Arts and Creativity in East and Southeast Asian Preschools Alfredo Bautista, 2025-08-20. This book is based on the theoretical notion of glocalization which is understood as the hybridization of global and local perspectives. It brings together contributions from Asian preschool stakeholders specializing in arts and creativity who present glocal pedagogical practices in the art forms of visual arts, music, drama, dance and in multi modal activities that integrate multiple art forms. The chapters provide Asian preschool teachers with insights on how to design, implement and/or evaluate high quality classroom activities. These insights help maximize children's creativity while being realistic and suitable to local preschools as well as aligned with the expectations, values and norms of traditional Asian societies. The chapters are primarily oriented to practice and also include conceptual and/or theoretical elaborations intended to ground and justify teachers' pedagogical choices.
