The cherry flowers give me pain.
Why on their boughs can they not stay?
Why shower the petals down like rain?

One Hundred Frogs Hiroaki Sato,1995-05-02 No other Asian poetic form has so intrigued and beguiled the English speaking world as the Japanese haiku Even before World War I such imagist poets as Ezra Pound Amy Lowell and John Gould Fletcher were experimenting with the form At that time Pound well described the haiku as an intellectual and emotional complex in an instant of time Indeed it is the haiku s sense of immediacy and its precision that continue to appeal to poets and poetry lovers today In recent decades there has been an upsurge of interest in the haiku leading to a number of critical studies of the form studies that have now culminated in the present book This insightful work not only considers the haiku itself but also the extremely important yet often ignored renga or linked verse form out of which the haiku grew No deep understanding of the haiku is possible without familiarity with the renga One

Hundred Frogs begins with a detailed history and description of the renga and haiku. Many renowned Japanese poets, most notably Basho, are represented in the wealth of translated poetry that illustrates the text. To bring this history up to date, a discussion of modern Japanese and Western haiku is included. Next, the author discusses the craft of translating renga and haiku and explores recent developments in the two forms, offering a representative selection of modern works. To reveal the myriad choices open to translators of renga and haiku, the author provides an in-depth analysis of one of Japan's most famous haiku, Basho's poem about a frog in a pond, and presents a compilation of over one hundred translations and variations of the poem. The book closes with short anthologies of English language renga and haiku by contemporary Western poets that offer a tantalizing glimpse of the diversity of expression possible with these two forms. An instructive celebration of the renga and haiku, this volume furnishes a new perspective on the work of some of Japan's outstanding poets of old and lays a foundation for the appreciation of the renga and haiku that are being written today.

One Hundred Poems and the Brain Henry Ryman Miner, 2023-12-19. About the Book: As Henry Ryman Miner began to grow older, he noticed a subtle increase in forgetfulness, like going to another room and forgetting what he came for. He began to undertake various forms of mental exercise in an effort to improve his memory, which led him to engage in the practice of memorizing and reciting favorite and newly discovered poems, a practice that he combined with cycling in the Oakland hills. Gradually, his collection of memorized verse grew to reach one hundred poems. Broken into three parts, Miner first details his process for memorization, explaining in detail his methods and strategies. In part two, he lists all one hundred poems and includes his thoughts on each, reflecting on its place in the chronology of his life. Now familiar with his personal process and poems, Miner, in part three, explains the science behind memory, memorization, and the brain, proving and disproving some of his own methods. In part one, a fascinating read on the realities of memory loss with aging and the power of poetry, Miner's *One Hundred Poems and the Brain* blends science and art into one engaging, thoughtful mental exercise.

Pictures of the Heart Joshua S. Mostow, 1996-01-01. The Hyakunin Isshu or One Hundred Poets, One Poem Each collection is a sequence of one hundred Japanese poems in the tanka form, selected by the famous poet and scholar Fujiwara no Teika (1162-1241) and arranged in part to represent the history of Japanese poetry from the seventh century down to Teika's own day. The anthology is without doubt the most popular and widely known collection of poetry in Japan; a distinction it has maintained for hundreds of years. In this study, Joshua Mostow challenges the idea of a final or authoritative reading of the Hyakunin Isshu and presents a refreshing, persuasive case for a reception history of this seminal work. In addition to providing a new translation of this classic text and biographical information on each poet, Mostow examines issues relating to text and image that are central to the Japanese arts from the Heian into the early modern period. By using Edo period woodblock illustrations as

pictorializations of the poems as pictures of the heart or meaning of the poems text and image are pieced together in a holistic approach that will stand as a model for further research in the interrelationship between Japanese visual and verbal art
