs thirty chapters in collective works and sixty articles in scientific journals His books include a trilogy on the idea of revelation *Deus Liberans* Fribourg 1996 *Deus absconditus* Paris 2011 and *Deus ineffabilis* Barcelona 2015 *The Nordic Voter* Åsa Bengtsson, Kasper M Hansen, Ólafur Þ Harðarson, Hanne Marthe Narud, Henrik Oscarsson, 2024-10-31 The *Nordic Voter* is the first book length comparative analysis of voting behaviour in the five Nordic countries Denmark Finland Norway Sweden and Iceland Leading scholars from national election studies teams present a detailed account of voter turnout party identification satisfaction with democracy preferential voting government support and party choice The five nation study is based on a comparative data set prepared uniquely for this book that allows for comprehensive analysis of the diversity in voting behaviour in the Nordic countries as well as discrepancies between Nordic and non Nordic countries The book counters the widespread tendency for comparative analyses to lump Nordic countries together Its general claim substantiated by a unique and extensive empirical analysis of voter behaviour is that the differences between the Nordic countries are in fact so large in terms of institutional settings and micro level voting behaviour that there is no justification for making general claims about a typical Nordic voter The authors challenge presumptions about remarkable similarities between Nordic voters revealing numerous examples of remarkable dissimilarities between voters in the Nordic countries
